#### DEFFERED QUESTIONS

[Questions Nos. 2, 3, 7, 10, 1, 2, 4, 5, 6, 7, 8, 9, 14, 15, 16, 17, 18, 19 and 20 were deferred on 7th November, 2023 (333<sup>rd</sup> Session)]

\*(*Def.*) Question No. 2 **Senator Professor Sajid Mir:** (Notice Received on 8/05/2023 at 3:33 PM) QID: 40821

Will the Minister for Finance and Revenue be pleased to state:

- (a) the justification and criteria, (in view of prevailing financial crisis) for grant of executive allowance to Federal Government employee of selected cadres (Grade-17 to 22) causing frustration among officers of other cadres; and
- (b) whether the said allowance can be granted to all officers across the board?

Ms. Shamshad Akhtar: (a) Reason to justify the grant of executive allowance: Executive Allowance has been granted to Federal Secretariat on the recommendations of the Secretary's Committee with a view to attract officers from Provinces where salaries are higher than Federation. Executive Allowance was only granted to 914 officers on 01/7/2022 and was later extended to 2158 officers on 01/01/2023.

**Criteria for grant of Executive Allowance:** all BPS 17-22 officers, (excluding Private Secretaries), posted / working in the Federal Secretariat, as defined by in the Rules of Business 1973, as well as Prime Minister's Office, President Secretariat and ICT field administration in line with the allowance granted by the Provincial Governments.

(b) Officers working outside the federal secretariat mostly have their organization specific allowances, and are also drawing disparity reduction allowance in many cases. The said allowances cannot be granted to officers across the Board because all departments and offices have already been granted allowances and perks as per specific requirements of that particular department/office. Moreover, grant of said allowance to all officers across the board will have huge financial implication which the fiscal space does not allow.

\*(*Def.*) Question No. 3 **Senator Mushtaq Ahmed**: (Notice Received on 9/05/2023 at 9:45 AM) QID: 40825

Will the Minister for Finance and Revenue be pleased to state the grade wise detail of current salary and benefits being received by the officers and employees of the State Bank indicating total strength of employees and budget allocated for purpose?

**Ms. Shamshad Akhtar:** (1) State Bank of Pakistan (SBP) is a body corporate, established under the State Bank of Pakistan Act, 1956 (Act). The oversight of the affairs and functions of the Bank is entrusted to the Board of Directors under the Act. Moreover, the Board of Directors is empowered, among other things, to make regulations regarding recruitment, compensation and terms of service of employees.

- (2) It is stated that 1178 employees are working in SBP as on May 29, 2023; out of which 1101 are regular employees while 77 employees have been appointed on contract basis. HR profile of SBP may be seen at **Annexure-A**.
- (3) There are two compensation structures at SBP namely Old Monetized Salary Structure (OMS) and New Compensation & Benefits Structure (NC&BS). The NC&BS is defined contributory retirement scheme and employees (around 81%) who are currently serving SBP under this scheme are entitled to contributory provident fund and gratuity while the employees serving on OMS (around 19%) are entitled to pension based on the last drawn salary, as end of service benefits. The grade-wise salary scales under both salary structures and service benefits are placed at **Annexure-B & Annexure-C**.
- (4) A total budget of Rs. 6,818 million had been allocated by the State Bank of Pakistan for the fiscal year FY 2022-23 for salaries and benefits of employees.

\*(*Def.*) Question No. 2 **Senator Bahramand Khan Tangi:** (Notice Received on 21/08/2023 at 2:17 PM) QID: 41197

Will the Minister for Finance and Revenue be pleased to state the steps being taken by the Government for strengthening the economy during the present financial crisis instead of dependency on foreign loans?

#### Ms. Shamshad Akhtar:

- During FY2023, the Pakistan's economy faced international supply shocks, coupled with domestic natural disaster shock (Flood-2022), which aggravated the growth vulnerability.
- Consequently, GDP growth in FY2023 was provisionally estimated at 0.29% against target of 5.0%, with growth of 1.55% in agriculture, 0.86% in services sector, however, industry witnessed a negative growth of 2.94%.
- In FY-2023 economy had faced significant inflationary pressure, the need to manage the current account deficit, growing financing need, shrinking fiscal space due to high interest payments and pressure on the exchange rate.

Collectively, these factors pose mounting challenges to the pursuit of sustainable economic growth.

