All Federal Public Sector Advertisements are released in accordance with the Federal Government Advertisement Policy 2021 approved by the Federal Cabinet (as Amended in 2022) and subsequent Guidelines and Procedures 2024 of the Advertisement Policy **(Annex-I).**

2. Government advertising is released to serve a defined public interest purpose. Advertisements are released to inform citizens about government policies, programmes, and initiatives; to change behavior in areas of public health and safety; to ensure operational effectiveness of government by making citizens aware of available public services; and to project Pakistan's national narrative and interests. Campaigns and outreach activities are planned and executed on the basis of reach, audience, and measurable public benefit/dividend, not based on any media outlet's editorial stance, political affiliation, or loyalty. The policy expressly requires that advertising decisions be driven by value for public money and effective delivery of the public message.

3. During the requisite period, advertisements were released across print, electronic, and digital media for the following sectors of public importance: economic reforms; foreign affairs; governance reforms; performance and initiatives of Federal Government Ministries/ Divisions/ Departments/ Autonomous and Semi-autonomous Bodies/ Entities etc.; socio-economic issues; youth empowerment; Kashmir; National Action Plan; public safety and awareness; environment and climate change; tourism; defence and security; digital safety and cyber security; Marka-e-Haq, Youm-e-Tashakur, and the Pakistan-India Standoff.

4. A significant portion of government advertising constitutes a civic and social obligation, in line with Corporate Social Responsibility, to disseminate information on matters of direct public welfare, including polio eradication, population planning, pollution control, public safety, and other subjects of societal importance. These are not promotional campaigns; they are public service communications that directly contribute to the health, safety, and well-being of citizens.

5. Advertisement rates are determined by the **Rate Fixation Committee** (RFC) as approved by the Federal Cabinet in 2022, based on verified viewership and circulation data. Allocation of TV spots and print insertions is made in accordance with audience ratings and newspaper circulation figures, ensuring that public funds are directed towards outlets with the greatest reach and impact. These matters are regularly deliberated in consultation with the Pakistan Broadcasters Association (PBA) and the All-Pakistan Newspapers Society (APNS), respectively, to ensure fairness and transparency.

5. Furthermore, the pending liabilities for Print, Electronic and Digital Media are cleared on a regular basis so that salaries of employees and outstanding advertisement dues are cleared by respective media houses.

***(Def.) Question No. 46 Senator Shahadat Awan:**

(Notice Received on 15/04/2026 at 10:05 AM) QID: 43901

Will the Minister for Defence be pleased to state:

(a) whether any inspections, audits, or evaluations have been carried out during the last three years to assess the operations and affairs of cargo handling companies functioning at airports across the country, if so, the details of such oversight activities, including the findings and actions taken against any company found involved in illegalities; and

(b) Whether the Ministry has any regulatory or supervisory framework for monitoring the operational conduct of cargo handling companies operating at the said airports, if so, the details thereof?

Khawaja Muhammad Asif:

(a) The regulatory or supervisory framework is spearheaded by the Ministry from policy point of view.

(b) On ground regulatory activities are carried out by Pakistan Civil Aviation Authority (PCAA) whereas it's implementation is carried out by Pakistan Airports Authority. Details of regulations/inspections/audits/evaluations are given below.

1. **Licensing — Ground Handling Agency License (GHAL):**

2. For any GHA to legally operate at a specific airport, it is mandatory to obtain a Ground Handling Agency License (GHAL) issued by PAA, in addition to the GHOC and RA license issued by PCAA.
3. The GHAL is awarded initially for a period of five (05) years, renewable subject to full compliance with IATA approved manual AHM810 & PCAA Rules & Regulations.
4. This multi-tiered licensing requirement ensures that no entity may commence operations without demonstrated compliance across all regulatory and operational dimensions.

5. **Monthly Inspections by Cargo Managers:**

6. PAA conducts structured monthly inspections of all GHAs operating at the major airports under its jurisdiction. These inspections are carried out by designated Cargo Managers, as mandated under the *Management of Cargo Complex Civil Aviation Authority Order*
7. The monthly inspection framework comprehensively covers the following areas:

8. Cargo Infrastructure & Handling of Inbound/Outbound Cargo
9. Dangerous Goods Handling
10. Work Environment Standards
11. Training of Cargo Personnel
12. Equipment for Cargo Handling
13. Safety and Security Controls

14. Surprise Visits by COO / Airport Manager: In addition to the scheduled monthly inspections, surprise visits to the Cargo Complex to inspect cargo operations and facilities adds another layer of stringent measures adopted by PAA.

15. Occurrence Reporting Mechanism: PAA maintains a formal Occurrence Reporting System, through which any incident or irregularity occurring within the cargo complex or airport premises is formally documented and communicated to all relevant stakeholders in a timely manner.

1. **Action on Irregularities:**

2. In the event that any irregularity is identified during a monthly inspection, surprise visit, or through the occurrence reporting mechanism, the concerned Cargo Manager or Airport Manager conducts a formal investigation under the applicable rules and regulations.
3. The GHA is formally advised of the non-conformity and directed to implement corrective measures within a specified timeframe. Where the irregularity constitutes a substantive violation, financial penalties are imposed.
4. In cases of serious or repeated violations, the matter may be escalated for suspension or cancellation of the GHAL, subject to the approval of the competent authority.

After the implementation of stringent regulatory oversight by PCAA, Customs, and PAA, the likelihood of any incident occurring is significantly mitigated. Furthermore, in the unlikely event of any incident, it is promptly and effectively addressed in accordance with established procedures.

(Notice Received on 22/06/2026 at 1:36 PM) QID: 44740

Will the Minister for Interior and Narcotics Control be pleased to state:-

(a) the details of all paid parking areas presently operating in Islamabad under CDA, MCI, DMA or any other authority, including commercial centers, markets, parks, hospitals, public offices and public places, indicating site-wise approved parking rates, date of notification, contractor details, mode of collection, revenue collected and deposited in the public exchequer during the last three years;

(b) whether the Government has taken notice of public complaints regarding unfair, excessive or unlawful parking charges in Islamabad, particularly in New Blue Area, outside hospitals and other public places, if so, the details thereof; and

(c) the steps being taken by the government to ensure lawful notification, digital receipts, transparent audit, proper exemptions and protection of citizens from over-payments?

