*(Def.) Question No. 32 **Senator Shahadat Awan:**
 (Notice Received on 1/07/2025 at 1:28 PM) QID: 43199

Will the Minister for Communications be pleased to state:

- (a) *the total number of Postal Life Insurance (PLI) policies/claims which have matured during the last three years with region wise break up indicating also the claims out of the same paid and those still pending with reasons thereof in each case;*

- (b) *the estimated average time being taken by PLIC to process and disburse mature claims indicating also the mechanism devised to ensure transparency and timely delivery of claims to the public; and*
- (c) *whether it is a fact that a number of policy holders with mature claims are deprived of timely payments by the PLIC, if so, the reasons thereof?*

Mr. Abdul Aleem Khan: (a)

Till 10th Nov 2025, the Postal Life Insurance Company Limited, since its incorporation in August 2020, has disbursed a total number of 44,361 insurance claims amounting Rs. 15.1 billion (approx.). However, the details of outstanding claims are as follows:

Region wise outstanding

Region	Total Claims pending	
	No of claims	Amount in Millions
Lahore	25,384	6,593
Multan	6,351	750
Peshawar	1,609	572
South	486	250
Total	33,830	8,165

Year wise outstanding

Year	Total Claims pending	
	No of claims	Amount in Millions
2022	5,310	1,130
2023	9,860	1,780
2024	9,750	2,155
2025	8,910	3,100
Total	33,830	8,165

- (b) PLICL processes and disburses maturity claims within **90 working days** from the date of submission of complete documents and subject to the availability of allocated funds as requested.

Mechanism to Ensure Transparency and Timely Delivery:

- SOPs are in place for claim processing at both region and head office levels, ensuring uniformity and accountability.
- Claim cases are entered into and tracked through an internal management information system (MIS) and providing reports.
- A standardized checklist is used to verify documentation to minimize errors and rework.
- Each case leaves a digital audit trail for internal and external audit purposes, enhancing transparency.
- Periodic reviews by the auditors as per the approved authority matrix.
- Updates are provided to claimants on the status of their claims designated PLICL focal persons.

- (c) The primary cause of the substantial pendency is the non-release of adequate funds by the Finance Division against the promissory note and the allocated budget under the relevant Cost Center, i.e., *IB0521 – Grants for PLIC Liabilities*. This financial constraint has severely restricted the timely settlement of approved claims. A historical analysis of budget demanded as well as budget approved by the Finance Division for payment of claims liabilities are as under:

(In Millions)			
Financial Year	Budget Requirements (Demand) by PLICL	Budget approved by Finance Division	Remarks
2021-22	8,000	8,000	Out of the approved budget of Rs.8.00 (Billion), funds Rs.2.417 (Billion) were utilized during the year. The main reason for non-utilization of complete budget is late opening of ASSAN Assignment Account with the AGPR, Islamabad as well as the delay in release of funds by the Finance Division. It is also highlighted that funds for the 1 st quarter of FY 2021-22 were released in Jan-22 instead of July, 2021.
2022-23	5,000	1,000	Full utilized
2023-24	10,632	2,000	Full utilized
2024-25	11,724	3,000	Full utilized
2025-26	8,400	3,000	Lum sum 3 billion allocation was requested and Finance Division released the balance on 23 rd September 2025 amounting to Rs. 3 billion out of which almost 2.57 billion is utilized against claim outstanding.

It is pertinent to mention here that the current allocation of Rs. 3,000 million against the budgetary demand of Rs. 8,400 million for FY 2025–26 is substantially inadequate for clearance of pending liabilities of insurance claims.

As a result, a significant number of claimants, some of whom are retired individuals and widows, have been waiting for an unreasonably long period, and the further growing number of complaints across various courts. This prolonged delay not only undermines public trust but also constitutes a serious deviation from our statutory obligations under the Insurance Ordinance, 2000 where PLICL is liable to pay liquidated damages for delays beyond 90 days, calculated at monthly base with a 5% additional rate over the prevailing base rate. This escalating financial exposure underscores the immediate need for additional budgetary allocation.

Postal Life Insurance Company Limited (PLICL) requested an additional allocation of Rs. 6 billion for FY 2025–26 from the Finance Division through the Ministry of Communications, vide letter No. F.No.2(2)2025-Council dated 04th July, 2025, for clearance of pending insurance claims. However, the requested amount was not fully approved, and only Rs. 3 billion was released on 23rd September 2025 against the lump-sum allocation request for FY 2025–26. As of now, Rs. 2.57 billion has already been utilized, and we expect to fully utilize the remaining amount by 30th November 2025. Subsequently, we will request the release of the remaining unallocated balance of Rs. 6.4 billion from the Finance Division.

The timely settlement of these claims is contingent on the release of additional funds from the Finance Division.

*(Def.) Question No. 33 **Senator Rana Mahmood Ul Hassan:**
(Notice Received on 1/07/2025 at 3:04 PM) QID: 43331

Will the Minister for Maritime Affairs be pleased to state whether it is fact that Right of Way for Pakistan Railways from Gawadar Port Berths to Zero Point Gawadar has been finalized and forwarded to Gawadar Port Authority for its consent but the same has not been approved by that Authority so far, if so, the time by which same will be approved?

Mr. Muhammad Junaid Anwar:

The Gwadar Port Authority (GPA) and Chinese Port Operator (COPHC) have been collaborating on infrastructure development to enhance the operational efficiency of Gwadar Port. Proposed Railway connectivity and alignment is also one of key components of this collaboration, which aims to streamline logistics and support the port's long-term development plans. Pak Railway shared a railway track connectivity alignment proposal to integrate the railway infrastructure with Gwadar Port. GPA and COPHC reviewed the proposed alignment and proposed an optimized alignment adjacent to the mountainous side of the port. With the aim of maximizing operational space for current port activities and accommodating future port expansion and development plans as well.