- Despite domestic and global challenges during FY-2023, fiscal and external sector stability has been achieved through various stabilization measures and structural reforms. Fiscal deficit stood at 7.7% of GDP during FY2023 as compared to 7.9% last year.
- Current account deficit FY2023 narrowed down by 87.2% to \$ 2.2 bn against a deficit of \$ 17.5 bn in FY2022 .Trade deficit contained by 38.7% in FY-2023 as compared to expansion of 36.4% in FY-2022.
- Budget for FY-2024, based on positive expectations and performance of the key indicators.
- Higher growth target of 3.5% in FY-2024 through various measures like the Kissan package, industrial support, export promotion, encouragement of IT sector, and revenue mobilization, etc.
- Hard earned gains on the fiscal and external accounts have started to translate into a pick-up in economic activity during first four months of FY-2024 like:
  - Cotton production posted exceptional growth of 127% (11.5 million bales) for 2023-24, Rice production is also showing growth of 27.8 percent.
  - LSM grew by 0.68% during Jul-Sep Fy-2024 against the contraction of 1.77 percent the same period last year. On YoY basis, LSM grew by 1.01% in Sep 2023 (-2.85 in Sep 2022). The removal of restrictions on imports, clearance of outstanding L/Cs, and improved dollar liquidity in the markets are contributing to economic activity.
  - O During Q1-FY2024, the strong revenue performance led to a primary surplus of Rs 417 bn (0.4% of GDP) against the target of Rs 87 bn under the IMF SBA.

- o FBR revenues clocked in at Rs 2,748 bn (growth of 27.3%) compared to the target of Rs 2,682 bn during Jul-Oct FY-2024.
- Non-tax revenue also posted a significant increase of more than 100% in 01 with higher collection on Petroleum Levy and dividends of SOEs.
- Overall, the fiscal deficit stood at 0.9 percent of GDP in Q1-FY2024 as compared to 1.0 percent of GDP during same period last year.
- O The PKR has strengthened to 285.1 against US\$3 in the interbank market, an appreciation of round 8.0 from 307.1 (05th Sep), due to reforms initiated on the exchange companies and crackdown against illegal transactions.
- Current account during Jul-Oct FY-2024 posted a deficit of \$ 1.05 billion against a deficit of \$ 3.1 billion last year, narrowed down by 65.9 %. Current account has been contained mainly due to improvement in trade balance which contained by 38%.
- During Jul-Oct FY-2024, CPI inflation stood at 28.5 percent against 25.5 percent during same period last year. In the month of October, CPI inflation clocked in at 26.9 percent on YoY basis as compared 31.4 percent in Sep-2023.
- Government is committed to move toward economic revival plan. The Cabinet Committee on Economic Revival (CCER) has deliberated a short-term plan that may derive sustainable economic growth enhance competitiveness, improve agricultural productivity, and strengthen resource mobilization.
- Government has taken administrative and regulative actions to control speculative activities in FX market which has started to yield desired dividends.
- Moreover, the crackdown on hoarding food items has resulted in decrease in food prices, which are expected to continue to drop in the future.

- Attracting FDI through (SIFC projects and enabling conducive environment for new FDI).
- Pakistan Sovereign Wealth Fund (PSWF) Act was enacted on August 4, 2023, with the objective to develop financial, administrative & investment policies which contribute for sustainable economic development. The first meeting of the Supervisory Council to discuss the operationalization of the PSWF was held on October 3, 2023 under the Chair of the Prime Minister.
- Government is committed to ensure Debt sustainability through extended maturity profile of long term instruments, issuance of innovative instruments like zero coupon bonds and expand investor base. Moreover, in response to the increasing demands of financial market in general and Islamic financial institutions in particular for introducing new instruments, the Finance Division moved a summary for the Cabinet for amendment in the existing Government of Pakistan Market Treasury Bills 1998 and Government of Pakistan Ijara Sukuk Rules 2008.
- The Federal Cabinet has granted its approval for amendments to the said legal instruments. These amendments are aimed at enhancing the efficiency and provide flexibility for issuance, registration, trading and transfer of Government Securities through any institution.
- The new IT policy will address and mitigate hurdles in the IT sector, increasing the digital exports potential to the tune of \$10 billion.
- IMF staff and the Pakistani authorities reached a staff-level agreement on the first review under Pakistan's Stand-By Arrangement (SBA) on the 15th of November, 2023. This is subject to approval by the IMF's Executive Board. Upon approval, Pakistan will have access to \$700 million.

