@*Question No. 45. **Senator Chaudhary Tanvir Khan:**
(Notice received on 20-09-2016 at 09:00 a.m.)

Will the Minister for Interior and Narcotics Control be pleased to state:

(a) the major sources of funds being used in on going terrorism in the country;

(b) the details of investigations conducted / being conducted to collect information about the said funds; and

(c) the steps being taken by the government to eliminate the sources of the said funds?

Chaudhry Nisar Ali Khan: (a) It is difficult to pinpoint with 100% accuracy the source of such funds. However, some of the generally perceived sources are:—

(a) Bhatta collection.

(b) Certain foreign intelligence agencies also fund groups in Pakistan to create instability.

@ Deferred from 11th January,2017.

(c) Militants are known to extort funds from drug dealers and producers operating in areas straddling Pak-Afghan border.

(b) The following number of relevant cases are under investigation in the Provinces.

i. Cases registered under Foreign Exchange Regulation Act (FERA) — 498

ii. Cases registered under Anti Money Laundering (AML) 2016 — 230

iii. Cases registered as Suspicious Transaction Reports (STRs) from Financial Monitoring Unit (FMU) — 116.

(c) The steps being taken by the Government to eliminate the sources of said funds are given at **annex-A.**

ANNEX-A

STEPS BEING TAKEN BY THE GOVERNMENT

Following steps have been taken by the Government to eliminate sources of funds for terrorists:

1. Government of Pakistan has signed to the International Convention on the Suppression of Financing of Terrorism adopted by the General Assembly of the United Nations in resolution 54/109 of 09 December 1999.

2. In order to strengthen the anti-terrorist regime specially with a focus to choke terrorist funding sources, amendments in the ATA 1997 have been introduced in March 2013 and in June, 2014 respectively, to make the law more effective and harmonized with international best practices. Rules under ATA 1997 for freezing of assets of terrorist have been framed and are with Law and Justice Division for final vetting.

3. Government has so far proscribed 62 organizations under provision of ATA 1997.

4. State Bank of Pakistan has issued detailed Regulations to all banks, for strict compliance, regarding Anti money laundering/terrorist financing, in September, 2012. These Regulations are regularly updated by the SBP.

5. Prevention of Electronic Crime Act (PECA) 2016 has been promulgated which makes collection of funds for terrorist organizations through any information system or electronic devices an offence.

6. Anti Money Laundering Act 2010 has been enacted, and, AML Rules, 2008 have also been framed.

7. Financial Monitoring Unit has also been set up which is now fully functional. FMU is regularly sending Suspicious Transactions Reports (STR) and Currency Transaction Reports (CTR) about the suspects to various agencies like FIA, ANF, NAB, FBR, (Directorate General of Intelligence and Investigation) to investigate and take action according to law.

8. Government has chalked out National Action Plan wherein point No. 6 relates to "Choking financing for terrorist and terrorist organizations". NAP is being implemented in letter and spirit.

9. Collection of funds, through donation boxes, for different organizations has been banned. In case of violation, donation boxes one seized and action under the law is taken by local police.

10. In terms of AML Act, 2010 reporting entities are legally bound to send financial intelligence to FMU in all cases where there is a suspicious that funds are related to terrorist activities or terrorist organizations.

11. The Government has recently shared a list of persons placed on Schedule 4th of ATA 1997, along with their CNIC Numbers for freezing of their bank accounts, accordingly the SBP has frozen 4461 bank accounts of 4th Schedules all over Pakistan.

12. SBP has also issued prudential regulations under which bankers are duty bound to exercise Customer Due Diligence (CDD) and Know Your Customer (KYC) obligations without fail and report all Suspicious Transactions to FMU.

13. Designated/proscribed entities and individuals are prohibited from opening of bank accounts and /or availing any facility from any financial institution in Pakistan.

14. Various capacity building programs are regularly arranged for Law Enforcement Agencies to develop and strengthen their skills regarding investigation of financial crimes.

15. Units for countering of terrorism financing have been established under counter terrorist departments of the Provinces.

*****Question No. 184. **Senator Mir Kabeer Ahmed Muhammad Shahi :**
(Notice received on 03-01-2017 at 10:55 a.m.)

Will the Minister for Interior and Narcotics Control be pleased to state whether it is a fact that two out of three water pumping machines installed at Sangjani for provision of water to Islamabad are out of order for a long time and the same have not been repaired or replaced so far, if so, the reasons thereof and the time by which the same will be repaired or replaced?

Chaudhry Nisar Ali Khan: One water pumping motors is out of order since year 2002, the other since November, 2016. These motors and their allied equipments are highly sophisticated which had been specially designed for this Project. Due to their limited use, technical expertise for such types of equipments is rarely available in Pakistan.

A case has been initiated for hiring of Consultant to examine the condition of motors/ equipments, so that options regarding their repair or replacement could be decided.

At present, the adequate quantity of water is being supplied from Sangjani Water Treatment Plant.