The revised alignment ensures minimal disruption to port operations while aligning with the strategic vision for Gwadar Port as a regional trade hub. The revised alignment proposal was formally communicated to the Ministry of Railways by the Gwadar Port Authority via letter No: GPA/P&D/2025/326, dated 5th May 2025 and letter dated 22-07-2025 (**Annex-1**). The alignment optimizes space utilization, ensuring smooth port operations. The revised alignment also accommodates long-term development plans, including potential port expansion. Positioning the railway track along the mountainous side reduces land acquisition challenges and minimizes environmental impact supporting regional trade initiatives. Response from Ministry of Railways is awaited.

In this regard, the technical team of Pakistan Railway is also being requested to visit the Port area to finalize the plan of Railway track in consultation with Port operator M/s COPHC and the technical team of GPA.

***Question No. 86 Senator Shahadat Awan:**

(Notice Received on 27/08/2025 at 10:15 AM) QID: 43474

Will the Minister for Federal Education and Professional Training be pleased to state whether it is a fact that the post of rector at the International Islamic University (IIUI) is lying vacant since November 2023, if so, reasons thereof?

Dr. Khalid Maqbool Siddiqui:

The post of Rector at the International Islamic University, Islamabad (IIUI) is not vacant.

The Hon'ble Supreme Court of Pakistan, vide its judgment dated 24.10.2024 in Constitution Petition No. 07 of 2024, ordered suspension of Dr. Samina Malik from the position of Rector due to multiple violations of the IIU Ordinance and related governance failures. Consequently, the Ministry of Federal Education & Professional Training, issued Notification dated 25.10.2025 for suspension of Dr. Samina Malik and with the approval of H.E. the President of Pakistan/Chancellor, IIUI assigned the acting charge of Rector, IIUI to Chairman HEC, Prof. Dr. Mukhtar Ahmed, with effect from 09.11.2024, until the appointment of a regular Rector.

Following the conclusion of Prof. Dr. Mukhtar Ahmed's tenure as Chairman of HEC on 29.07.2025, he ceased to hold the acting charge of Rector, IIUI. The matter of removal of the suspended Rector and appointment of a regular Rector, in terms of Section 12(1) of the IIU Ordinance 1985, has been taken up with the President/Chancellor's Office. It is further submitted that this Ministry has also submitted a Summary dated 8th August 2025 for the consideration/approval of the President of Pakistan in his capacity as Chancellor, IIUI proposing a panel for appointment of one as Acting Rector IIUI. However, the response/approval is still awaited.

***Question No. 87 Senator Muhammad Talha Mahmood:**
(Notice Received on 1/09/2025 at 9:46 AM) QID: 43563

Will the Minister for Communications be pleased to state whether it is fact that work on Shandur-Chitral road has been stopped by the contractor, if so, the reasons thereof indicating also the name of the contractor, actions taken against him, loss caused to exchequer due to stoppage of work on that road and the time by which the same will be resumed?

Mr. Abdul Aleem Khan:

Construction works on Chitral-Shandur Road are in progress, without any stoppage.

The Contractor for all four packages of the Project is M/s Umer Jan & Company.

***Question No. 88 Senator Abdul Shakoor Khan:**
(Notice Received on 4/09/2025 at 10:14 AM) QID: 43435

Will the Minister for Maritime Affairs be pleased to state:

- (a) the budget allocated for development projects of Gwadar Port during the last five years indicating also the utilization of the same with project wise breakup; and*
- (b) the procedure adopted for release and monitoring of the said funds?*

Mr. Muhammad Junaid Anwar:

- (a) Details of budget allocations for development projects of Gwadar Port during the last five years is attached as **Annex-I** .**

- (b) It is stated that all PSDP projects / schemes undergo approvals by the competent forums (ECNEC, CDWP, and DDWP) following a comprehensive process of scrutiny, examination, and justification of scope and cost etc.

Progress is also reviewed by monthly PSDP Review meetings by the Ministry of Maritime Affairs and through periodic evaluations reviews by the Ministry of Planning, Development & Special Initiatives, Islamabad.

Furthermore, projects are audited by the Auditor General of Pakistan / relevant governmental agencies.

(Notice Received on 15/09/2025 at 11:49 AM) QID: 43641

Will the Minister for Foreign Affairs be pleased to state whether the Indian High Commission / Government has informed Pakistan regarding high inflow of water from its side which caused flood 2025 in the country, if so, the details thereof?

Mr. Mohammad Ishaq Dar:

Yes. The Indian side shared some advance information about the recent floods. The information was shared through diplomatic channels. In that connection, 18 note verbales were received from 24 August 2025 to 10 September 2025. However, the shared information was not as detailed as it had been in the past. The established channel of the Permanent Indus Commission was also not used, this time.

***Question No. 95 Senator Kamran Murtaza:**
(Notice Received on 17/09/2025 at 3:08 PM) QID: 43648

Will the Minister for National Food Security and Research be pleased to state the quantity of wheat stock presently available in the country along with the period for which the said stock would suffice to meet the national requirements?

Rana Tanveer Hussain:**Total wheat stock available is as under:**

Production (2025)	= 28.39 Million Metric Tons
Carry Forwarded (2025)	= 5.08 Million Metric Tons
Total Availability (2025-26)	= 33.47 Million Metric Tons

The above stock is sufficient for the period 01-05-2025 to 30-04-2026.

***Question No. 96 Senator Kamran Murtaza:**
(Notice Received on 17/09/2025 at 3:09 PM) QID: 43649

Will the Minister National Food Security and Research be pleased to state:

- (a) whether it is a fact that sugar has become unavailable in the local market of the country at present, if so, the reason thereof;*
- (b) whether it is also a fact that the said commodity is being sold secretly in domestic markets at a price higher than the officially notified rate, if so, the details and the reasons thereof; and*
- (c) the details of action taken by the Government against those involved in creating shortage of sugar in the country so far?*

Rana Tanveer Hussain:

a) Sugar is available in the country and there is no shortage of the commodity. According to FBR, around 374,870 tons of sugar stock is available, as on 30th October 2025, with the sugar mills (Annex-I).