Syed Mohsin Raza Naqvi:

a) The following parking sites are being operated by DMA, MCI

S #	Site Name
15.	Centarus F-8
16.	Daman-e-Koh
17.	ShakarParian
18.	F-6 (Kohsar Market)
19.	F-7 (North & South sides)
20.	Gerry Office (Park Road)
21.	Japan Park / Play Land
22.	Punjab Cash & Carry (Park Road)
23.	Diplomatic Shuttle Service
24.	Truck Parking (I-11)
25.	H-9 Bazar
26.	Faisal Masjid (Only Bike)
27.	Lake View
28.	New Blue Area

- CDA Board has approved the Islamabad Capital Territory Parking Regulation 2023 (Copy attached).
- The unified approved parking fee of Rs.100 per vehicle for Cars and Rs. 50/- for bike is a nominal charge intended to partially recover the expenditure incurred on maintenance, cleanliness, security, traffic management, lighting, landscaping, and other public amenities at sites. The above mentioned rate is for all parking in Islamabad. The fee has been fixed at a minimal level to avoid burdening visitors while ensuring sustainable operation and upkeep of these recreational facilities. The amount collected contributes towards the provision of improved services, waste management, repair and maintenance of parking areas, and visitor facilitation measures, thereby directly benefiting the general public.
- During Last three years an amount of Rs. 546.13 million has been deposited to Public Exchequer through Parking Collection. Now, DMA MCI has outsourced digital Parking to M/s Windsor Solution for the period of three year under relevant PPRA rules.

b) Similar parking charges are being levied at various public recreational facilities across the country and are a standard mechanism for managing vehicular influx and maintaining public infrastructure. New Blue Area is one of the site currently declared as paid parking in ICT at the rates mentioned above. The parking fee applies only to visitors who utilize the parking facilities. Furthermore, a grace period of 20 minutes is provided free of charge, allowing visitors to drop off or pick up passengers without incurring any parking fee. Furthermore, the regular visitor or Building owner who have parking facility inside building and only use right of way and park their vehicles in side their own parking are exempted from Parking Fee.

(c) As far as transparency and digital receipt is concerned, the digital cashless parking management system is installed which give live dashboard portal to record each entry / exit in real time and it also helps to regulate vehicle movement, prevent congestion, and ensure the availability of organized parking facilities for visitors. The parking contract was awarded in accordance with PPRA rules through open competitive bidding process. The live dashboard on portal is available for 24 hours to check and asses the receipt transparently for audit purpose.

Will the Minister for Railways be pleased to state the number of reported cases of encroachment on railway land during the last five years, and the action taken against the encroachers and officials?

Mr. Muhammad Hanif Abbasi:

In accordance with the directives of the Honorable Supreme Court of Pakistan in SUO MOTO Case No 11/2011, a Joint Procedure Order (JPO) has been strictly enforced, defining clear responsibilities for Station Masters, Inspectors of Works (IOWs), Permanent Way Inspectors (PWIs), and the Pakistan Railway Police (PRP) to detect, report, and swiftly eliminate encroachment on Railway lands and properties. Pakistan Railways has adopted a zero-tolerance policy against illegal encroachments on its land.

Railway administration is directed to carry out regular anti-encroachment drives in Divisions. Due to implementation of Joint Procedure Order, fresh encroachments are immediately reported and retrieved from the encroachers through anti-encroachment actions. Involvement of Pakistan Railways official has not been established.

A total of 174 FIRs have been registered against encroachers for making attempts to encroach Railway Land.

Furthermore, as a result of continuous action against encroachments, Pakistan Railways has successfully retrieved 2,826.09 Acres of land across all four provinces, an estimated worth of Rs. 21,178 Million.

Will the Minister for Inter-Provincial Coordination be pleased to state the main reasons for the continued decline of hockey in Pakistan despite its historical significance and past international success, and what steps the government has taken in last 2 years to revive Hockey in the country?

Minister for Inter-Provincial Coordination:

Pakistan's decline in international hockey is the result of multiple structural and institutional challenges that accumulated over several decades. The principal factors include inadequate investment in grassroots development, deterioration of hockey infrastructure, limited participation at school, college and university levels, lack of modern coaching and sports science, financial constraints faced by the Pakistan Hockey Federation (PHF), reduced domestic competitions, and the rapid professionalization of international hockey, particularly following the introduction of artificial turf and evolving playing standards.

2. Recognizing the national importance of hockey, the Government of Pakistan, through the Ministry of Inter Provincial Coordination and the Pakistan Sports Board, has extended financial and institutional support to the Pakistan Hockey Federation during the last two years to facilitate the revival of the sport.

3. Major initiatives undertaken include:

i. Provision of financial assistance to PHF for national camps, international participation, and administrative support.
ii. Support for the participation of Pakistan teams in international competitions, including qualification events and major tournaments.
iii. Facilitation of foreign coaching expertise and appointment of high-performance professionals to strengthen player development and improve international competitiveness.
iv. Revival of domestic hockey activities through national championships, age-group competitions, and talent identification programs in collaboration with provincial hockey associations.
v. Strengthening coordination between the Ministry of IPC, Pakistan Sports Board, and PHF to implement a long-term roadmap for hockey development.
vi. Promotion of youth hockey through academies, training camps, and outreach initiatives aimed at expanding the player base across the country.
vii. Efforts to upgrade hockey infrastructure and improve access to synthetic turf facilities, subject to the availability of financial resources.

4. The Pakistan Hockey Federation has also initiated institutional reforms focusing on transparent governance, professional management, scientific training methods, and enhanced engagement with corporate sponsors and international partners.

5. The Government remains committed to restoring Pakistan's stature in international hockey through sustained investment, improved governance, enhanced grassroots development, and strategic collaboration with all stakeholders

Mr. Muhammad Hanif Abbasi:

At present a total of 22546 posts are lying vacant in (BS-01 to BS-21) in Pakistan Railways.