SBA tranche and other bilateral and multilateral inflows will pave the way to further improve macroeconomic stability & confidence of the economic agents. \*(*Def.*) Question No. 4 **Senator Kamran Murtaza**: (Notice Received on 22/08/2023 at 3:20 PM) QID: 41502

Will the Minister for Finance and Revenue be pleased to state:

- (a) whether AGPR is cognizant of the fact that a number of employees, working on deputation basis in different Government departments are drawing salaries of the post of their deputation despite completion of their deputation period, if so, the reasons thereof indicating also the details of such employees with department wise break up; and
- (b) the steps taken / being taken by the Government in order to avoid such irregularities?

**Ms. Shamshad Akhtar:** (a) Yes. As per Office of the Accountant General Pakistan Revenues (AGPR), list of employees working on deputation basis in different Government Departments, drawing their salaries from the audit jurisdiction of AGPR is enclosed (**Annex-I and CD in soft form**). However, the data of employees working in Government Departments despite completion of their deputation period is not available in System Application Products (SAP) system. However, Office of AGPR is taking up the matter with 348 departments for the provision/collection of data of the employees working beyond their prescribed period and the same will be submitted on priority as and when received.

(b) The normal period of deputation for all categories of Government Servants is three years, extendable by two years. Office of AGPR does not stop the salaries of such employees who continue working after completion of their deputation period because AGPR requires transfer Notification issued by department concerned and charge relinquishment / charge assumption report before effecting any change in payroll.

\*(*Def.*) Question No. 6 **Senator Mushtaq Ahmed:** (Notice Received on 23/08/2023 at 9:23 AM) QID: 41509

Will the Minister for Finance and Revenue be pleased to state:

- (a) the terms and conditions on which the Stand By Agreement (SBA) has been signed with the IMF; and
- (b) the measures to be taken / adopted by the Government for re-payment of the debt to IMF?

Ms. Shamshad Akhtar: (a) On 12th July, 2023, IMF Executive Board approved the Stand-By Arrangement (SBA) for an amount of SDR 2,250 million (111 % of quota) equivalent to USD 3 billion, of which USD 1.2 billion have been disbursed. The duration of the program is 9 months. The SBA will have two reviews which will be held/completed in November 2023 and March 2024. The completion of each review will lead to disbursement of the remaining amount.

2. The principal repayment is due within 3.25 years of disbursement in eight equal quarterly installments. The interest rate currently stands at 4.198%.

#### 3. The SBA involves and includes:

- (1) implementation of the FY24 budget to facilitate Pakistan's needed fiscal adjustment and ensure debt sustainability, while protecting critical social spending;
- (2) a return to a market-determined exchange rate and proper FX market functioning to absorb external shocks and eliminate FX shortages;
- (3) an appropriately tight monetary policy aimed at disinflation; and
- (4) further progress on structural reforms, particularly with regard to energy sector viability, SOE governance, and climate resilience.

(b) The debt which the Government owes to the IMF is a small portion of the overall external debt. The Government takes necessary steps each year for repayment through allocation in the Budget. Payments are made by the EAD and SBP as per schedule.

\*(*Def.*) Question No. 8 **Senator Dr. Zarqa Suharwardy Taimur:** (Notice Received on 23/08/2023 at 3:55 PM) QID: 41515

*Will the Minister for Finance and Revenue be pleased to state:* 

- (a) the amount of public debt obtained during the period from 2019 to January, 2022 and from April, 2022 to August, 2023 separately; and
- (b) whether it is a fact that the amount of public debt increased manifold during the period from April, 2022 to August, 2023, if so, the reasons thereof?

Ms. Shamshad Akhtar: (a) The details for increase in public debt from Fiscal year 2019 to January 2022 and April 2022 to July 2023 are as follows:

| PKR bn      | Jun 30, 2018 | Jan 31, 2022 | Increase |
|-------------|--------------|--------------|----------|
| Public Debt | 24,953       | 43,579       | 18,626   |

| PKR bn      | Mar 31, 2022 | Jul 31, 2023<br>(Prov.) | Increase |
|-------------|--------------|-------------------------|----------|
| Public Debt | 44.383       | 64.117                  | 19,734   |

(b) The public debt increased from Rs. 44.4 trillion to Rs. 64.1 trillion from April 2022 to July 2023, an increase of Rs. 19.7 trillion. Primarily, the increase is attributable for financing of budget deficits and the adverse currency movement of Pak Rupee against USD, and USD against other currencies.

