STATEMENT OF OBJECTS AND REASONS

There is a strong realization that urban and rural areas of Islamabad Capital Territory have been receiving disproportionate financial resources in disregard to the local needs. This inequitable allocation of resources had led to inefficiencies in local governance and effective delivery of services. Moreover delivery of municipal services, both in urban and rural areas of ICT, requires targeted focus to identify local needs and to meet them in accordance with inviolable right guaranteed to the people by the Constitution of the Islamic Republic of Pakistan. In line with the manifesto of the government, it has been decided to devolve political power and decentralize administrative and financial authority to accountable local government in ICT for effective delivery of public services at grass roots level.

2. The Bill is designed to achieve the aforesaid object.