*****Question No. 189. **Senator Sirajul Haq:**
(Notice received on 05-01-2017 at 10:00 a.m.)

Will the Minister for Information and Broadcasting be pleased to state:

(a) the ratio of foreign content and programs allowed for telecasting by the private T.V channels in the country and that actually telecasted by them during the last four year with channel wise break up; and

(b) whether it is a fact that PEMRA has been failed to regulate the telecasting of foreign contents and programmes on said channels if so, reasons thereof?

Ms. Marriyum Aurangzeb: (a) In the year 2006, the then Prime Minister chaired a meeting held on Jan. 16, 2006 wherein PEMR A, and M/o I&B were directed to frame rules / parameters in order to allow Pakistani channels a small percentage of Indian commit. The Authority was directed to implement decision

and to submit compliance report. Subsequently, in the same year, the Authority allowed 6% Indian of the overall content to private satellite TV channels as per following break-up:

i. 40% of the 10% (4% of overall) may be English content.

ii. 60% of the 10% (6% of overall) may be Indian or other content.

2. Recently, on 3rd October, 2016, relaying of Indian content on Satellite TV Channels was banned completely by the Authority and it had also been decided that Indian content would only be re-considered to be allowed for broadcast by the private TV channels in Pakistan subject to matching reciprocity by India.

3. Resultantly, other than Indian content, since October, 2016 the channels are allowed to relay a maximum of 10% foreign content of the overall content calculable on the basis of 24 hrs transmission daily.

4. Moreover, PEMRA has established a monitering setup to monitor the transmission of its licensees and identify violations made thereof to initiate corrective action as per law. However, as compared to a total of 114 channels, PEMRA monitoring set-up has a capacity to monitor a maximum of 50 channels only due to limited financial and human resources, with a storage capacity of 3 months broadcast of the said channels. Therefore, spot checks can only be carried out of the channels being monitored.

5. Therefore, provision of requisite data of each licensee broadcast for the last four years is not possible. However, requisite data for the last three months has been prepared and is submitted as **(Annex-I)**. Moreover, detail of action taken against satellite TV channels for airing excessive foreign content from time to time during the last four years is placed at **(Annex-II).**

(b) It is submitted that since the complete ban on Indian Content by the Authority, no STV licensee has violated the proscription with the exception of one channel, namely "Nicklodeon", which was proceeded against as per provisions of PEMRA laws. However, the Hon'ble Sindh High Court granted stay in favour of the channel, which is still in field.

2. As detailed above, the Authority has been quite successful in establishing its writ as since ban on the Indian content. With the only exception of one, no channel has aired Indian content.

3. As regards monitoring of other aspects of the channels, in order to submit a fairer idea of constraints being faced in operation of monitoring wing, following is the breakup of different types of programmes aired by the TV channels:

a. Talk Shows (**31 channels**): approximately 588 Shows weekly and 2352 Shows monthly.

b. Morning Shows (**32 channels**): approx;mately 197 Shows weekly and 788 Shows monthly.

c. Crime Shows (**15 channels**): approximately 37 Shows weekly and 148 Shows monthly.

d. Drama Serials (**27 channels**): approximately 737 Serials weekly and 2984 Shows monthly.

4. It is pertinent to note that immense financial resources are required to upgrade the technical capability of the monitoring wing so as to bring it to the level where it would be possible to effectively monitor all the channels including state of the art software and hardware, in order to be enable effective monitoring of all legal obligations of the channels, which needs cash injection. Request for requisite release of fund has been forwarded to M/o Information, Broadcasting & National Heritage on 13-01-2017. It shall be examined and considered in MOIBNH in terms of Section — 14 of PEMRA Amendment Act — 2007 in consultation with Finance Division.

5. Most importantly, PEMRA laws including its parent law *i.e.* PEMRA Ordinance 2002 as amended by the PEMRA (Amendment) Act 2007, also require some amendments for improvement in establishing the writ of the Authority. Proposed amendments have been forwarded to both the standing Committees on Information Broadcasting and National Heritage.

6. As regards content aired by the licensees including programmes, the Federal Government promulgated a revised Electronic Media (Programmes and Advertisements) Code of Conduct-2015, with mutual consultation of Pakistan Broadcasters Association (PBA). Recently, the PBA has forwarded its suggestions to amend the procedure as regards implementation of the code. PEMRA, in response, has highlighted some aspects of the said proposal, which upon finalization shall also be processed in accordance with the law.

7. PEMRA takes cognizance of violation of the code of conduct by any of its licensee based on reports generated by monitoring wing and proceeds

against them as per provision of PEMRA laws, providing them with opportunity of show-cause, personal hearing and referring the matter to Council of Complaints for appropriate disposal/ recommendation to the Authority. Pertinently, in accordance with the law, all decisions of the Authority can be challenged before the Hon'ble High Courts followed by the Hon'ble Supreme Court.

8. List of actions taken by PEMRA on content aired by the licensees in violation of the Code of Conduct is placed at **Annex-II.**

9. Moreover, in order to solicit public feedback and in order to keep public update of the actions / decisions of the Authority, PEMRA is also utilizing the social media which has proven effective.

(Annexures have been placed on the Table of the House as well as Library.)

ISLAMABAD,
The 18th January, 2017.

AMJED PERVEZ,
Secretary.