\*(*Def.*) Question No. 14 **Senator Samina Mumtaz Zehri:** (Notice Received on 13/09/2023 at 10:57 AM) QID: 41622

Will the Minister for Finance and Revenue be pleased to state:

- (a) the details of conditions/criteria being followed by the commercial banks in the country in order to write-off debts or loans owed to commercial banks;
- (b) whether it is a fact that through SD Circular No.SD 2 / 99, issued by SBP in 1999, the rising trend of writing off of loans, mark-up and other dues by banks was strictly curbed, if so, the details thereof; and
- (c) whether any action has been taken or being taken by SBP against the commercial banks violating the directions of SBP issued in 1999 if so, the details thereof?
- **Ms. Shamshad Akhtar:** (a) SBP provides minimum set of instructions/guidelines for write-off of irrecoverable loans by the banks/DFIs and in this regard, the latest instructions are contained in BPRD Circular No. 06 of 2007 for Corporate/Commercial loans and BPRD Circular No. 12 of 2014 for Consumer loans. However, the Board of Directors of the banks are authorized to write-off the irrecoverable loans under a well-defined and transparent write-off policy, which *inter-alia* also cover the regulatory instructions issued by the SBP.
- (b) The main objective of issuing instructions / guidelines for the write-off of irrecoverable loans from time to time is to mitigate /curb the risk of undesirable practices while writing-off such loans by the banks/DFIs. The writing-off of irrecoverable loans is a normal banking practice and therefore, as per the latest instructions issued under BPRD Circular No. 06 of 2007, banks/DFIs are allowed to write-off the irrecoverable/bad loans with the approval of the respective Board of Directors (BOD) under a well-defined and transparent write-off policy.
- (c) In case of identification of violation of regulatory instructions, during review of the written-off loans/advances, SBP imposes monetary penalties and also advises the banks/DFIs to initiate remedial actions for addressing the policy and control gaps so identified.

\*(*Def.*) Question No. 15 **Senator Samina Mumtaz Zehri:** (Notice Received on 14/09/2023 at 10:04 AM) QID: 41634

Will the Minister for Finance and Revenue be pleased to state the reasons for massive depreciation of Pakistani currency indicating also the measures being taken by the State Bank of Pakistan to control the same?

#### Ms. Shamshad Akhtar:

- The movement in the USD-PKR exchange rate is based on demand and supply of foreign exchange in the FX market and prevailing economic conditions under a market-based flexible exchange rate arrangement. Under this system, the exchange rate is determined by the market forces of supply and demand, and the trend in exchange rate primarily reflects the balance of payments position of the country.
- During FY24, PKR has appreciated by 0.2% against US Dollar and closed at PKR 285.29 per USD as on 06 November 2023. FY24 started with positive news of staff level agreement (SLA) with IMF under a Stand-by Arrangement (SBA) resulting in a wave of positive sentiments and PKR appreciated by 3.8% in a single day to close at PKR 275.44/US\$ on 04 July 2023 compared to PKR 285.99/US\$ as of end June 2023. However, these positive sentiments could not be sustained as demand of US Dollar in interbank market outpaced the supply and resulted in gradual deprecation of PKR.
- Starting second week of August 2023, PKR came under pressure against USD, mainly on account of uncertainty related to the transition of government to the interim set up, continuity of economic reforms and IMF program etc. the depreciation continued till the first week of September 2023 when exchange irate peaked at 307.10 against USD on 5 September 2023. Since then, PKR started appreciating against USD as a result measures taken by Government and SBP Currently, the USDPKR exchange rate stands at 285.29 as on 06 November 2023.

