

SENATE SECRETARIAT

“QUESTIONS FOR ORAL ANSWERS AND THEIR REPLIES”

to be asked at a sitting of the Senate to be held on

Friday, the 30th August, 2024

***Question No. 12 Senator Rana Mahmood Ul Hassan:**
(Notice Received on 8/07/2024 at 10:30 AM) QID: 42169

Will the Minister for Energy (Power Division) be pleased to state:

- (a) *whether it is a fact that some areas of Mauza Athal, Simly Dam Road, Islamabad such as Mohallah Zafarabad etc. have not been provided with the facility of three phase electricity, if so, the reasons thereof indicating also the time by which the same will be provided there; and*
- (b) *whether it is also a fact that the 50KVA transformers installed in the said area are insufficient to cater for the load requirement, if so, the time by which the same will be replaced with 100 KVA transformers?*

Sardar Awais Ahmad Khan Leghari: (a) There exists 100 kVA Distribution Transformer at “Mohallah Zafarabad Mouza Athal Simly Dam Road Islamabad”. Presently, 84 consumers of the mentioned area are being fed from IESCO's Low Tension (LT) distribution network and all of them are single phase connections. At present, there is no need of 3-phase Low Tension (LT) network. However, if any consumer applies for a 3- phase connection, the Low Tension (LT) network will be upgraded to 3-phase till the feeding point of that consumer as per prevailing rules (approximately within one month).

Moreover, voltage at consumers’ premises is found within permissible limit.

(b) There exists 100 kVA Distribution Transformer instead of 50 kVA at the said location. The 100 kVA Distribution transformer is running at 60% loading and is sufficient to cater for the requirement of the area.

Mr. Imtiaz Azam
Section Officer (CA-I)
Ministry of Energy (Petroleum Division)
Government of Pakistan
Islamabad.

Dear Sir,

SENATE QUESTION(S)

Please refer to your letter Ref. No.10(1)/2022-CA-I dated July 12th, 2024.

We would like to inform you that Pak – Arab Refinery Limited (PARCO) is a Joint Venture Company between the Government of Pakistan (GOP) and the Emirate of Abu Dhabi, established under its Memorandum and Articles of Association and incorporated under the Companies' Ordinance 1984. The business of the Company is controlled and managed by its independent Board and all decisions at a meeting of the Board are taken by consensus of the Directors.

PARCO is, therefore, an independent legal entity and as a result of its distinct legal status, is neither a Division, attached Department, Office of the Federal Government nor a Ministry nor an autonomous or semi-autonomous body nor is it a Public Sector Company.

In view of the above, it is to inform you that PARCO employees are appointed by the Company as per its HR and recruitment policies approved by its Board of Directors, and are not Government appointed, therefore, PARCO does not fall in the category of the organizations from whom the information, is being desired.

Yours faithfully,
For Pak- Arab Refinery Limited,

SYEDA AMEER BATOOL
Company Secretary

***Question No. 14 Senator Agha Shahzaib Durrani:**

(Notice Received on 8/07/2024 at 3:48 PM) QID: 42173

Will the Minister for Energy (Power Division) be pleased to state:

- (a) the measures taken/ being taken by the Government to reduce circular debt in Power Sector indicating also the mechanism devised to ensure implementation of the same; and*
- (b) the estimated financial impact of the said measures?*

Reply not received.

***Question No. 15 Senator Agha Shahzaib Durrani:**

(Notice Received on 8/07/2024 at 3:49 PM) QID: 42174

Will the Minister for Energy (Power Division) be pleased to state the mechanism/ procedure adopted by the Government to provide electricity to un-energized villages and newly populated areas in the country?

Sardar Awais Ahmad Khan Leghari: Electrification of un-electrified villages and newly populated areas is carried out as and when funds are transferred to DISCOs by Federal and Provincial Governments on the identification / recommendation of respective parliamentarians.

In areas, where common distribution system is not available, the connections are granted by the DISCOs on cost deposit basis as per the policy mentioned in the NEPRA's Consumer Service Manual, which clearly states that:

“In areas where Common Distribution System is not available, the connection will be granted on cost-deposit basis.”