The province wise breakup of the vacancies over the system is as follows: -

Number of Vacant Post in Pakistan Railways (BS-01 to BS-21)

S.No.	Provinces	Number of vacant posts
1	Sindh	7245
2	Baluchistan	1296
3	Punjab	12165
4	KPK	1840
Total		**22546**

***(Def.) Question No. 8 Senator Syed Masroor Ahsan:**
(Notice Received on 29/06/2026 at 1:17 PM) QID: 44521

Will the Minister for Railways be pleased to state:

(a) the width of land required for the "Right of Way" on either side of the railway track under Phase I of ML-1 project from Karachi to Rohri Junction;

(b) whether a protective wall/fence is proposed to be constructed along both sides of the said railway track; if so, the distance of the same from the track indicating also the proposed height of such wall/fence; and

(c) the policy regarding the construction of underpasses or flyovers to facilitate the continuation of residential and commercial activities on both sides of the said railway track?

Mr. Muhammad Hanif Abbasi:

a) The required width of Right of Way (ROW) on both sides of track varies depending upon height of embankment, track geometry, and other site conditions. However, the track construction limit mostly remains within the existing right of way of Pakistan Railways, except at some places, where land is required outside of Pakistan Railway's right of way, for easement of curves (due to higher design speed of 160km/h).

b) The fencing has been proposed on both sides of track throughout Karachi-Rohri Section (480 km). The distance of fence from track varies on the basis of construction requirements. However, the fence will be generally provided on railway Right of Way (ROW) boundary. For stations and densely populated areas, 1.8m reinforced concrete protective fence is proposed. For general sections, 1.8m metal mesh protective fence is designed, keeping in view the ADB Environment & Social Framework basic principles for Environmental and Social Impacts.

c) The continuity of residential and commercial activities on both sides of the ML-1 will be ensured through the provision of suitable grade-separated crossing structures (including road underpasses, road over bridges/flyovers and pedestrian under passes etc.) at technically justified locations, based on the recommendations of the Detailed Engineering Design.

***(Def.) Question No. 9 Senator Syed Masroor Ahsan:**
(Notice Received on 29/06/2026 at 1:18 PM) QID: 44520

Will the Minister for Railways be pleased to state:

(a) the estimated cost of Phase-I of the Karachi - Rohri Junction section of Main Line-1 (ML-1), Karachi-Peshawar Project, indicating also the scheduled commencement and completion timelines of the same;

(b) the number of residential and quasi-commercial units that are likely to be affected, either wholly or partially, during the execution of Phase-I of the said project; and

(c) the measures taken, or proposed to be taken, for the resettlement, rehabilitation, and compensation of the affected persons and households under the said project?

Mr. Muhammad Hanif Abbasi:

a) The estimated cost of the Karachi–Rohri Section (480 km) is approximately US$ 2.1 billion. However, the final project cost will be determined upon the completion and finalization of the Detailed Engineering Design (DED), which is currently under review and finalization. Subject to the completion of all requisite approvals, financing arrangements, and procurement processes, construction is expected to commence during current financial year, with an estimated implementation period of 2.5 years.

b) The detailed socio-economic and physical surveys required to ascertain the exact inventory of affected assets including residential and quasi-commercial structures are currently in progress under the established guidelines and standard of ADB. The requisite information will be available upon completion of the survey process and subsequent validation of the findings.

c) In adherence to the operational policies and safeguard requirements of the Asian Development Bank (ADB), the project's Resettlement and Rehabilitation Plan is being formulated under the technical supervision of consultants and in coordination with provincial authorities. This comprehensive plan, once finalised, will encompass a full suite of measures, in accordance with the guidelines of ADB.

***(Def.) Question No. 10 Senator Syed Masroor Ahsan:**
(Notice Received on 29/06/2026 at 1:19 PM) QID: 44776

Will the Minister for Railways be pleased to state:

(a) the number of proposed underpasses and overhead bridges to be constructed after the elimination of level crossings on the Karachi to Rohri section of Phase-I of the ML-1 Project, indicating also the number of such underpasses and overhead bridges to be constructed within Karachi; and

(b) whether it is a fact that a number of community centres, schools and other public welfare buildings are likely to be affected by the development works under the said project, if so, the details thereof, indicating also the measures proposed to be taken for their rehabilitation?

Mr. Muhammad Hanif Abbasi:

a) It is apprised that the detail of proposed Level crossings to be converted into Underpasses, Flyovers & Overhead Biker Bridges is as under:-

Section	Change Level crossing to Flyover	Change Level crossing to Underpass	Change Level crossing to overhead Biker Bridge	To be Interlocked with CBI	Total
Keamari-Landhi	0	0	1	7	8
Landhi-Hyderabad	4	2	0	0	6

Nawabshah-Rohri	0	0	10	65	75
Total: Keamari-Rohri	**4**	**2**	**30**	**115**	**151**

b) The detailed socio-economic and physical surveys required to ascertain the exact inventory of affected assets including residential and quasi-commercial structures are currently in progress under the established guidelines and standards of ADB. The requisite information will be available upon completion of the survey process and subsequent validation of the findings.

***(Def.) Question No. 11 Senator Samina Mumtaz Zehri:**
(Notice Received on 29/06/2026 at 3:43 PM) QID: 44773

Will the Minister for Defence be pleased to state:

(a) the approved schedule of charges being collected by Pakistan Airports Authority, ground-handling agents and airport operators on imported courier/cargo shipments;

(b) whether charges such as airport authority fee, ground-handling storage charges, documentation charges and daily storage charges are approved by the Government or by any regulatory authority;

(c) the reasons for imposing storage charges on citizens where delay in clearance is caused by Customs, courier company, ground-handling agent or system-related process and not by the importer;

(d) the amount collected under airport/import cargo storage and handling charges during the last three financial years with airport-wise and company-wise breakup;and

(e) whether any audit has been conducted to determine whether these charges are proportionate, transparent and justified; if not, whether the Ministry intends to order a special audit?