- Government and SBP have taken various measures to curb the pressure over PKR. The government has taken administrative measures to curb smuggling, hoarding and illicit transactions (e.g. hundi/hawala) which has improved USD liquidity in the market. Furthermore, SBP has initiated a major structural reform in the Exchange Companies' sector. As part of these reforms leading banks actively engaged in foreign exchange business will establish wholly owned Exchange Companies to cater to the legitimate foreign exchange needs of general public. Moreover, various types of existing Exchange Companies and their franchisees will be consolidated and transformed into a single category of Exchange Companies with a well-defined mandate. In addition, the minimum capital requirement for Exchange Companies has been increased from PKR 200 million to PKR 500 million. These reforms have been introduced to provide better services to the general public and bring transparency and competitiveness in the Exchange Companies' sector. This is expected to strengthen governance, internal controls, and compliance culture in the sector.
- In addition to above measures adopted by SBP and Government the improvement in BoP has also contributed towards stability in interbank foreign exchange market. The current account deficit in Q1 FY24 has been recorded to \$0.9 billion as compared to \$2.3 billion in Q1 FY23.
- Following table summarizes the movement of exchange rate during recent years.

\*(*Def.*) Question No. 18 **Senator Dr. Zarqa Suharwardy Taimur**: (Notice Received on 27/09/2023 at 10:04 AM) QID: 41651

Will the Minister for Finance and Revenue be pleased to state the details of laws / rules which empower the Government to counter / take action against cartelization in different sectors of economy like textile, sugar, cement etc. indicating also the relevant sections of the same?

#### Ms. Shamshad Akhtar:

## Introduction

- 1.1 The primary legal framework for addressing cartelization and anticompetitive practices in Pakistan is the Competition Act, 2010. Competition law and regulations empower Competition Commission of Pakistan (CCP) to counter and take action against cartelization and anticompetitive behavior in various sectors of the economy, including textiles, sugar, cement, and others.
- 1.2 CCP is the primary regulatory body responsible for enforcing competition laws in the country. The CCP has the authority to investigate and take action against cartelization and other anticompetitive practices in various sectors of the economy. Penalties for violating competition laws can be substantial, and the legal framework is designed to promote fair competition and protect the interests of consumers and businesses.
- 1.3 Below are the key provisions of the Act and other relevant regulations:

# 2 Relevant Sections of Competition Act, 2010:

- 2.1 **Section 3 Prohibition of Anticompetitive Agreements:** This section of the Act prohibits agreements, decisions, or concerted practices that have as their object or effect the prevention, restriction, or distortion of competition.
- 1.2 **Section 4 Abuse of Dominant Position:** This section addresses abuse of dominant positions by firms and prohibits practices that may harm competition in the market.

- 1.3 **Section 10 Deceptive Marketing Practices:** This section empowers the Competition Commission of Pakistan (CCP) to investigate and take action against fake, false and misleading advertisements.
- 1.4 **Section 29 Penalties for Violations:** It specifies the penalties for violations of the Act, including fines and imprisonment for individuals involved in cartel behaviour.
- 1.5 **Section 11- Approval of mergers: Merger control:** By regulating mergers and acquisitions, competition law ensures that mergers do not result in excessive market concentration, which could lead to price hikes or reduced could lead to price hikes or reduced competition. This control [putatively] helps maintain price stability in the affected markets.

# 3 Procedure of conducting inquiries and their Disposal

The procedure for initiating an inquiry under the Competition Act, 2010 in Pakistan involves several steps. The inquiry process is conducted by the Competition Commission of Pakistan (CCP). Here's an overview of the procedure:

- 3.1 On the basis of **Suo Moto or complaint** from undertaking. A preliminary assessment to determine whether there is a *prima facie* case of anticompetitive behaviour is conducted. If established, the CCP proceeds with a formal inquiry.
- 3.2 The **formal inquiry** involves a detailed investigation into the alleged anticompetitive behaviour, including cartelization. The CCP may request information, documents, and statements from the concerned parties, conduct interviews, and collect evidence.
- 3.3 If, after the formal inquiry, the CCP finds evidence of anticompetitive practices, it issues a **show-cause notice** to the parties involved, informing them of the allegations and providing an opportunity to respond.

- 3.4 After reviewing all the information and conducting a thorough examination, the CCP makes a **decision**. If anticompetitive practices are proven, the CCP may **impose penalties**, which can include fines, orders to cease the anticompetitive behaviour, and other corrective measures.
- 3.5 The parties involved have the right to appeal the CCP's decision to the **Competition Appellate Tribunal** and, subsequently, to the **Supreme Court**.