During the 2024-25 crop season, sugar production fell short by approximately one million tons compared to previous estimates. This decline in production was attributed mainly to agro-climatic factors, specifically a heat wave and crop disease, which led to a lower sucrose recovery rate (9.58%) - the lowest recorded in the last decade.

b) Sugar is being sold in the open market and available through the supply chain system. The sugar is sold through wholesale and retail channels.

With its Track and Traceability System, FBR and other agencies monitor the supply. However, issues with hoarding at the retail level are reported sporadically.

In order to smoothen the supply of the commodity at reasonable price, the Government and PSMA agreed, in July 2025, on the maximum prices of Ex-mill and Retail. This agreement helped the prices to stabilize in the market (Annex-II).

c) The Government's primary actions to address the situation were stabilizing the market

- The Government decided the import of up to 0.500 million tons of sugar through the Trading Corporation of Pakistan (TCP) to ensure food security and stabilize prices by restocking the domestic stocks.
- A high-powered committee was constituted under the chairmanship of Deputy Prime Minister to review the stock situation and monitor the price of sugar.
- Provincial Governments were directed to ensure implementation of the agreed prices.
- The Provincial Governments are taking actions against the contravening elements in the market (Annex-III).
- The government is pursuing a strategy to deregulate the sugar sector to promote productivity and minimize market distortions.

Pakistan National Shipping Corporation (PNSC)	Pakistan National Shipping Corporation is a statutory Corporation established under PNSC Ordinance XX of 1979 (as amended). Under Section 13 & 14 of the said Ordinance, the Board of Directors is empowered to run the affairs of the Corporation and Section 21 authorizes the Corporation to appoint officers, consultant, advisers & employees as it is considered necessary for the efficient performance of the Corporation.								
	2. It is stated that there exists no posts of Basic Pay Scale (BPS) system and PNSC has its own grades in the Corporation. PNSC employees are neither civil servant nor public servant as envisaged under Civil Servant Act, 1973. In this regard, the required information pertaining to PNSC may please be treated as 'NIL'.								

Annex-II

Karachi Port Trust (KPT):- Prior to 2014, all appointments at KPT were made on merit basis, without observing the provincial / regional quotas. Thereafter, KPT Management has strictly adhered to the provincial / regional quotas as per Federal Government Policy and maximum efforts are made to give due representation to all regions & provinces in KPT. Presently, recruitment in KPT is being made for essential / technical posts only.

Furthermore, KPT is a Port which is operated by technical / specialist manpower particularly trained for navigation, berthing, piloting, dredging and to run the crafts, boats, tugs, dredgers, floating cranes, barges, machinery & other flotilla, and most of billets being advertised relate to the aforesaid fields, relevantly qualified human resource against these functions are limited at the national level.

Port Qasim Authority:- The existing deficiency will be progressively adjusted through upcoming vacancies.

Gwadar Port Authority (GPA):- No. recruitment has been carried out since 2007

Pakistan National Shipping Corporation (PNSC):- PNSC being the shipping company operates in a highly regulated global shipping industry. PNSC's Fleet is engaged in Shipment of Strategic & Liquid Cargo round the clock & meets the country's requirement. To safely and effectively operate the PNSC adheres to the International Maritime Organization (IMO) Conventions on Standards of Training Certification and Watch keeping for the sea fearers (STCW-78) (as amended) & Safety of Life at Sea (SOLAS).

While PNSC is an equal opportunity employer which believes in diversity of work force and gives due weightage to candidates belonging to province / region quota. However, being an operational / commercial organization it requires Human Resource which possess technical skills & certifications under the STCW conventions especially in case of technical and afloat staff. Therefore, it follows a merit based recruitment criteria. Accordingly, strict implementation of quota may not be possible. However, it will continue to make endeavors to comply with quotas to ensure fair and balanced representation of all categories

MFD:- The current strength of the above officials is in accordance with the quota.

PMA:- There is no deficiency in the quota of any province / region in respect of employment in Pakistan Marine Academy. The vacancies are dully filled as per province / region quota.

***Question No. 99 Senator Muhammad Aslam Abro:**
(Notice Received on 22/09/2025 at 10:45 AM) QID: 43675

Will the Minister for Maritime Affairs be pleased to state:

- (a) *the amount revenue being generated from the KPT and PQT at present; and*
- (b) *the ratio/percentage share of the said revenue being given to the provincial Govt of Sindh and other stakeholders?*

Mr. Muhammad Junaid Anwar

- (a) i. **Karachi Port Trust (KPT):** It has been generating, a revenue of Rs.50.923 billion (annually).
- ii. **Port Qasim Authority (PQA):** It has generated a revenue of Rs. 81.153 billion, during FY-2024-25.

i) **Karachi Port Trust (KPT):**

- (b) • KPT is an autonomous trust and does not share its profit with Federal Government, Provincial Governments or any other bodies. However, it pays in terms of income tax, sales tax on Services monthly, to FBR and SRB as per laws, respectively. Besides that KMC is also being paid by KPT in terms of Municipal Tax.

ii) **Port Qasim Authority (PQA)** as under:

- PQA is a Federal autonomous organization under the Federal Government; therefore, there is no statutory requirement to share revenue with Government of Sindh.
- However, PQA pays Sales Tax on Services to the Sindh Revenue Board. For the F.Y 2024-2025 PQA has paid Rs. 4.77 billion to Sindh Revenue Board.

***Question No. 100 Senator Quratulain Marri:**
(Notice Received on 23/09/2025 at 11:45 AM) QID: 43688

Will the Minister for National Health Services, Regulations and Coordination be pleased to state the details of present health professional-to-population ratio in the country indicating also the international standards in this regard as prescribed by World Health Organization?

Syed Mustafa Kamal:

As per data compiled by the Ministry of National Health Services, Regulations and Coordination in coordination the current health professional-to-population ratio by 2024 in Pakistan is as follows:

Cadre- 2024	Ratio- 2024	Density (per 10,000 population)- 2024
Physicians	1 : 794	12.6
Dentists	1 : 6,250	1.6
Nurses/Midwives/LHVs/CMWs	1 : 1,492	6.7

According to the World Health Organization (WHO), the following international standards are used for comparison:

1. The minimum threshold for essential health service coverage is 25 health professionals (doctors, nurses, and midwives) per 10,000 population (World Health Report 2006).
2. The benchmark for achieving Universal Health Coverage (UHC), as per the WHO Global Strategy on Human Resources for Health (2016), is 44.5 health professionals per 10,000 population.