Khawaja Muhammad Asif:

a) The detail of applicable charges in respect of imported courier/cargo shipments are as follows:

1. **Pakistan Airports Authority(PAA):** Cargo Throughput Charges (CTC) from the consignee in accordance with the approved Schedule of Charge (SOC). (Annex-I)

2. **Ground Handling Agents (GHA):** Cargo storage, handling and documentation charges are levied according to their business model to handle various cargo types (for example; Dangerous Goods, Perishables etc.)(Annex-II)

b) CTC charges are approved by the PAA, in terms of Section 25 (b) of the Pakistan Airports Authority Act, 2023. (Annex-III)

i. GHA levy storage, handling, documentation and other ancillary service charges as per their business model.

ii. These charges are governed by market dynamics.

c) Storage charges become applicable only where imported cargo remains in storage beyond the free storage period i.e. three (03)

days. Free period is calculated from the date of arrival/Import General Manifest (IGM).

i. Where delay in clearance is attributable to GHA or any agency/entity other than the importer, Pakistan Customs Issues Delay and Detention Certificate, under section 14A (2) of the Customs Act 1969, which directs the refund demurrage or storage charges received on account of such delay. (Annex-IV).

ii. Where the delay is by the carrying airline itself liability is attributed to the airline under Rule 19 of the Schedule to the Carriage by Air Act, 2012, which makes carrier liable for damage caused by delay in the carriage by air of passengers, baggage or cargo.(Annex-V)

d.) The GHAs maintained that the company-wise financial particulars relating to import cargo storage and handling charges constitute commercially sensitive and confidential business information maintained by each GHA and reported to the relevant tax authorities in accordance with the Companies Act, 2017, the Income Tax Ordinance, 2001, and the Sales Tax Act, 1990. The GHAs further stated that the requisite financial information is available with the Federal Board of Revenue (FBR), Pakistan, and the concerned Provincial Revenue Authorities

e.) The existing provisions of the Ground Handling Agent License (GHAL) focus on operational and licensing requirements, with the audit of the rationale underlying storage charges remaining outside its current scope.

***(Def.) Question No. 12 Senator Muhammad Talha Mahmood:**
(Notice Received on 30/06/2026 at 10:29 AM) QID: 44783

Will the Minister for Information and Broadcasting be pleased to state:-

(a) the income and expenditure of PTV during the last five year with year wise breakup; and

(b) the steps being taken by the Government to enhance the income and curtail the expenditures of the said corporation?

Mr. Attaullah Tarar:

Pakistan Television Corporation (PTVC) is the national Public Service Broadcaster of Pakistan. It is not a profit-oriented organization; rather, its core mandate is to provide impartial information, education and entertainment, ensure credible and responsible coverage of events of national and international importance, counter misinformation, and promote Pakistan's soft image.

During the last five financial years, PTVC remained under considerable financial pressure, with its internally generated income being insufficient to meet its overall expenditure. The financial position has been affected by substantial expenditure on salaries and pensions, transmission and broadcasting operations, maintenance of infrastructure and other essential operational requirements.

The discontinuation of the TV License Fee, which historically constituted a recurring source of revenue for PTVC, has further constrained its financial position. Consequently, Government support has been extended from time to time to enable PTVC to meet its essential operational and employee-related obligations and continue its public-service broadcasting functions.

PTVC is undertaking measures to enhance revenue generation, rationalize expenditure and improve operational efficiency with a view to ensuring its financial sustainability.

(Notice Received on 30/06/2026 at 10:29 AM) QID: 44781

Will the Minister for Interior and Narcotics Control be pleased to state:-

(a) the amount received as fee for issuance of new passports and renewal of existing ones during the last five years with year-wise breakup; and
(b) whether there is any proposal under consideration of the Government to reduce of fee for passports, if so, the details thereof?

Syed Mohsin Raza Naqvi:

(a) The amount received as fee for issuance of Passports in new/ renew category of existing ones during the last five years are as under:-

Non-Tax Revenue Summary of last Five Years (DG IMPASS)	
Year	Rs. In Millions
2021-2022	21,618
2022-2023	34,495
2023-2024	50,906
2024-2025	64,392
2025-2026	48,520
Grand Total	219,931

(b) In compliance with the International Civil Aviation Organization (ICAO) standards and recommended practices, the Directorate General is gradually transitioning from Machine Readable Passports (MRPs) to the E-Passport regime. The procurement and production costs of E-Passports are significantly higher than those of MRP booklets. Therefore, at present, there is no proposal under consideration to reduce passport fees.

(Notice Received on 30/06/2026 at 1:53 PM) QID: 44787

Will the Minister for Interior and Narcotics Control be pleased to state:

(a) *the number of fire incidents occurred in H-9 (weekly Bazaar), Islamabad during the last ten years indicating losses incurred, compensation paid to the affected Stall Holders;*

(b) *whether inquiries, conducted for fixing of responsibility of the said incidents, if so, details thereof and if not, reasons thereof; and*

(c) *steps taken/being taken for avoiding such fire incidents in weekly Bazaars?*

Syed Mohsin Raza Naqvi:

(a) It is submitted that **eight (08) fire incidents** occurred at H-9 Bazaar during the period **2017–2026**, resulting in damage to Government assets and financial losses to stallholders. The details are as under:

Sr. No.	Date	Block	Total Stalls	Financial Loss	Trade
1	23-08-2017	C & H	611	22 crore	Garments, Shoes
2	18-07-2018	E & F	100	03 crore	Landa, Carpet
3	15-10-2018	G	26	40 Lac	Poultry, General
4	29-10-2019	D,E & H	302	15 Lac	Cloth, Landa, Shoes
5	30-04-2022	D	22	50 Lac	Cloth/ General Store
6	07-12-2022	E & F	133	70 Lac	Landa, Carpet
7	10-07-2024	A,B,C & H	625	28 crore	Vegetable, Garments, Crockery, Fruit, Shoes
8	23-06-2026	C & H	380	5-6 crore	Garments, Shoes

The affected stallholders requested reconstruction of the damaged stalls on a self-finance basis. Accordingly, reconstruction is being carried out in accordance with the applicable rules and procedures. No compensation paid to the affected Stallholders.

