Will the Minister for Interior and Narcotics Control be pleased to state:

- (a) *whether it is a fact that there is an increase in the incidents of car lifting / theft in Islamabad Capital Territory, particularly from the public places and markets, if so, the steps taken by the Government to control the same; and*
- (b) *the number of FIRs registered in the cases of car lifting / theft in the said territory during the last three years and the number of stolen cars recovered in those cases?*

Chaudhry Nisar Ali Khan: (a) The comparative statement since 01-06-2012 to 31-12-2012 and 01-06-2013 to 31-12-2013 regarding registration of cases of car theft in Islamabad alongwith the number of recovered cars and accused arrested in these cases is as under:—

Period	Cars stolen	Recovered	Accused arrested

01-06-2013 to 31-12-2013	440	64	44

The increase in the figures of registered cases of car theft is primarily attributable to present government's policy of free registration of FIRs regarding crime against property (especially car theft). There is a departure from the past practice of non/under registration of reported crimes (*Burking*).

In order to curb the crime and nab the criminals involved in this crime, the following steps have been taken by ICT Police :

- (1) A Mobile Verification System has been introduced whereby the data of all stolen vehicles has been incorporated in a database. The police personnel deployed at various Nakas/patrolling places can check details of any vehicle, through an sms, by entering its (displayed) registration number. This has helped the police in nabbing vehicles with fake registration numbers. Resultantly 124 stolen vehicles have been recovered using this technology/system.
- (2) The vehicle theft and vehicle snatching is a highly organized crime and involvement of General public is crucial in curbing the same. The general public has been requested to install safety alarm system and safety gadgets in their vehicles. Awareness campaign, through beat officers and member of the citizen Security & Vigilance Committee to invite the attention of general public for installation of alarm systems within their vehicles, has been launched to sensitize the public. Pamphlets containing preventive measures/instructions have been distributed amongst the general public.

- (3) Nakas at all important entry and exit points have been established and the officers have been directed to keep an eye over suspicious person/vehicles to prevent car theft. Patrolling has been enhanced and the officers have been directed to conduct surprise checking at various Nakas as a preventive measure.
- (4) People have been asked to park their vehicles inside houses and at parking places when they are out for duty or shopping purpose. They were also advised not to park their vehicles at abandoned places or in the streets particularly at night.
- (5) At peculiar places, *i.e.* FGS Hospital, CDA Hospital, Chairman CDA Office etc., a chit system has been introduced within the parking areas to prevent car theft.
- (6) Police personnel in Civvies have also been deployed in different Sector to keep watch over suspicious persons/vehicles and informers have also been deployed for the same purpose.
- (7) All SHOs were further directed to take preventive action against all the Vagabonds loitering in the areas under section 55/109 Cr.P.C.
- (8) The list of the previous convicts of car theft have been prepared and distributed amongst all quarters concerned to interrogate them during investigation of car theft cases.
- (9) ICT Police is active to apprehend the car lifters while establishing Decoy Plans at different venues of public gatherings frequently.

(b) It is submitted that the breakup of cases of car lifting/theft registered within Islamabad alongwith the number of stolen cars recovered in these cases since 01.01.2011 to 31.12.2013 is as under:—

Year	No. of car stolen	No. of car recovered	No. of accused arrested in car stolen cases
2011	599	119	150
2012	524	82	136
2013	677	66	75
Total	1800	267	361