***Question No. 16 Senator Agha Shahzaib Durrani:**

(Notice Received on 9/07/2024 at 11:43 AM) QID: 42176

Will the Minister Incharge of the Prime Minister's Office be pleased to state whether it is a fact that some industries are being transferred from China to Pakistan, if so, the estimated number of

direct and indirect job to be created through the same and its estimated contribution to the economy of the country?

Minister Incharge of the Prime Minister's Office: Yes, it is true that several industries are expected to transfer from China to Pakistan, driven by the government's persistent and comprehensive efforts. This momentum has been significantly enhanced by the Honourable Prime Minister of Pakistan's visit to China in early June this year, accompanied by a 107-member business delegation. During this visit, several Chinese companies expressed keen interest in investing in Pakistan, resulting in a series of progressive B2B meetings between Pakistani and Chinese enterprises.

To further facilitate this process, the Board of Investment (BOI) under the Joint Working Group on Industrial Cooperation under CPEC has recently signed an Action Plan of the Framework Agreement on Industrial Cooperation with China's National Development & Reform Commission (NDRC) during the Prime Minister's visit to China. This plan aims to boost industrial activity in Pakistan by encouraging Chinese enterprises to set up operations in Special Economic Zones (SEZs).

This initiative is expected to create a substantial number of direct and indirect jobs. The establishment of these industries and SEZs will contribute significantly to Pakistan's economy through increased investment and enhanced industrial activity.

Key elements of the plan include fast-track facilitation for Chinese companies, joint studies to attract quality foreign direct investment, international marketing of SEZs and specific training for SEZ operations.

While active efforts are underway to foster impactful joint ventures between Pakistani and Chinese companies, it is premature to provide exact figures regarding the estimated investment and job creation. However, these initiatives are expected to create significant direct and indirect employment opportunities and contribute positively to the national economy.

***Question No. 17 Senator Kamran Murtaza:**
(Notice Received on 9/07/2024 at 1:56 PM) QID: 42180

Will the Minister for Energy (Power Division) be pleased to state:

- (a) *the names of independent power producers (IPPs) and generation companies (GENCOs) which have been issued licenses by (NEPRA) for electricity generation in the country so far indicating also the date of issuance license, period of license/ agreement and date of expiry of the license in each case;*
- (b) *whether it is a fact that the NEPRA has renewed licenses of some IPPs and GENCOs during the last two years, if so, the details thereof indicating also the period of extension in each case; and*
- (c) *whether the Government has made any modifications in the terms of agreements during the said renewal process, if so, the details thereof separately in each case?*

Reply not received.

***Question No. 18 Senator Saifullah Abro:**

(Notice Received on 10/07/2024 at 4:03 PM) QID: 39983

Will the Minister for Energy (Power Division) be pleased to state:

Reply not received.

***Question No. 21 Senator Mohammad Humayun Mohmand:**

(Notice Received on 22/07/2024 at 2:56 PM) QID: 42215

Will the Minister for Law and Justice be pleased to state:

- (a) the law/ rule under which the yearly holidays of the judges of Supreme Court of Pakistan and Islamabad High Court are notified; and*
- (b) whether there is any proposal under consideration of the Government to reconsider the yearly holidays of the judges of Superior Judiciary in order to manage backlog and ensure early disposal of cases, if so, the details thereof and if not, the reasons thereof?*

Mr. Azam Nazeer Tarar: (a) Under Schedule-II to the Rules of Business, 1973, this Ministry deals with the Federal Government functions

of Superior Courts. The Superior Courts are functioning as separate constitutional entities working independently. In exercise of the powers conferred under Article 191 of the Constitution of the Islamic Republic of Pakistan, the Supreme Court of Pakistan has made rules called “the Supreme Court Rules, 1980”. Pursuant to Rule 4 & 5 of Order-II of the ibid rules (**Annex-I**), the Supreme Court, observe summer and winter holidays vide Supreme Court of Pakistan's Notification No.F.9/2/85-99-SCA, dated 04th June, 2024 (**Annex-II**).

As far as holidays in the Islamabad High Court (IHC), are concerned, the said Court vide Notification dated 27.06.2024 (**Annex-III**), declared that the IHC shall observe summer vacation 2024 *w.e.f. July, 10, 2024 to September 10, 2024* with the approval of the Hon' ble Chief Justice of the said Court.