## 4. Cases Pending in Court

559 cases are in appeal phase at different appellant forums. The detailed breakup is as follow:

- i. 210 cases are pending at Competition Appellate Tribunal
- ii. 137 writ petitions are pending at **High Courts** across the Country due to absence of Competition Appellate Tribunal
- iii. 212 cases are pending at Supreme Court of Pakistan

## 5. Cartelization in various sectors of Pakistan

The Competition Commission of Pakistan (CCP) has been actively taking action against various cartels and anticompetitive practices in Pakistan. Here are some notable actions taken by the CCP against cartels and anticompetitive behavior:

### 5.1 Cement Cartels:

The CCP has taken action against cartels in the cement industry. In the past, it imposed significant fines on cement manufacturers for engaging in price-fixing and market-sharing agreements, which had the effect of restricting competition.

# 5.2 Sugar Cartels:

The sugar industry in Pakistan has been a focus of CCP's investigations and actions. The CCP has conducted inquiries into alleged collusion among sugar mills to fix prices and control the supply of sugar. These investigations have led to fines and penalties for companies involved in anticompetitive practices.

## **5.3 Poultry Cartels:**

The CCP has investigated cartels and price-fixing agreements in the poultry industry. It has taken action against poultry producers for engaging in practices that harm competition and consumers.

#### 5.4 Pharmaceutical Cartels:

The CCP has also addressed anticompetitive behaviour in the pharmaceutical sector. It has investigated and taken action against pharmaceutical companies for engaging in unfair pricing practices and market manipulation.

\*Question No. 153 **Senator Samina Mumtaz Zehri**: (Notice Received on 15/09/2023 at 9:52 AM) QID: 41402

Will the Minister for Planning, Development and Special Initiatives be pleased to state the details of CPEC projects under which skilled training programs have been or being launched in the country for the local workers and laborers indicating also the details of such training programs and the names and locations of the training institutions through which the same is being imparted?

**Mr. Sami Saeed:** In the Framework of China-Pakistan Economic Corridor (CPEC) numerous skilled training initiatives have been conceived for local workers to meet Human Resource requirements of CPEC projects and to trickledown the socioeconomic benefits of CPEC projects. Details are as follows:

i. Establishment of Pak-China Technical & Vocational **Institute (PCT&VI) Gwadar:** A state of the art institute has been constructed in Gwadar Free Zone though Chinese grant assistance. The institute is set to provide supply line of technical and skilled manpower for port and upcoming industries in Gwadar Free Zone. The institute is inducting and training local youth from Gwadar, in requisite technical and vocational skills. First batch of 130 students completed 06 months' vocational courses (07-03-2022 to 10-09-2022) with collaboration of NAVTTC in office management, financial accounting, cargo handling, overhead crane operator etc. A tetra-partite (Gwadar Port Authority, University of Gwadar, Shandong Institute of Commerce and Technology (SICT) & COPHCL) MoU was signed on 09th January, 2023 for its operationalization. In February 2023, admissions for one-year diploma in four programmes have been announced namely Information Technology, Hotel Management & Hospitality, Maritime & Port Management and Financial Literacy & E-Commerce. Classes for the programmes have been started from 2nd May 2023 with enrollment of 100 students. All necessary logistics, administrative and academic arrangements to launch one-year diploma programmes have been made.

- ii. Pakistan Vocational Schools Equipment Upgrading and Renovation Project: 50 schools of NAVTTC have been upgraded across the country, particularly the institutes in proximity of CPEC projects, whereby all necessary equipment have been provided by the Govt. of China under the Socio-Economic Development grant of CPEC. The objective was to address the required HR demand of CPEC projects and train the local youth for obtaining employments in CPEC projects.
- iii. Cooperative Project with Pak-Austria Fachhochule: Institute of Applied Sciences and Technology, Haripur: A Sino-Pak centre of technical education is being established under the Socio-Fconomic Development grant of CPEC, in the Pak-Austria Fachhochule Institute of Applied Science and Technology, Haripur. The centre will be equipped for training of youth in AI and Railways technologies.
- iv. **Provision of Equipment for Punjab-Tianjin University of Technology Project, Lahore:** The Chinese Govt. will provide batch of equipment for Punjab-Tianjin University of Technology, Lahore.