(b) Following the major fire incident of **10-07-2024**, an inquiry was conducted under the supervision of the **Deputy Commissioner, Islamabad**. The inquiry report was submitted to the **Prime Minister's Office**, which issued the following directions to CDA/MCI (Annex-A):

- To prepare and implement a comprehensive **Fire Safety Plan** for all Mercantile Bazaars in Islamabad Capital Territory.
- To conduct **comprehensive fire safety audits** of all Mercantile Bazaars during the first week of every month in accordance with the **Islamabad Fire Prevention and Life Safety Regulations, 2010** and international best practices.
- To ensure that each audit covers all aspects of fire prevention, fire detection, firefighting arrangements, emergency exits, electrical safety, emergency response, and compliance with prescribed safety standards.
- To share the audit findings, identified deficiencies, and recommendations with all concerned departments for timely implementation.
- To submit regular progress reports regarding compliance and corrective measures to the **Ministry of Interior**.
- To initiate a comprehensive **capacity-building programme** for firefighting personnel in order to enhance their professional knowledge and operational skills relating to fire prevention, fire detection, rescue, and emergency response.

- To procure modern firefighting equipment and ensure its proper maintenance, operational readiness, and availability at all times.

Subsequently, following the fire incident that occurred during the night of **22/23 June 2026,** another inquiry committee was constituted under the supervision of **Additional Deputy Commissioner (General), ICT** to investigate the causes of the incident and recommend preventive measures (**Annex-B**).

The Committee observed that a combination of structural, operational and management-related factors contributed to the spread of the fire. Accordingly, the Committee recommended, inter alia:

i. Strict enforcement of the prohibition on overnight storage of merchandise inside the Bazaar.
ii. Conduct of a comprehensive fire safety audit of the entire Bazaar.
iii. Removal and regulation of highly combustible tarpaulin coverings.
iv. Replacement of Styrofoam and other combustible interior materials with fire-resistant materials.
v. Strict regulation of storage quantities within retail stalls.
vi. Continuation of strict action against unauthorized subletting and cancellation of allotments of violators.
vii. Conduct of mandatory monthly fire drills.
viii. Ensuring immediate reporting of fire incidents to Rescue Services before attempting firefighting at the local level.
ix. Installation of fire hydrants and hose cabinets throughout the Bazaar for rapid firefighting response.
x. Establishment of trained emergency response teams within the Bazaar.
xi. Installation of automatic sprinkler systems integrated with smoke and heat detection systems.
xii. Review and improvement of Rescue Services' Standard Operating Procedures for deployment and replenishment of fire tenders.
xiii. Provision of dedicated water bowser support for uninterrupted firefighting operations.
xiv. Ensuring continuous availability of at least one fully operational fire tender at designated high-risk locations.
xv. Establishment of integrated wireless communication among Rescue Services, District Administration and Police Control Rooms.
xvi. Maintenance of centralized digital records of emergency vehicle movement and operational status.
xvii. Conduct of periodic emergency preparedness and response audits.

The Committee concluded that implementation of the above recommendations would significantly strengthen fire prevention, improve emergency response capability, and minimize the risk of similar incidents in future.

(c) In pursuance of the directions of the Prime Minister's Office and the recommendations of the inquiry committees, **CDA/MCI has taken a number of preventive and corrective measures** to enhance fire safety arrangements at H-9 Bazaar.:

The following measures have already been implemented:

a. A **Fire Safety Committee,** comprising expert Fire Safety Officers, has been constituted to regularly inspect the Bazaar and monitor compliance with prescribed fire safety standards.
b. The Bazaar Management conducts **regular inspections and weekly monitoring** to ensure implementation of fire safety measures and compliance with the prescribed Standard Operating Procedures (SOPs).
c. Fire safety awareness programme and practical training sessions on fire prevention were conducted during 2025 vide Letter No. MCI/DMA/17(56)-Bazaars/2025/92 dated 05-06-2025 (letters and photographs are attached). In addition, a number of DMA officials have successfully completed professional fire safety training, and the relevant certificates are available on record Furthermore DMM .

practical training sessions for Bazaar staff and stallholders to enhance their capacity in fire prevention, emergency response, safe evacuation procedures, and the proper use of firefighting equipment to effectively control any fire incident in the Bazaars. Currently, another fire safety training session is in progress vide Letter No. MCI/CO/01/2026/26 dated 24-06-2026 (letters and photographs are attached). Firefighting equipment has also been installed at various strategic locations throughout H-9 Bazaar to ensure a prompt response in the event of any fire emergency, including:

a. **35 Trolley-Mounted Fire Extinguishers (50 kg);**
b. **100 DPC Fire Cylinders (5 kg)/Fire Balls;**
c. Portable Fire Extinguishers installed at different locations for immediate response.

d. **A Fire Tender has been permanently stationed at H-9 Bazaar on a 24-hour basis** to ensure prompt response to any emergency.
e. The process of conducting regular fire safety inspections, awareness campaigns, and enforcement of fire safety regulations is being continued.
f. Recommendations relating to the installation of additional firefighting infrastructure, including fire hydrants, hose cabinets, sprinkler systems, smoke and heat detectors, are being implemented in a phased manner subject to technical feasibility and availability of funds.
g. Coordination with the District Administration, Rescue Services and other relevant departments has been further strengthened to improve emergency preparedness and response.
h. In compliance with the recommendations of the Senate Standing Committee, DMA / MCI issued Letter No. MCI / DMA / DD / Bazaar / 2024/267 dated 13-11-2024 (copy enclosed), directing all stallholders to vacate stalls after the closing time of H-9 Bazaar. Most of the Committee's recommendations have been implemented, including strengthened regulatory enforcement and fire safety measures. It is worth mentioning that the primary cause of fire incidents is the failure of stallholders to remove their belongings and clear their stalls after the closure of the bazaar. However, complete implementation of certain recommendations has been affected due to restraining orders obtained by some stallholders from competent courts (including Writ Petition No. 2932/2024, Abdul Rehman vs. MCI) copy attached. These matters relate to refusal to vacate stalls after business hours, unauthorized installation of shutter gates, and construction of storage rooms/godowns within stalls. Such violations are the responsibility of the concerned stallholders and are sub-judice before the courts.
i. DMA/MCI remains fully committed to implementing all practicable recommendations of the Senate Standing Committee and will continue to strengthen fire prevention, emergency preparedness, and regulatory enforcement in H-9 Bazaar and other Mercantile Bazaars to safeguard public life, Government assets, and commercial establishments.