Further, granting summer and winter holidays to the Courts is the domain of respective High Courts and is the discretion of the Chief Justice concerned. Accordingly, no role rests with the Ministry of Law & Justice in this regard.

(b) There is no such proposal under consideration of the Government to reconsider yearly holidays of the Judges of Superior Judiciary.

Further it 'is pointed out that the civil employees of the Federal Government avail 15 days Rest & Recreation (R&R) leave once in a calendar year, under rule 10 of the Revised Leave Rules, 1980.

***Question No. 22 Senator Kamran Murtaza:**

(Notice Received on 22/07/2024 at 4:02 PM) QID: 42217

Will the Minister for Energy (Power Division) be pleased to state whether it is a fact that no additional 100 KV transformer has been installed in village Ghar Bala, Tehsil Darband, Mansehra, despite being proposed several times in Chain Augmentation system, if so, the reasons thereof, indicating also the time by which the same will be installed?

Sardar Awais Ahmad Khan Leghari: A chain augmentation case for replacement of - existing 100 kVA distribution transformer with a new 200 kVA distribution transformer with an estimated cost of Rs. 1.94 million (PESCO's own resource was approved on 20.01.2023 for village Ghar Bala, Tehsil Darband, Mansehra.

However, the installation of 200 kVA distribution transformer was delayed due to dispute by community against construction site of new transformer substation.

The 200 KVA transformer at village Ghar Bala, Tehsil Darband, Mansehra has been installed and energized on 15-08-2024.

***Question No. 26 Senator Shahadat Awan:**
(Notice Received on 23/07/2024 at 4:08 PM) QID: 42229

Will the Minister for Law and Justice be pleased to state the amount allocated and disbursed for the provision of free legal aid to the poor victims of human rights violations in the country during the last three years indicating also the details of victims / beneficiaries and the amount provided to them in each case?

Mr. Azam Nazeer Tarar: The Legal Aid and Justice Authority established under the Legal Aid and Justice Authority Act, 2020. The Authority has been allocated to Ministry of Law and Justice from Ministry of Human Rights (In February, 2024). Since the allocated provisions of Legal Aid Was subject to the rules which were not approved at that time, therefore the Ministry of Law and Justice drafted Legal Aid and Justice Authority (Grant of Legal Aid Rules), 2024 which were placed before the CCLC in its meeting held on 18th April, 2024. The CCLC directed to consultation with Ministry of Finance hence, accordingly, the draft was shared with the Ministry of Finance and it raised few observation which are under consideration in Ministry of Law and Justice.

Ministry of Law and Justice has moved a Bill to the National Assembly proposing certain Amendments in the Act to make functional the Legal Aid and Justice Authority under the Ministry of Law and Justice. Upon completion of afore-mentioned actions, the Legal Aid and Justice Authority will commence providing free Legal Aid services in accordance with its legislative mandate, ensuring access to Justice for eligible individuals.

(Notice Received on 25/07/2024 at 4:05 PM) QID: 42242

Will the Minister for Energy (Petroleum Division) be pleased to state whether there is any proposal under consideration of the Government to delegate the authority of price fixation of Petroleum Products to the oil marketing companies, if so, the details thereof?

Mr. Musadik Masood Malik: Different proposals to liberalize and deregulate the oil and gas sectors are being deliberated and a consultative process has been initiated with stakeholders, however, the details are yet to be developed. Once any plan is ready, same shall be placed before relevant forum for approval.

***Question No. 30 Senator Poonjo Bheel:**

(Notice Received on 25/07/2024 at 4:21 PM) QID: 42244

Will the Minister for Energy (Power Division) be pleased to state:

- (a) *the demand and supply of electricity to Districts Tharparker and Umerkot separately ; and*
- (b) *whether there is any shortage in supply of electricity to the said districts, if so, the reasons thereof, indicating also the measures being taken by the Government to bridge the gap?*

Sardar Awais Ahmad Khan Leghari: (a)

- The demand and supply status of electric power in respect of districts Tharparker and Umerkot is as under:

Name of District	No. of 11 kV Feeders	Demand (MW)	Supply (MW)	Load Management (MW)
Tharparker	15	15.5	15.5	0
Umer Kot	25	42.4	23	19.4

(b)

- There is no shortage of supply in both Tharparker and Umerkot Districts. Presently, no load management is being carried out in Tharparker District. However, policy of load

management is being carried out in Umerkot District based on the feeder-wise Aggregate Technical & Commercial (AT&C) losses as detailed below:

Category	I	II	III	IV	V	VI	VII	Total
AT&C Losses	Up to 10%	10 to 20%	20 to 30%	30 to 40%	40 to 60%	60 to 80%	80 to 100%	
Load Management	Zero	02 Hrs	02 Hrs	04 Hrs	06 Hrs	08 Hrs	12 Hrs	
No. of 11 kV Feeders in Tharparker	9	6	0	0	0	0	0	15
No. of 11 kV Feeders in Umerkot	1	0	1	0	1	0	22	25

- Sub-Division-wise Aggregate Technical & Commercial losses (AT&C) of Umerkot (Operation Division) HESCO, for the month of June-2024 are as under:

Name of Sub-Division	%age AT&C Losses
Umerkot	51.28
Pithoro	69.23
Samaro	52.79
Kunri	41.89
Chore	78.01
Umerkot Division	57.05

- To address the issue of electricity theft with the help of Provincial Government, an anti-theft campaign is in progress in all DISCOs including HESCO, since September 2023. To optimize the effectiveness and successful implementation of the campaign, anti-theft units have been established in DISCOs while progress is being monitored through the Ministry of Energy (Power Division) on daily basis.

Moreover, following measures are being taken in HESCO to improve AT&C losses by theft control, which will result in reduced load-shedding:

- Replacement of old/sluggish and defective meters.

- Installation of AMI meters on all potential consumers like big commercial, industrial & tube wells.
- Installation of ABC cable.
- Mobile Meter Reading (MMR) is being implemented in DISCOs to ascertain the accurate reading for consumer's satisfaction to pay the genuine bills.
- Installation of Asset Performance Management System (APMS) on distribution transformers.
- Performance Contracts are being signed with BOD and management of HESCO to ensure continuous improvement through achievement of the agreed targets of Technical and Distribution (T&D) losses besides other parameters in this contract.

(Notice Received on 30/07/2024 at 9:54 AM) QID: 42246

Will the Minister for Energy (Power Division) be pleased to state whether it is a fact that a number of employees of FESCO and LESCO are involved in over billing the consumers, if so, the details thereof indicating also the action taken/being taken against them?

Sardar Awais Ahmad Khan Leghari: Reports have been obtained from FESCO and LESCO according to which there is no overbilling in both DISCOs. Meter reading through mobile phone with picture of the reading has been enforced in all DISCOs to avoid arbitrary charging. As a result of Mobile Phone Meter Reading, the issue of overbilling / wrong billing has been eliminated. Furthermore, DISCOs are planning to shift Industrial consumers on Advanced Metering Infrastructure (AMI) system.

To prevent meter readers from manipulating billing days for personal gain, billing is now based on calendar month days through pro-rata-based billing. Moreover, strict directives have been issued to the DISCOs to ensure correct billing while they are urged to ensure timely and accurate billing to consumers.

Consumer complaint redressal mechanism exists in DISCOs, for lodging complaints and redressal thereof.

In addition to the above, if any employee of DISCOs is found involved in overbilling, he/she is being strictly dealt with under relevant Rules.

Major penalty has been imposed on 94 employees including officers in LESCO and FESCO that includes demotion to lower posts, compulsory retirement from service, dismissal from service and termination from service. Besides various minor penalties have also been imposed upon delinquent officials / officers.

Will the Minister Incharge of the Prime Minister's Office be pleased to state the measures taken/being taken by NDMA to mitigate the effects of lightning strike incidents in the District Tharparker and Umerkot?

Minister Incharge of the Prime Minister's Office:

NDMA's NEOC Technical Capabilities on Early Detection of Lightning Strikes. The National Emergencies Operation Center (NEOC) technical team specializes in forecasting extreme weather events particularly lightning and thunderstorms. Leveraging a number of atmospheric satellite-based datasets, we identify regions with a high probability of lightning occurrences. Through the National Common Operating Picture portal, the NEOC technical team can detect potential lightning events up to 7-10 days in advance.