*Question No. 101 **Senator Quratulain Marri:**

(Notice Received on 23/09/2025 at 11:45 AM) QID: 43689

Will the Minister for Federal Education and Professional Training be pleased to state the details of Out-of-School children in rural areas and slums of Islamabad, indicating also the steps taken by the Government for their enrollment in schools during the last three years?

Dr. Khalid Maqbool Siddiqui:

(a) Details of Out-of-School Children in Rural and Urban Areas of Islamabad

According to the **Pakistan Institute of Education (PIE)**, based on data from the **7th Population and Housing Census 2023 (PBS)**, the number of out-of-school children (OOSC) aged 5–16 years in Islamabad Capital Territory (ICT) is as follows:

Location	Boys	Girls	Transgender	Total
Urban	24,434	21,019	2	45,455
Rural	23,415	20,256	1	43,672
Total	47,849	41,275	3	89,127

(Source: Pakistan Bureau of Statistics, Population Census 2023)

A separate analytical study by PIE estimated that ICT has approximately **85,000 out-of-school children (OOSC)**, with an **annual increase of around 20,000**, highlighting the urgent need for sustained interventions.

(b) Steps Taken by the Government for Enrolment of OOSC During the Last Three Years

The **Ministry of Federal Education & Professional Training (M/o FE&PT)** has launched and implemented a series of coordinated initiatives, through its attached departments and allied organizations, to address the issue of out-of-school children in Islamabad's **rural and slum areas**.

i. Enrolment, Retention & Progression of OOSC Project (2023–2026)

A flagship **three-year project** titled "*Enrolment, Retention & Progression of Out-of-School Children in ICT*" was launched in **July 2023** with the goal of achieving universal access to education across ICT.

- So far, **101,360 children** have been enrolled, achieving a **retention rate above 90%**.
- The project specifically targets **rural and sub-**

urban sium areas, ensuring equitable access to quality education.

ii. Federal Directorate of Education (FDE) Initiatives

1. Evening Shift Schools:

- Introduced in **43 FDE schools** located in high-need rural and sub-urban localities where morning shifts were at full capacity.
- These schools have **enrolled approximately 11,285 students** to date, primarily from low-income and out-of-school backgrounds.

2. Flexible Admission Policy:

- Ensures every child has the right to enter formal education at any grade, minimizing entry barriers.

3. Digital Learning and TeleSchool:

- The **TeleSchool App** offers free K–12 content to learners nationwide, enhancing access to quality education for children unable to attend school physically.

iii. Educational Voucher Program

Under the **directive of the Hon'ble Prime Minister**, an **Educational Voucher Scheme** was launched to assist children from **low-income families** to attend private schools and colleges.

- Each selected student receives **PKR 5,000 per month** to cover tuition and related costs.
- Currently, **3,000 students** from underprivileged communities in ICT are benefitting from this program.

iv. Non-Formal and Community-Based Education Initiatives

The following attached organizations of M/o FE&PT are implementing Non-Formal Education (NFE) programs to reach out-of-school children in **rural and slum areas** of Islamabad:

1. Basic Education Community Schools (BECS):

- Operating **586 community schools** in ICT, providing access to education for children from disadvantaged communities.

2. National Commission for Human Development (NCHD):

- Running literacy and non-formal education centers in ICT that collectively cater to **out-of-school and adult learners**.

3. **National Education Foundation (NEF):**

- Implements Non-Formal Basic Education (NFBE) and Accelerated Learning Programs (ALPs), supporting **community-based learning centers** with trained teachers and standardized curricula.

4. **Private Educational Institutions Regulatory Authority (PEIRA):**

- Collaborating under the OOSC project to ensure regulated participation of private schools in the **voucher program** and community outreach.

Collectively, **BECS, NCHD, NEF, FDE, and PEIRA**, as allied partners under the OOSC Project, have **enrolled more than 87,000 out-of-school children** across rural and sub-urban areas of ICT during the last three years.

The Ministry, through its comprehensive **OOSC Project (2023–26)** and the collaborative efforts of its attached departments (FDE, BECS, NCHD, NEF, PEIRA, and PIE), has made significant progress in **reducing the number of out-of-school children** in Islamabad. These efforts combine **formal and non-formal education models, public-private partnerships, and financial support schemes** to ensure that every child, particularly from rural and slum areas, has access to inclusive and quality education.

*Question No. 102 **Senator Rana Mahmood Ul Hassan:**
(Notice Received on 24/09/2025 at 4:32 PM) QID: 43700

Will the Minister for Maritime affairs be pleased to state:

- (a) *the details of persons appointed in BS-15 and above in the Korangi Fisheries Harbor Karachi since 2015 indicating also the date of advertisements, number of persons appointed and designation of the competent authority with post wise breakup; and*

(b) whether any of these appointments found to be irregular, if so, the details thereof indicating also the steps taken or being taken to address the same?

Mr. Muhammad Junaid Anwar:

(a) Korangi Fisheries Harbour Authority (KofHA), has made seven appointments, in BPS-15 and above, since 2015. Details thereof may be perused at Annex-I.

(b) The appointments were made in accordance with Korangi Fisheries Harbour Authority (KofHA), Employees Service Rules-1988 instead of Civil Servants Act-1973. As per version of the KofHA, the said Act doesn't apply to the employees of Korangi Fisheries Harbour Authority. In this context, the matter is sub-judice due to applicability of KofHA's Employees Service Rules-1988 instead of Civil Servant Act-1973. The incumbents / appointees, have taken the matter to the Court of Law, in the year 2016-17. In this regards, the Hon'ble Sindh High Court has directed to settle the issue and report to the said Court and the employees to continue their services till resolution of the matter.