It is further submitted that CDA / MCI remains fully committed to implementing all practicable recommendations of the inquiry committees and to continuously improving fire prevention, firefighting infrastructure, emergency preparedness and regulatory enforcement in H-9 Bazaar and other Mercantile Bazaars of Islamabad Capital Territory to safeguard public life, Government assets and commercial establishments.

Will the Minister for Information and Broadcasting be pleased to state whether the Government has devised / formulated any policy to allot residential plots to journalists in the country , if so, the details thereof indicating also the details of plots allotted to journalists during the last five years with province wise breakup?

Mr. Attaullah Tarar:

- The Ministry of Information and Broadcasting has no policy of its own to allocate plots to journalists rather on request of Federal Government Employees Housing Authority (FGEHA) it renders assistance for allotment of plots to eligible journalists which are owned/governed by the policies of FGEHA. Moreover, for transparent allotment of plots against the quota reserved for journalists/media workers an allotment criteria in consultation with media organizations like PFUJ/PBA is developed and representatives of the media workers/journalists are duly included in the Plot Selection Committee.
- The Ministry of Information and Broadcasting and the FGEHA in 2015, through advertisements, invited applications from Islamabad/Rawalpindi-based journalists against a 2% reserved quota for allotment of a limited number of plots for Phase-I (Bhara Kahu) and 1% for Phase-II (F-14/F-15) sectors.

- The baseline criteria were:

  - **Phase-I (Bhara Kahu):** First Come, First Serve.
  - **Phase-II (F-14/F-15):** Age-Wise Seniority

- The eligibility criteria included:

  a) ***The applicant must be a full-time employee of a newspaper, periodical, news agency, or electronic media with 20 years' experience as a full-time working journalist, including 15 years of continuous service in Rawalpindi/Islamabad.***
  b) ***In the case of print media employees, the employer's publication(s) must have been included in the Central Media List (CML) maintained by the Ministry of Information and Broadcasting for the last three years.***
  c) ***The applicant must be based in Islamabad/Rawalpindi.***
  d) ***Neither the applicant nor his/her spouse must have previously been allotted a plot, house, or apartment in Islamabad/Rawalpindi by CDA or any other government agency.***

- To ensure transparency and merit, the Ministry of Information and Broadcasting constituted a Plot Selection Committee comprising senior and experienced journalists from representative bodies, headed by a senior Information Group officer, to scrutinize the applications according to the approved eligibility criteria.
- Accordingly, the Committee scrutinized all applications and, in January 2024, forwarded its recommendations for allotment of plots to FGEHA.
- Subsequently, few journalists' applicants filed complaints before the Wafaqi Mohtasib Secretariat requesting that the allotment process be halted and that the "First Come, First Serve" policy be replaced with an Age-Wise Seniority criterion.

- After reviewing the matter, the Wafaqi Mohtasib directed Ministry of Information and Broadcasting, along with the concerned ministries and departments, to review the existing policy framework and formulate a revised policy based on Age-Wise Seniority for allotment of plots to journalists. The Ministry of Information and Broadcasting filed representation to the President of Pakistan against the findings of Wafaqi Mohtasib. The President of Pakistan upheld the decision of the Wafaqi Mohtasib. Accordingly, the Ministry of Information & Broadcasting conveyed the decision of the Wafaqi Mohtasib to the Ministry of Housing and Works for policy review, as that Ministry is the custodian of the "First Come, First Serve" policy.

***(Def.) Question No. 20 Senator Rana Mahmood Ul Hassan:**
(Notice Received on 7/07/2026 at 1:51 PM) QID: 44843

Will the Minister for Interior and Narcotics Control be pleased to state:

(a) whether the Registrar, Cooperative Housing Societies, Islamabad Capital Territory, has inspected or audited the Federal Employees Cooperative Housing Society (Jinnah Garden Phase-I) during the last five years to ascertain provision of basic civic amenities, including sewerage, drainage, roads, street lighting, water supply, sanitation and solid waste management; if so, the findings thereof;

(b) whether it is a fact that sewerage overflow, defective drainage and other civic deficiencies, including at Street No. 123-C, continue to persist, if so, the reasons thereof and the action taken thereon;

(c) whether the Registrar has initiated any regulatory, administrative or penal action against the Society for failure to discharge its statutory obligations, if so, the details thereof; and

(d) the mechanism in place to ensure accountability of the Society for timely provision of civic services, transparent utilization of members' funds, protection of allottees' rights and expeditious redressal of complaints?

Syed Mohsin Raza Naqvi:

(a) Being a regulator, Cooperative Societies Department ICT performing following functions under Cooperative Societies Act, 1925 & Islamabad Cooperative Societies Rules, 2018:-

i. Annual Audit of Cooperative Societies under S.22 of Cooperative Societies Act, 1925;

ii. Holding of Annual General Meetings;

iii. Conducting of Elections of Managing Committee of the Societies under Election Rules, 2019;

iv. Arbitration proceedings under Section 54 of the Cooperative Societies Act, 1925 and other judicial functions under S.56 and S.64 of the Act;

As per approved bylaw No.34(3) it is the responsibility of Managing Committee *"to bring into existence and to construct, manage and maintain works like roads, water supply, sewerage, electricity, sui gas, telephone service and other constructions of various kinds like schools, dispensary mosque, entertainment parks and development thereof, provision of transport and grave yard, tree plantation etc. for the benefit and convenience of the members residing in the colony. These will be subject to the regulations of development authorities/Local Bodies and at par or better than their standard"*.

