"Cognizant of the fact that according to latest reports, Pakistan is now home to one of the fastest-growing HIV epidemics in the WHO Eastern Mediterranean Region, with new infections rising by 200% over the last 15 years, from 16,000 in 2010 to 48,000 in 2024 and an estimated 350,000 people are living with HIV in Pakistan, but nearly 80% (approximately 280,000 persons) are unaware of their HIV status:

Mindful of the fact that Pakistan has one of the fastest-growing HIV epidemics in the region, with new infections rising 200% in 15 years;

Noting that children are increasingly infected through unsafe injections and blood transfusions, with outbreaks in multiple districts where over 80% of cases involved children;

Whereas on World AIDS Day, 1st December 2025, the World Health Organization (WHO), UNAIDS, and the Ministry of Health jointly called for collective and individual action to reverse this trend and end AIDS as a public health threat by 2030;

And Whereas the Constitution of the Islamic Republic of Pakistan guarantees the right to life and dignity of every citizen, and it is the solemn duty of the State to protect the health and well-being of its people, especially its children;

Now, therefore, this House recommends that the Government in collaboration with all stakeholders including provincial Governments to:

- i. Declare HIV/AIDS a national public health emergency;
