Member (P&D) briefed the board that the Master Plan of Islamabad prepared by the international consultants Doxiadis Associates was approved by the Federal in its meeting held on 26<sup>th</sup> October 1960 and CDA started its implementation under the provisions of CDA Ordinance 1960. This Master Plan was supposed to be revised after every 20 years, but previous governments failed to approve the revisions that resulted in poor and haphazard construction. 2. The Honorable Islamabad High Court in its judgment in W.P.676 of 2017 in July 2018 directed the Federal Government to forthwith take steps of constituting a Commission, inter alia, of professional experts, preferably of international repute, in the field of town planning, environmental management and finance. The Commission shall make recommendations to the Federal Government. The terms of reference shall also be formulated by experts. The Chief Commissioner is directed to aid and assist the Authority in ensuring that no building or house is constructed in any area of Islamabad. No illegal building or construction shall be regularized unless the Federal Government certifies, pursuant to recommendations made by the Commission that it shall not in any manner adversely affect the environment or have adverse effects relating to climate change.

3. In order to comply with the orders of Islamabad High Court issued in WP No.676 of 2017, the matter was placed before the government and the Federal Cabinet constituted the Federal Commission under Martial Law Regulation No. 82 and Ministry of Interior issued notification of the Commission vide no.