Apart of the above initiatives, the following CPEC projects implementation companies have also been carried-out several training programe for their local HR:

(a) Huaneng Shandong Ruyi (Pakistan) Energy (Private) Limited (HSR) the operator of Sahiwal Coal Fired Power Plant, has been actively engaged in fulfilling its corporate social responsibilities. To actualize this commitment, Huaneng Vocational & Technical College (HVTC) was founded in June 2017. In 2018, HSR invested over 500 million rupees to construct HVTC, with an annual expenditure of more than 200 million rupees to offer free education and technical training to the local community. Since it was founded, it has already trained 213 students up till now. HVTC is situated within the power plant premises. In 2019 after completion of its construction, HVTC has provided free of cost on-site training through internship programs under the supervision of foreign qualified trainers to two batches of students from

different universities like University of Engineering & Technology, University of Punjab, NUST etc. The initial internship program commenced on July 1, 2019, concluding on August 8, 2019. Subsequently, the second internship program was launched on December 23, 2019, and came to an end on January 17, 2020. These interns were offered complimentary accommodations, meals, and training materials throughout their training.

- (b) China Power Hub Generation Company (CPIIGC) has formulated a 6-year local operation transition plan. In 2023, the annual training outline and implementation guidelines were prepared successively. Chinese technical experts were invited to remotely deliver theoretical lectures for a total of 45 class hours. Chinese technical professionals in fields such as turbines, boilers, and electrical engineering delivered technical lectures 22 times. Monthly operational simulation exercises and two simulation competitions were conducted. At the same time, a monthly skills examination was organized for all employees, "mentor-apprentice" training agreements were signed, and Chinese employees provided on-site practical training and guidance for their counterparts from Pakistan. The cumulative number of Pakistani employees participating in skills training throughout the year exceeded 1,200 persons. As of now, 74 Pakistani operations and maintenance personnel have passed the comprehensive skill on-the-job examination. Among them, 13 are assistants for turbine operation, 20 are inspectors, and all chemical, ash, and coal inspectors have achieved localization. In the maintenance professions of turbines, boilers, and coal handling, a total of 18 Pakistani employees have become team leaders. In 2024, according to the 6-year local operation transition plan and practical training experience, company is going to make further promote in localization training. Emphasis will be placed on the recruitment of local talents, gradually focusing on the training of professional and managerial personnel in high-skill positions, to comprehensively advance the localization operation process.
- (c) The Port Qasim Coal Power Plant Company has carried out total of 556 technical trainings, with 3,513 Pakistani

personnel participating in the training. The main training contents include equipment transformation project training, emergency accident and emergency response training, special work training, safety production knowledge, and occupational health Knowledge, safe electricity use training, cardiopulmonary resuscitation training, firefighting skills practical training, high-altitude operation safety training, file management training, water gauge measurement, equipment laws and regulations training.

(d) Scholarship programs by SK Hydro: SK Hydro (Private) Limited is developing the 884 MW Suki Kinari Hydropower Project. SK Hydro announced scholarship programs for deserving students in the valley in 2023 through District Administration. Under this current year program, eligible students from the Project area will be offered scholarships in 4-year Engineering Programs (5 slots), 5 year MBBS/BDS program (5 slots), 6 month Chinese Language Courses (10 slots) & vocational training courses through TEVTA (75 slots). Application for shortlisting of the students is under process by the District administration of Balakot.

\*Question No. 154 **Senator Mushtaq Ahmed:** (Notice Received on 9/10/2023 at 4:22 PM) QID: 41364

*Will the Minister for Science and Technology be pleased to state:*

\*Question No. 151 **Senator Bahramand Khan Tangi:** (Notice Received on 14/09/2023 at 11:16 AM) QID: 41630

Will the Minister for Commerce be pleased to state:

- (a) the names of insurance companies operating at present in the country, indicating also the name of those which have been granted licenses during the last five years with date wise breakup; and
- (b) the number of persons who have been insured with the said companies during the last five year with year-wise and province-wise breakup?

# Mr. Gohar Ejaz:

- (a) As per insurance Ordinance 2000 registration of insurance companies is the domain of Securities and Exchange Commission of Pakistan.
- (b) Ministry of Commerce only deals with administrative and policy matters of only three companies named State Life Insurance Corporation (SLIC), National Insurance Company Limited (NICL), and Pakistan Reinsurance Company Limited (PRCL,). Out of the three companies only State Life Insurance Corporation (SLIC) deals with the insurance of persons. Details regarding the insurance the persons insured by SLIC during the last five year-wise is at **Annex-A**.