*Question No. 103 **Senator Haji Hidayatullah Khan:**
(Notice Received on 25/09/2025 at 2:22 PM) QID: 43705

Will the Minister Foreign Affairs be pleased to state the details of the Pakistanis arrested in Japan and Spain during the last one year indicating also their names, CNIC number and offenses?

Mr. Mohammad Ishaq Dar:**Spain:**

The Spanish authorities inform about the arrests of Pakistani nationals only on the express consent of the individual detained. Normally, they don't keep the Mission informed about these routine arrests on charges of petty offences or bailable cases. Information is only shared with the Consulate in cases where Pakistani nationals are arrested for judicial proceedings or are being sent to Prisons after awarding of sentences by the court. The Consulate regularly liaise with the police authorities and prisons/detention centers to extend all possible consular services to the arrested individuals.

2. Currently, there are **92 Pakistani** nationals admitted to prisons in Catalunya, Spain on different charges. Most of the prisoners show reluctance to share their details with the Consulate due to fear of deportation. Under Organic Law 5/1999, the authorities are not permitted to share data of the inmates without the explicit consent of the prisoners. The Justice department provided data permitted by Organic Law 3/2018 of December 5, on the protection of personal data and guarantee of digital rights, of the **56 inmates** who do authorize the consular authorities to inform (**Annex-I**).

3. The Department of Justice also informed that in the context of the European Union (EU), the protection of the identity and privacy of prisoners is generally guided by several human right standards and EU legislation that aim to safeguard prisoner's rights. One of the primary source of protection for prisoners' identities comes from the European Convention on Human Rights (ECHR), which is legally binding on EU member states that are also signatories to it. Article 8 of the ECHR protects the right to respect for private and family life, which includes protection against arbitrary interference with an individual's personal data, including their name and identity. This applies to all individuals, including prisoners.

4. There are **57 prisoners** under the jurisdiction of Embassy of Pakistan, Madrid, as reported by the Spanish Foreign Office. The details are at **Annex-II**.

Japan

The Embassy of Pakistan in Tokyo has confirmed that there are 12 Pakistani prisoners/detainees arrested in last one year. The details are as under:

Will the Minister for Foreign Affairs be pleased to state the details of the Pakistanis illegally detained in the republic of the union of Myanmar at present and the action taken by the Pakistan Embassy for their release?

Mr. Mohammad Ishaq Dar:

Currently **22 Pakistanis** reportedly have been trapped in the scam centers in the Republic of the Union of Myanmar (List of victims is annexed).

2. International crime syndicates are involved in human trafficking in the Southeast Asia region including Myanmar. Our citizens are offered hefty pay package by the crime syndicates and subsequently they are smuggled into the Myawaddy region of Myanmar located near Thai- Myanmar border area, which is under the control of rebel groups and writ of the Myanmar government is very limited in the area. Since 2024 this Mission has repatriated 138 Pakistanis to Pakistan.

3. Upon receipt of information about trap of our citizens, Mission immediately took up the case(s) with the Myanmar Government through written notes verbal and meetings at senior level i.e Permanent Secretary, Ministry of Foreign Affairs, Permanent Secretary, Ministry of Home Affairs and Head of Trans-national Crime Division. Myanmar government has responded that their authorities have checked entry/exit record at airports and inland border crossing points but no entry or exit record of our citizens found, however, they have issued instructions to the local administration to trace out our citizens.

4. Mission will continue its full efforts through diplomatic channels till release of our all citizens from the scam centers.

(b) The Workers Welfare Fund (WWF) has adopted a phased and comprehensive approach to ensure transparency, accountability, and the prevention of any diversion of funds towards non-labour-related expenditures.

At the institutional level, WWF established a robust system of checks and balances by creating a dedicated Internal Audit Directorate. This Directorate undertakes meticulous scrutiny of all financial transactions, and every case involving financial implications is invariably routed through the Audit Section prior to approval and processing. This internal control mechanism ensures strict compliance with the prescribed financial rules and regulations and serves as a strong safeguard against any irregularities or misuse of funds.

To complement these internal controls, WWF's accounts are subjected to an annual external audit conducted under the Government of Pakistan's Social Safety Net framework, thereby ensuring independent oversight and reinforcing fiscal discipline.

Subsequently, WWF has initiated a series of governance and technology-based reforms to further enhance transparency, strengthen institutional capacity, and promote efficient service delivery. A comprehensive Management Information System (MIS) has been deployed to facilitate transparency, efficiency, and data-driven decision-making across all operational areas.

To advance digital integration, a Memorandum of Understanding (MoU) has been executed with the National Information Technology Board (NITB) for the integration of WWF's systems with the Government Portal. Furthermore, to promote evidence-based policy formulation and improved monitoring of welfare initiatives, WWF has also entered into a MoU with the World Bank-supported Project DEEP.

Through these progressive measures, WWF continues to uphold the principles of good governance and ensure that all resources are utilized exclusively for the welfare of workers and their dependents.

***Question No. 108 Senator Samina Mumtaz Zehri:**
(Notice Received on 6/10/2025 at 5:30 PM) QID: 43722

Will the Minister for Overseas Pakistanis and Human Resource Development be pleased to state:

- (a) *the number of corruption inquiries initiated regarding misuse of Workers' Welfare fund during the last decade indicating also the current status of each of the same; and*
- (b) *the steps taken or being taken by the Government to strengthen internal audit, digital tracking, and third-party monitoring of these funds?*

Chaudhry Salik Hussain:

- (a) The number of inquiries initiated regarding administrative and financial irregularities in the affairs of the Workers Welfare Fund during the last decade, along with their current status:

1. Inquiry regarding acquisition of land for a Medical College and Teaching Hospital at Rawat, Islamabad:

The National Accountability Bureau (NAB) initiated an inquiry in 2019 to examine the process adopted for acquisition of land for the proposed Medical College and 500-bedded Teaching Hospital at Rawat, Islamabad. The objective of the investigation was to determine whether any misuse of authority, procedural irregularity, or element of personal gain was involved in the transaction. The inquiry continued for several years and included detailed examination of the land procurement process, bidding documents, and decisions of the Governing Body of the Workers Welfare Fund (WWF). After comprehensive scrutiny, NAB did not find any evidence indicating corruption, financial misappropriation, or personal benefit. The Islamabad High Court also observed that the matter was documentary and procedural in nature and did not constitute a criminal offence. Consequently, on 13th November 2024, the NAB Court, in Reference No. 10/2019, held that the matter did not fall within NAB's jurisdiction following amendments to the National Accountability Ordinance, 1999, and returned the reference to the Ministry of Labour and Manpower (Labour Welfare Wing) for consideration by the Governing Body of the Workers Welfare Fund under Section 7 of the Workers Welfare Fund Ordinance, 1971. The accused officials were accordingly discharged of any criminal liability under the NAO, 1999.