As per approved bylaw No.34(27) it is the responsibility of Managing Committee *"to execute development. For this purpose appointment of consultant or engineering staff or both, approval of construction designs and later on amend it if necessary, taking further steps for the execution of development work, giving out contracts, if necessary, issuing tenders, approve or reject them and supervise development works in this respect making payments, approval or rejection of securities/sureties"*.

As per report of Society Administrator was appointed in FECHS from 30.06.2021 to 05.02.2023 with limited mandate hence, no development activities were carried during the said tenure except to run day to day matters of FECHS. Managing Committee of FECHS takeover the charge of society on 06.02.2023 and following progressive task were achieved to facilitate the residents/members of Jinnah Garden Phase-I:-

Construction of Parks:-

There were only two parks available in Jinnah Garden Phase-I since the project is started, and these parks were not sufficient to cover the residents of Jinnah Garden. Current Managing Committee not renovated the old parks but also constructed four new parks during its tenure thus currently there are total 06 parks available in Jinnah Garden Phase-I for the residents. Main gate of Block-E, Jinnah Garden Phase-I is also constructed during the tenure of last 3.5 years.

Construction of Mosques in Jinnah Garden Phase-I:-

There were only 04-05 mosques available in Jinnah Garden Phase-I since the project is started. 04 new Jamia Masjids are constructed during the tenure of last 3.5 years out of which Masjid Furqan has been completed while Masjid Husnain Karimain and Masjid Aqsa are under construction and the same are about to complete within couple of months.

Water Supply:-

Water crisis is the main issue of twin city ie Rawalpindi & Islamabad and there is severe water crisis in Islamabad as well as surrounding societies of Jinnah Garden Phase-I. FECHS owns some land in at sawan reiver upon which previously 06 tubewell installed which supplies water towards Korang Town and Jinnah Garden through water supply line. However, these resources were not enough to meet water requirements in the towns hence, the current Management Committee not only purchased more land for water resources but also installed 07 more new tubwells to ensure water requirements for the residents of Jinnah Garden Phase-I as well as Korang Town. Furthermore, to ensure the continuous water supply, an under-ground water tank having capacity of 6 lakh gallons water storage is constructed, 2 x turbines of 60 horse powers each are installed at tube wells also 2 x turbines are installed in Jinnah Garden Phase-I also a main water supply line having 8' dia is installed from sawan river garden to Block-E to meet water requirements for the residents of Jinnah Garden during the tenure of current Managing Committee.

Previously most of the residents were being provided water through water tankers weekly. The current Managing Committee not only worked upon the water resources but also ensured the supply of water at door steps of the residents of Jinnah Garden Phase-I through water supply lines. Number of water supply lines are operational also new water supply lines are installed and water is being supplied through water supply lines in most of the area while some of the area is being provided through water bozers.

Water supply Lines are installed in the following areas of Jinnah Garden Phase-I:-

a. From Liaqat Avenue to street No. 131 (main line of 6" dia)
b. From Masjid Hasnain Karimain to Dua Chowk (main line of 6" dia)
c. Water supply line installed in street No. 205B having 3" dia.
d. Water supply line from Mahfooz Shaheed chowk to street no. 124 of 6" dia.

Laving of Sewerage lines:-

Sewerage lines network in Jinnah Garden Phase-I was also a major issue for the residents and the same was also pending since many years. Managing Committee of FECHS initiated and completed following tasks regarding the sewerage lines in the town as per details given below:-

a. Complete sewerage lines installation in street No. 26.
b. Sewerage lines installation in street nos. 12D, 62C, 62D, 62E, 62A, 62B, 123D, 123C, 123B, 123A, 125A, 125B, N-10, N-9, 14, 16, 15C, 13C, 13B, 70, 61A, 62, 59, 73B, 74B, SP. 123F, 226, 228, 227, 226A, 241.
c. Sewerage lines installation in street nos. 226B, 226C, 226D, 242, RJLR, 221, 155, 154, SR, 203E. 210.
d. Sewerage lines work in street nos. IF, 2F, 3F, 4F, 5F, 6F, ADR, D-1, 2D, 3D, 4D, 5D, 6D, 7D, 8D, 9D, 10D, 11D, 13D, 14D, 15D, 16D, 17D, IE, 2E, 3E, 4E, SE and CEW is in progress.
e. Construction of nallah work from street No. 8D to street no. 123C including concrete bed, retaining wall and stone masonry wall.

Drainage System:-

There was no proper drainage system in Jinnah Garden Phase-1. These matters were takenup during the tenure of last 3.5 years and proper drainage work in the streets of Jinnah Garden Phase-I was carried out and completed the same.

Roads:-

Jinnah Garden Phase-I was launched in early 1990's however construction of houses was started in 2006 and till 2020, thousands of houses were constructed and number of allottees were residing there. However, there was no proper roads network in the town, number of streets were unpaved which ultimately caused hurdles for the residents.

During the tenure of last 3.5 years, Managing Committee of FECHS worked upon the said task and road network in the following streets was laid down:-

a. Asphalt work in street No. 59, 59A, 50, 40A, 215A, 215B, 215C, 215D, 215E, 151, 152, 153, 154, 155, 187, Quaid Avenue, Shaheen 101.
b. Asphalt work in street No. 205, 2030, 52, 53, 207A, 207B, 207C, Iqbal Avenue opposite to Commercial area, University Road, Liaqat Avenue to street No. 62.
c. Asphalt work in street No. 200, 148, 137, 239, 241, 242, 243, 225, 225A, 221, 156, 214, 215, 219B, 138, 139, 140, 124, 125, 60, 30, 31, 34, 144A, 143, 75, 76, 77, 72, 250C.
d. Concrete of roads in street nos. 123F, 123C, 123D, 123E, 223, 43, 70, 122A, 203, 24, 25, 20, 12C, 12D, 12B, 12A, 125A, 123A.
e. Base/Sub Base in streets numbers 225B, 156, 228, 226A, 226B, 226C, 226C, RJLR, ADR, ID, 2D, 3D, 4D, 5D, 6D and 123G has been completed and only asphalt work is pending.