# "UN-STARRED QUESTIONS AND THEIR REPLIES"

Friday, the 24th November, 2023

# **DEFFERED QUESTIONS**

[Questions Nos. 2, 3, 3 and 5] were deferred on 7th November, 2023 (333rd Session)]

(*Def.*) Question No. 2 **Senator Haji Hidayatullah Khan**: (Notice Received on 9/05/2023 at 12:17 PM) QID: 40412

Will the Minister for Finance and Revenue be pleased to state:

- (a) the details of those companies which have been charged fine/convicted twice or more times by SECP Bench since 2011; and
- (b) the number and details of pending petitions in SECP Bench for more than 2 years indicating the reasons of pendency thereof?
- **Ms. Shamshad Akhtar:** (a) Appellate Bench (Bench) is the appellate authority of the Securities and Exchange Commission of Pakistan (SECP) and is mandated to hear appeals under Section 33 of the SECP Act, 1997. Thereby, the Bench either upholds the fines imposed by the adjudicating authorities of the SECP or sets aside the imposition of fines, as the case may be. Furthermore, the pronouncement of convictions is purely a criminal and judicial matter, therefore, only courts can proceed in this matter. Since 2011, Appellate Bench has decided 523 appeals whereby the matter was decided against the same parties twice or more.
- (b) 216 appeals are pending adjudication for more than two years in the Appellate Bench. A year-wise breakup of pending and disposed of appeals is as under:-

| 1 | Year  | Pending | Disposed      |   |

# (*Def.*) Question No. 3 **Senator Haji Hidayatullah Khan**: (Notice Received on 23/08/2023 at 9:56 AM) QID: 41146

Will the Minister for Finance and Revenue be pleased to state as to whether it is a fact that the Institute of Accountants of Pakistan ICAP and SECP obtain security clearance before registering the foreign firms / entities, if so, indicating details of the firms registered since 2015 with or without security clearance?

**Ms. Shamshad Akhtar:** A foreign company desirous of establishing a place of business in Pakistan, is required to obtain prior permission from Board of Investment (BOI) and thereafter apply to SECP for registration without seeking further security clearance. SECP registers foreign entity on the basis of permission of BOI. List of foreign companies registered with SECP since 2015 is placed at **Annex-I**. BOI gives permission for opening of Branch and Liaison Offices of foreign companies after seeking NOC from Security Agencies within stipulated time of seven weeks. Moreover, ICAP does not register any foreign firms / entities.

(*Def.*) Question No. 5 **Senator Haji Hidayatullah Khan**: (Notice Received on 14/09/2023 at 11:05 AM) QID: 41632

Will the Minister for Finance and Revenue be pleased to state the responsibility of Controller General of Accounts with regard to ensuring the function and adequate internal control of SAP (System Application and Product) it's implementation and action taken against those departments which are not using the system since 2017-18?

**Ms. Shamshad Akhtar:** As per Office of the Controller General of Accounts/Financial Accounting & Budgeting System (FABS) Directorate, SAP(System Application and Product) has already been implemented according to its scope of implementation (more than 400 sites) i.e.

- (i) The centralized entities (Ministries, Divisions, Provincial line Departments, Attached Departments, Sub-ordinate Offices) for the purpose of budgeting, accounting and financial reporting;
- (ii) Self Accounting Entities (Pakistan Mint, Public Works Department, Ministry of Foreign Affairs, Geological Survey of Pakistan, National Savings Organization), except Ministry of Defence, use SAP System for the purpose of recording their monthly consolidated receipts and payments against budgetary provisions. Ministry of Defence submits manual accounts through Military Accountant General (MAG Office) for inclusion in the Federal Civil Accounts through SAP System, on monthly basis.
- (iii) Federal and Provincial Accountants General Offices, District Accounts/ Treasury Offices also use SAP System for payments of salaries, pensions and vendors. They also use SAP System for preparing monthly and annual Accounts of Federal and Provincial Governments respectively.

For further extending of SAP to Drawing and Disbursing Officers (DDO) of Government Offices and to project authorities of PSDP projects, initiative called "Online Billing Solution/SEHAL" and Online Submission of project accounts have already been taken by CGA Office in collaboration with Finance Division.

ISLAMABAD, the 23rd November, 2023

MOHAMMAD QASIM SAMAD KHAN, Secretary.