The background of the case dates back to December 2011, when the Governing Body of WWF granted in-principle approval for establishment of a Medical College and a 500-bedded Teaching Hospital in Islamabad with the objective of providing quality healthcare and medical education facilities to industrial workers and their families. A Site Selection Committee was constituted, and after evaluation of various options, 150 kanals of land located in Morgan City, Rawat, was approved for purchase by the Governing Body in April 2012. The acquisition was carried out in accordance with prescribed legal, financial, and administrative procedures. A feasibility study and PC-I, amounting to Rs. 9.326 billion, were subsequently approved, covering the construction of a hospital, medical, and dental college. The consultancy and procurement processes were undertaken strictly as per PPRA Rules, and NAB's later review confirmed full compliance and transparency. When the construction bids received were found to be 83%–129% higher than the engineer's estimate, WWF decided to reject all bids and re-advertise the project to ensure financial prudence.

In 2017, a complaint was lodged before NAB by a WWF official alleging financial irregularities in the land acquisition process, purportedly due to personal animosity against senior officials. However, after prolonged inquiry, NAB failed to substantiate any allegations of misuse of authority or financial loss to the exchequer. The case, having been returned to WWF for administrative review, is now required to be examined by the Governing Body, WWF.

2. Inquiry regarding verification of financial transactions:

A case relating to certain financial irregularities involving fund transfers from the Workers Welfare Fund (WWF) accounts maintained with Allied Bank Limited, Main Branch, Blue Area, Islamabad, is presently under investigation. Preliminary observations indicated unauthorized movements of funds between WWF accounts and other accounts; however, part of the amount was subsequently reconciled and credited back to WWF. The remaining transactions are under detailed scrutiny to determine their nature, validity, and financial implications, if any.

With the approval of the then Federal Secretary, Ministry of Overseas Pakistanis & Human Resource Development (Principal Accounting Officer), the matter was referred to the Federal Investigation Agency (FIA) vide letter dated 27-05-2025 for an independent inquiry, recovery of any outstanding amount, and verification of related financial transactions. The FIA, vide letter dated 26-06-2025, informed that the case had been taken up by the Commercial Banking Circle, G-11, Islamabad, and that legal proceedings were in progress. To date, three hearings have been held, the last on 10-09-2025. The FIA's examination and reconciliation process is currently underway, and the final findings and recommendations are awaited.

(b) The Workers Welfare Fund (WWF) has established a comprehensive audit framework to ensure transparency, financial accountability, and good governance. A dedicated Internal Audit Directorate is responsible for scrutinizing all financial matters, with every case involving financial implications routed through the Audit Section prior to approval and processing. This internal audit mechanism ensures strict compliance with applicable rules and mitigates the risk of financial irregularities. Complementing these internal controls, WWF is also subject to an annual external audit conducted under the Government of Pakistan's Social Safety Net framework, providing independent oversight and reinforcing fiscal discipline.

In addition to these audit mechanisms, WWF has undertaken a series of initiatives reflecting its commitment to transparent, efficient, and technology-driven service delivery for the welfare of workers. These include:

(1) **Digital Verification** through online integration with EOBI and NADRA, enabling real-time applicant verification to prevent duplication and ensure authenticity;

(2) **Digital Disbursement of Funds** such as death grants, marriage grants, and educational scholarships through online banking channels to ensure secure, timely, and traceable transactions;

(3) **Development of a Centralized Computerized Database** to consolidate beneficiary data and support effective auditing and management;

(4) **Establishment of an Online Application Portal** to streamline the submission and processing of grant applications while enabling digital recordkeeping and monitoring.

(5) WWF has signed a MoU with the NITB, M/o. IT to develop a robust, integrated software system for the efficient management and delivery of its welfare schemes. Meanwhile, the said ministry is implementing the **Digital Economy Enhancement Project (DEEP)** to strengthen the government's capacity for digital public service delivery, making it easier for citizens and businesses to access government services online. The WWF has also been included as a key service-providing entity within this project.

*Question No. 109 **Senator Shahadat Awan:**

(Notice Received on 9/10/2025 at 1:50 PM) QID: 43727

Will the Minister for National Health Services, Regulations and Coordination be pleased to state the details of multinational pharmaceutical companies which have left or closed their manufacturing operations in Pakistan during the last three years indicating also the steps taken or being taken by the Government to preserve and attract more investment in the said sector?

Syed Mustafa Kamal:

1. During the last three years, the following five multinational pharmaceutical companies have undergone a strategic shift by divesting their local manufacturing operations to other local manufacturers. This ensured that the production units continued their operations under new ownership, and the essential products being manufactured by them remain available in the market:
 - i. M/s Bayer Pakistan (Pvt) Ltd, 108-Quaid e Azam Industrial Estate, Kot Lakhpat, Lahore.
 - ii. M/s ICI Pakistan Ltd, (Karachi, Lahore, Peshawar).
 - iii. M/s Sanofi-Aventis Pakistan Limited, Plot No. 23, Sector 22, Korangi Industrial Area, Karachi.
 - iv. M/s Pfizer Pakistan Limited, B-2, S.I.T.E., Karachi.
 - v. M/s Novartis Pharma (Pak) Ltd, 15-West Wharf, Dockyard Road Karachi.

