## **PROPOSALS OF MEMBERS OF THE SENATE FOR THE BUDGET** **YEAR 2021-22**

### **1) Senator Hidayat Ullah**

1. I would like to propose withholding tax reduction on Health Care Sector from 8% to 3% as reduced in the following Sectors:-

### **2) RECOMMENDATIONS ON BEHALF JUI (PAKISTAN)**

**Senator Maulana Abdul Ghafoor Haidri**  
**Senator Maulana Faiz Muhammad**

**Senator Maulana Atta ur Rehman**  
**Senator Kamran Murtaza**

1. While submitting recommendations on behalf of JUI Pakistan it is pertinent to raise certain objections on filing of these recommendations:-

1. Article 73-1A of the Constitution says:

“The National Assembly shall consider the recommendations of Senate and after the bill has been passed with or without incorporation of the recommendations of Senate it shall be presented to President for assent.”

Meaning thereby that submission of recommendations may be a futile exercise especially when the procedure for revision of PSDP has also been entirely changed wherein Senate and its committees have no role to play for any revision or amendment in the PSDP.

In terms of the aforesaid Article of the Constitution Senate has no role in the passage of Budget. Secondly, there is another anomaly with regard to Federal Consolidated Fund (FCF) where no right of vote is available even to the member of the National Assembly and it can only be debated. Hence this part of Budget is not questionable even in the lower House. All national borrowing and retiring of the same needs approval of the House of the Federation because all provinces have to pay back amount borrowed.

#### **Recommended**

2. Announcement to the effect of Tax Free Budget be reversed as new taxes amounting to Rs. 383 billion have been levied in the budget.

#### **withdrawn**

3. Proposed enhancement in the petroleum levy be reversed because it will ensure further price hike in the country.

1. **Deletion of section 203 a from finance bill 2021.** It is against the principles of natural justice and rule of law. It will lead to harassment taxpayers, erode confidence in the fbr, and lead to increased corruption. A 'notice' is essential, and powers of entry, search, seizure, and arrest cannot be given to FBR officers. All actions need the sanction of a court order;

**Recommended (Clubbed with Proposal No.6 of Senator Zeeshan Khanzada)**

2. **The duties and other charges on imported cosmetics should be reduced** as these products are used by persons running small businesses. Higher costs of products will adversely impact their businesses;

**Recommended (With the directions to Ministry of Finance to make amendments in Asset Declaration Act 2019, with respect to extension in time [regarding installments] in making payment for enforced installments for another period of one year without default charges)**

12. **The reduction in taxes for 800 cc cars. However, the imposition and collection of a lifetime token tax of Rs. 30,000/- on these small cars** by the government in

2019 is not only exorbitant but it is also extortionist. To overcome budgetary shortfalls the government resorted to this. So, a 20 years old small car, or a ten years old small car, or a new small car are assessed with the same life-time tax. A tax is only collected for a fiscal year. A person does not come with life-time guarantees so why should a small asset as an old car be burdened with a life-time tax? This life-time tax should be taken back, and taxation should be reasonable, and on the basis of the value of an asset, and the capacity of a citizen to pay it.

**Proposed Modification**

Exemption of medical allowance subject to a condition that it does not exceed 10% of should be re-instated.

## 8. Decrease in Slab rates for Salaried Individuals

### Background

Currently, if annual salary of an individual exceeds from Rs. 600,000, tax shall be withheld at rates specified in slab rates as follows:

Salary Limit	Rate of Tax
Up to Rs. 600,000	0%
Above 600,000 but does not exceed 1,200,000	5% of the amount exceeding Rs. 600,000
Above 1,200,000 but does not exceed 1,800,000	Rs. 30,000 plus 10% of the amount exceeding Rs1,200,000
Above 1,800,000 but does not exceed 2,500,000	Rs. 90,000 plus 15% of the amount exceeding Rs1,800,000
Above 2,500,000 but does not exceed 3,500,000	Rs. 195,000 plus 17.5% of the amount exceeding Rs2,500,000

### Proposed Modification

It is proposed that under current economic conditions slab rates should be amended as follows:

Salary Limit	Rate of Tax
Up to Rs. 900,000	0%
Above 900,000 but does not exceed 1,500,000	2.5% of the amount exceeding Rs. 900,000
Above 1,500,000 but does not exceed 2,100,000	Rs. 20,000 plus 5% of the amount exceeding Rs. 1,500,000
Above 2,100,000 but does not exceed 2,600,000	Rs. 60,000 plus 10% of the amount exceeding Rs. 2,100,000
Above 2,600,000 but does not exceed 3,500,000	Rs. 175,000 plus 15% of the amount exceeding Rs. 2,600,000

### Rationality

With the current rate of inflation and increase in un-employment, salaried individuals have taken the most burden of past year. The cost to purchase necessities has increased to a significant level, resulting in falling of a larger number of population from “middle class” to “poor”, therefore, to share their burden it is only justified to provide relief to salaried individuals.

### Withdrawn

9. Reinstatement of Clause (39) of Second Schedule of ITO 2001

### **Background**

Clause (39) of Second Schedule of Income Tax Ordinance states that any special allowance or benefit other than entertainment or conveyance allowance or other perquisite under the definition of salary specially granted to meet expenses wholly and necessarily incurred in the performance of the duties of an office or employment of profit shall be exempt from tax.