Tharparkar, Umerkot and the south-eastern region of Pakistan experience an increased frequency of lightning and thunderstorms, especially during the summer months. This heightened vulnerability is attributed to the area's proximity to the North Arabian Sea. Deep depressions, cyclones, and monsoonal circulations transport moisture-laden air masses to the region, creating conditions conducive to thunderstorm formation.

Cumulonimbus clouds, characterized by their vertical development and high charge concentration, are the primary culprits behind heavy rainfall, lightning and thunderstorms, in the area. The NEOC technical team monitors atmospheric and oceanic dynamics to understand their correlation with these extreme weather events.

To effectively disseminate early warnings and advisories, the NEOC technical team utilizes multiple platforms, including the NDMA disaster alert application and our official webpage. Additionally, we maintain close communication with relevant government departments.

To enhance our forecasting capabilities, we are exploring the integration of advanced satellite systems such as those in the Coupled Model Intercomparison Project (CMIP) and the Global Earth Observation

System of Systems (GEOSS). These platforms provide comprehensive data on atmospheric conditions, ocean dynamics, and climate patterns, enabling us to refine our models and deliver more accurate and timely alerts.

Advisories Issued. Furthermore, NDMA has issued weather advisories / flood alerts with regard to monsoon system in the country from 1 July 2024, specifically highlighting the risks posed by thunderstorms / lightning strikes to the general public. To date, NDMA has issued 22 x Advisories to government stakeholders and the general public, which are available on the NDMA website and App.

Will the Minister for Energy (Power Division) be pleased to state:

- (a) the input cost of 50 MW Bagasse based IPPs power plants; and*
- (b) whether it is a fact that input cost of bagasse based plants is determined on coal prices, if so, the details thereof?*

Sardar Awais Ahmad Khan Leghari: (a) the applicable price of bagasse is Rs. 6,187/ton for the period from 1st October 2023 to 30 September 2024 which translates into fuel cost component (FCC) of Rs.12.4788.KWh. It may be noted that 8 IPPs with variant capacities ranges from 15 MW- to 62 MW have been established under the upfront Tariff regime of 2013.

(b) As per the Upfront Tariff 2013 for Bagasse based power projects dated May 29, 2013, the bagasse price was linked with the international coal price and the fuel cost component was to be adjusted as per mechanism provided in the upfront tariff determination.

Due to the exorbitant increase in international coal price, the vide its decision dated February 07, 2024 delinked the bagasse price from coal front 2022 onwards.

Will the Minister for Religious Affairs and Inter-Faith Harmony be pleased to state whether it is fact that the Hajj dues for the infants were increased from to Rs. 62,865 for the year 2023 to Rs. 355,000 in year 2024, if so, the reasons thereof indicating also the measures taken/ being taken by the Government to reduce the same to the previous amount?

Chaudhry Salik Hussain: It is fact that Hajj dues for the infants were increased from to Rs. 62,865/- for the year 2023 to Rs. 355,000 in year 2024. The main component of this amount is Compulsory Hajj Dues (CHD) amounting to Rs. 315,000/-; which is charged by Kingdom of Saudi Arabia.

Ministry of Religious Affairs and Interfaith Harmony do not charge anything on account of CHD from infants except visa fee. The Kingdom of Saudi Arabia (KSA) issues visas to a country as a whole figure and no separate provision is made for infants. KSA issues visas for all people proceeding to perform Hajj against payment of CHD. Prior to Hajj -2022, the payment were made to KSA Authorities after reconciliation by excluding infants, therefore, no CHD were charged except visa fee. Since 2022, after the Pandemic of Corona, all the Hajj activities have been carried out on Electronic track by making payment of CHD for infants. No refunds are allowed since introduction of the Electronic track of E-Hajj. Due to this reasons, the CHD are being collected for infants.

Break up of infant charges are given below:-

i.	10% of Hajj Airfare (inclusive Taxes)	25,000
ii.	Insurance charges	5,000
iii.	Service Charges + Hujjaj Mohafiz Fund	9,000
iv.	Zamzam Charges	1,000