2. DRAP is undertaking a modernization revamping with a vision of "Regulation for Development" to create a self-reliant, export-ready, and globally aligned pharmaceutical sector. The steps taken and key achievements (Annex-I) demonstrate the DRAP's commitment to boosting investment and operational efficiency.

3. These comprehensive and strategic transformations, led by DRAP, are centered on creating a Digital, Fair, and Globally Integrated regulatory ecosystem. By modernizing operations and aligning with best international practices (like PIC/S GMP), the Government is not only protecting public health but is also actively empowering Pakistan's pharmaceutical industry to achieve self-reliance and thrive globally as a significant exporter. This enabling regulatory environment is designed to re-embed investor trust, ensure the continuity of essential product availability, and serve as a powerful magnet for attracting sustained domestic and foreign direct investment into the crucial health sector.

4. Attributed to these measures, pharmaceutical exports increased by approximately 34% in one year (FY 2025), from \$341 million to \$457 million, marking the highest increase in the last two decades

Annex-I**1. Digital Transformation and Regulatory Efficiency**

- a. **Digital Governance:** Over 70% of DRAP's operations are now online via the E-App system, covering licensing, registration, GMP, CoPP, pricing, and vaccine Lot Release certification.
- b. **Trade Facilitation: DRAP integrated the Pharmaceutical Import and export with Pakistan Single Window (PSW).** Complete end-to-end digital integration is underway with the PSW for medical devices and Alternative Medicines for faster and transparent processing of trade-related documents.
- c. **Global Milestone in Service Delivery:** The Digital System for Medical Device (MDMC) applications, launched in July 2025, is processing all complete applications within 20 days.

2. Promoting Local Manufacturing and Self-Reliance

- a. **API Localization Policy:** New frameworks are established to encourage domestic API and excipient production, fostering investment and export competitiveness in the basic drug sector.
- b. **API Cell for Single Window Operation:** This cell provides fast-track licensing for Basic and Semi-Basic drug manufacturing and comprehensive support for local API development.
- c. **Local Vaccine Production:** Simplified regulatory pathways and upgraded lot-release capacity are enabling local vaccine production and technology transfer partnerships, ensuring national self-reliance.
- d. **Concessions for Basic Manufacturers:** Measures like the withdrawal of the fixed quantities of APIs requirement and the exemption of the five-year unit establishment requirement for Basic/Semi-Basic manufacturers after layout approval are in place to encourage broader production capabilities.
- e. **Contract Manufacturing & Premises:** The facility of contract manufacturing has been extended to Basic Drug manufacturers, and applicants can now establish units on leased land.

3. Enhancing Quality, Safety, and Global Alignment

- a. **International Competitiveness:** Continuous support is provided to the industry for upgradation to PIC/S GMP (Pharmaceutical Inspection Co-operation Scheme Good Manufacturing Practices) standards, paving the way for export-led growth and aiming for WHO GBT Maturity Level III status.
- b. **International Partnerships:** Active cooperation with organizations like WHO, USP, World Bank, and US FDA is underway to enhance export facilitation and achieve global recognition.
- c. **Quality Control Network:** A National Quality Control Laboratory Network (NQC�N) links DRAP, NIH, CDL, and provincial laboratories to ensure ISO-accredited quality testing and data harmonization.
- d. **Pharmacovigilance & AMR Surveillance:** National Pharmacovigilance Center of DRAP connects hospitals and manufacturers for real-time safety reporting and Antimicrobial Resistance (AMR) tracking.

4. Ensuring Supply Chain and Fair Enforcement

- a. **Fair Enforcement:** DRAP has notified Guidelines for Prosecution cases to ensure proceedings are fair, unbiased, and non-discretionary.
- b. **Unified National Oversight:** DRAP has drafted the unified Therapeutic Goods Sale Rules and shared with all provincial Drug Control Administrations for approval from respective provincial cabinets to harmonize sale rules across all provinces to ensure unified national oversight.

***Question No. 112 Senator Rubina Qaim Khani:**
(Notice Received on 13/10/2025 at 11:20 AM) QID: 43732

Will the Minister for National Health Services, Regulations and Coordination be pleased to state:

- (a) *the names, names of owners, addresses and date of registration of the private hospitals, clinics and healthcare facilities registered in Islamabad Capital Territory during the last five years; and*
- (b) *the details of the said entities against which legal and penal action have been taken for violation of the relevant laws, rules and regulations during the said period indicating also the nature of violation and detail of action taken in each case?*

Syed Mustafa Kamal:

a) Total of 1,521 Healthcare Establishments (HCEs) have been registered to date. The comprehensive list of registered Healthcare Establishments is available on the official website of the Islamabad Healthcare Regulatory Authority (IHRA) at <https://ihra.gov.pk/>.

The list of registered HCEs may also be accessed through the following link:

<https://ihra.gov.pk/provisionally-registered-hces/>

b) The legal and penal actions undertaken by the IHRA are broadly classified into two distinct components:

1) The first category pertains to complaint-based actions, primarily involving instances of malpractice and maladministration. Each such complaint was thoroughly examined with due diligence, and where necessary, the opinion of external subject experts was sought to arrive at a fair and judicious decision. The concerned Healthcare Establishments (HCEs) and responsible individuals were penalized in accordance with the provisions of the Islamabad Healthcare Authority Act, 2018. Details of 20 such cases are appended as **Annexure-I**.

2) The second category relates to enforcement actions, particularly against quackery. A total of 96 cases of quacks were identified under the applicable law. The concerned HCEs were sealed, and upon completion of the legal process, fines were imposed and their facilities permanently closed. Details of these cases are available at **Annexure-II**

*Question No. 115-A **Senator Anusha Rahman Ahmad Khan:**

(Notice Received on 17/10/2025 at 11:21 AM) QID: 43772

Will the Minister for Federal Education and Professional Training be pleased to state:-

- (a) *the reasons, criteria and standard procedure including fee and time period adopted for issuance of equivalence certificate and attestation / verification of educational certificates / degrees issued by various boards, universities and other recognized institutions across the country including MOFA;*
- (b) *whether there is any proposal under consideration of the Government to remove this attestation / verification system in order to minimize delays, financial burden and inconvenience faced by the students; and*

(c) *whether there is any proposal under consideration by Government to simplify the equivalence process?*

Dr. Khalid Maqbool Siddiqui: (a)

Ministry of Federal Education and Professional Training in consultation with the **Higher Education Commission (HEC)** and the **Inter Boards Coordination Commission (IBCC)** response is as under:

(i) Higher Education Commission (HEC):

- The HEC, under Section 10(1)(o) of the HEC Ordinance, 2002, is mandated to attest, verify, and determine the equivalence of degrees and diplomas awarded by recognized institutions in Pakistan and abroad, including for the Ministry of Foreign Affairs (MOFA).
- HEC provides three key services through its **online e-portal** (<https://eservices.hec.gov.pk>):
 1. **Attestation of Degrees from Pakistani Institutions:**
 - Entirely online process including registration, scrutiny, and verification.
 - Applicants may choose Normal (Rs. 1,000) or Urgent (Rs. 2,000) mode.
 - Processing Time: 3–7 working days (Normal) or same day (Urgent).
 2. **Equivalence of Degrees (Pakistani and Foreign):**
 - Provisional equivalence (with QR code) issued instantly upon complete submission.
 - Fee: Rs. 2,000 (Pakistani/Deeni Asnaad) and Rs. 5,000 (Foreign).
 - Final equivalence issued after direct verification from the awarding university (for foreign degrees).
 3. **Equivalence of Deeni Asnaad:**
 - Hard-copy submission through courier; processed within 5–7 working days.
 - Fee: Rs. 2,000 per Sanad.
- All services are transparent, standardized, and supported by digital verification through QR codes.

(ii) Inter Boards Coordination Commission (IBCC):

- The IBCC, established under the IBCC Act XIII of 2023, is responsible for issuing equivalence certificates for both local and foreign qualifications at

- (b).
- **No such proposal** is under consideration by the Government, HEC, or IBCC.
 - The attestation and verification system is essential to:
 - Authenticate educational credentials and prevent forgery.
 - Uphold the integrity and credibility of national qualifications.
 - Ensure international recognition of Pakistani degrees and certificates by foreign universities, employers, and immigration authorities.
 - **HEC** has introduced several reforms to minimize delays and reduce inconvenience:
 - Fully digital application and scrutiny system with real-time tracking.
 - Same-day issuance of provisional equivalence letters.
 - Courier-based document handling through TCS/Gerry's FedEx to avoid travel.
 - Integration with NADRA and universities for direct data verification.
 - HEC is also developing a **Blockchain-based Degree Attestation System** to further enhance reliability, efficiency, and remote accessibility.
 - **IBCC** has similarly digitalized its attestation process with online appointment booking, same-day attestation, and QR-based document verification.
 - The continuation of the centralized attestation/verification mechanism remains necessary to ensure global recognition and safeguard against fraudulent credentials.
-
- (c).
- The equivalence process has already been **simplified and digitalized** by both HEC and IBCC.
 - **HEC:**
 - The earlier manual process has been replaced by a fully paperless online system.
 - Applicants submit documents electronically and receive system-generated equivalence letters with QR codes.
 - Provisional equivalence is issued the same day; final letter after institutional verification.
 - Fee: Rs. 2,000 (local/Deeni Asnaad) and Rs. 5,000 (foreign).
 - **IBCC:**
 - Applications are submitted and tracked online; scanned documents are verified directly from issuing authorities.

- Equivalence certificates are issued within the prescribed timeframe; in delayed cases, a **Letter of Marks** is issued to facilitate admission.
 - Both organizations continuously enhance their systems based on user feedback and emerging technologies, ensuring ease, efficiency, and transparency.
-

***Question No. 115-B Senator Kamran Murtaza:**

(Notice Received on 21/10/2025 at 11:28 AM) QID: 43794

Will the Minister for National Health Services, Regulations and Coordination be pleased to state:

- (a) *the total number of registered private medical colleges in the country, along with province-wise and district-wise breakup thereof;*
- (b) *the annual fee limit prescribed by the Government for MBBS and BDS programmes in private medical colleges indicating also the mandatory requirements and procedures for registration of a medical college; and*
- (c) *whether any action has been taken against those medical colleges charging fees higher than the officially prescribed limit, if so, the details thereof?*

Syed Mustafa Kamal:

a) List of private medical and dental colleges, province-wise, is attached herewith as **Annex-I**

b) Pursuant to the decision of PM&DC Council, all private institutions have been directed through PM&DC Notification dated 6th October 2025 to submit their compliance reports on the below format till 13th October 2025 regarding overcharging of tuition fee for Session 2024-25 beyond capped limit of PKR 1.8 million:

Name of Students (each) for Session 2024-25	Fee PKR Charged (Each)	Fee PKR Overcharged (Each)	Fee PKR Refunded (Each)	Fee PKR proposed for adjustment in Session 2025-26
---	------------------------	----------------------------	-------------------------	--

c) PM&DC has time and again directed the institutions for compliance on implementation of tuition fee for Session 2024-25 and on account of non-compliance by the institutions the Committee finally directed that the last opportunity be given to institutions to submit their compliance by 13th of October 2025.

The PM&DC Council decided to take following actions against the non / partial compliance by the private institutions on account of overcharging the tuition fee beyond capped limit of PKR 1.8 million:

- i. Suspension of accreditation.
- ii. Suspension of Student Admissions.

Moreover, the PM&DC Council established a designated complaint portal for students and parents. 25 Complaints have been received so far. The PM&DC proceeded against 12 private institutions for overcharging the tuition fee beyond capped limit of PKR 1.8 million and issued Show Cause Notices on 16th of October 2025. Thereafter, Pakistan Association of Private Medical and Dental institutions (PAMI) assailed the same before the Hon'ble Islamabad High Court, Islamabad vide W/P No4271 / 2025 and court vide order dated 29th October 2025 restrained PM&DC from adopting any coercive measures against the petitioners until the final disposal of the instant petition. The case is re-listed for 10th November 2025.