Street Lights:-

Street lights in Jinnah Garden Phase-I were not installed in most of the area of Jinnah Garden Phase-I also where the street lights available, the same were not in operational position. The Managing Committee of FECHS not only repaired all old street

lights and make these operational but also installed new street lights in all the streets of Jinnah Garden Phase-I which are currently operational in the town.

(b) As per report of Society the allotment of Street No. 123C was made approximately in the year 2013. Following the handing over of possession of land almost a year ago, development activities were initiated on priority basis. All the planned development works were completed within one year, including the construction of the concrete street, completion of the street culvert, installation of the internal sewerage system, and provision of electricity infrastructure. Approximately five to six residential houses have also been constructed in the street. In addition, the electricity distribution point (DP) and transformer have been installed at the corner of the street to facilitate the residents.

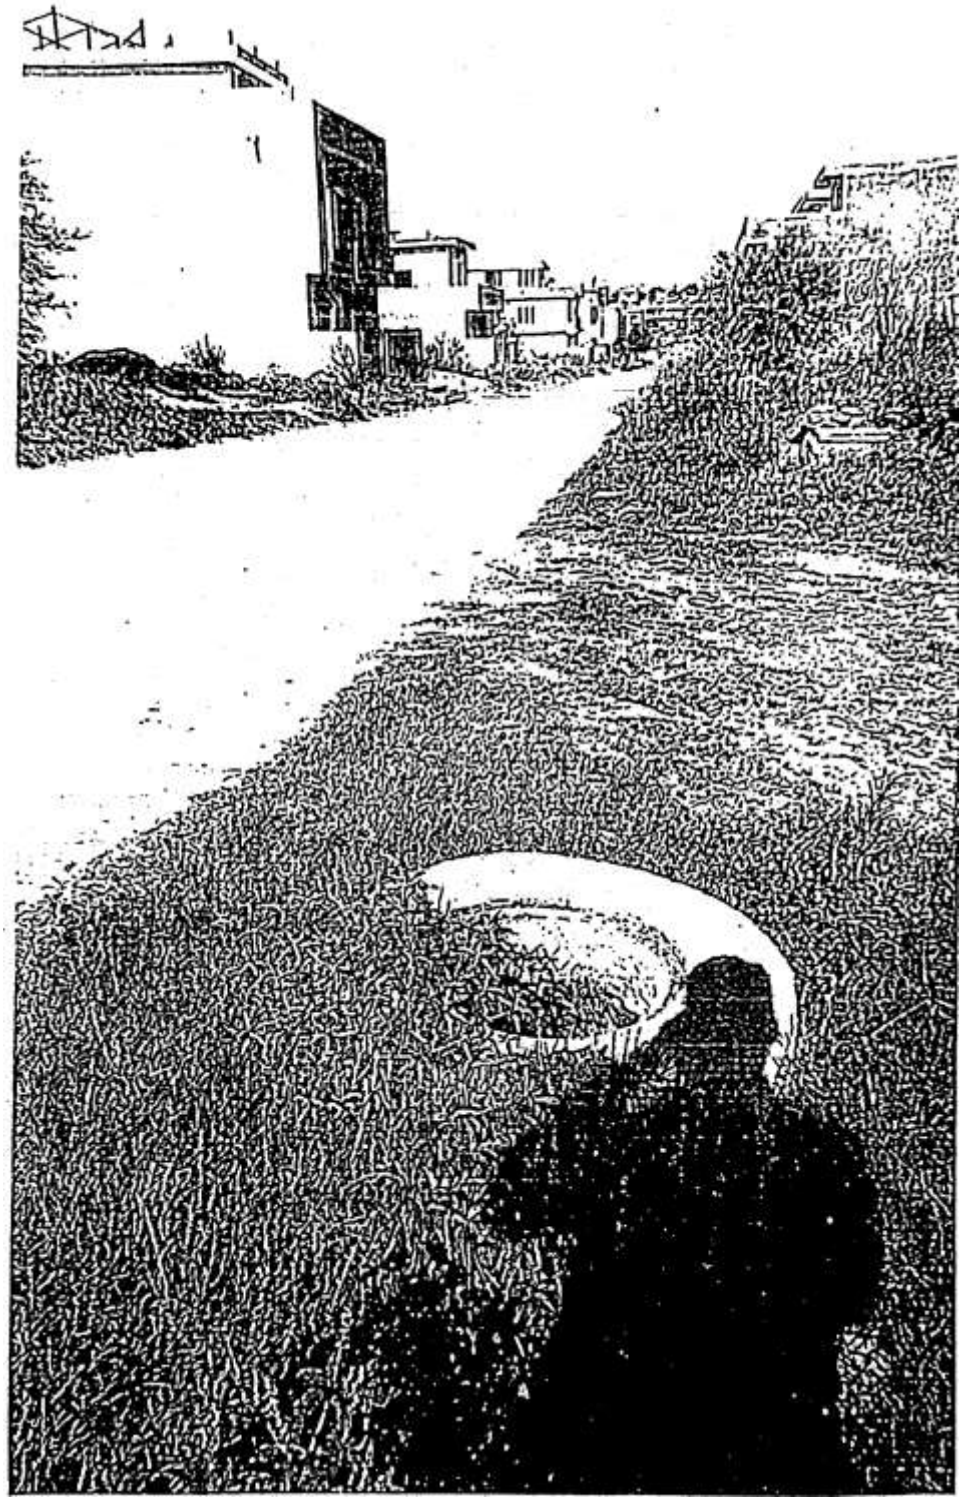

At present, the only remaining work relating to Street No. 123C is its connection with the main sewerage line. The construction of the main sewerage line, which serves D Block, N Block, and Street No. 123C, is currently under progress. Upon completion of the main line, the sewerage system of Street No. 123C will immediately be connected to it.

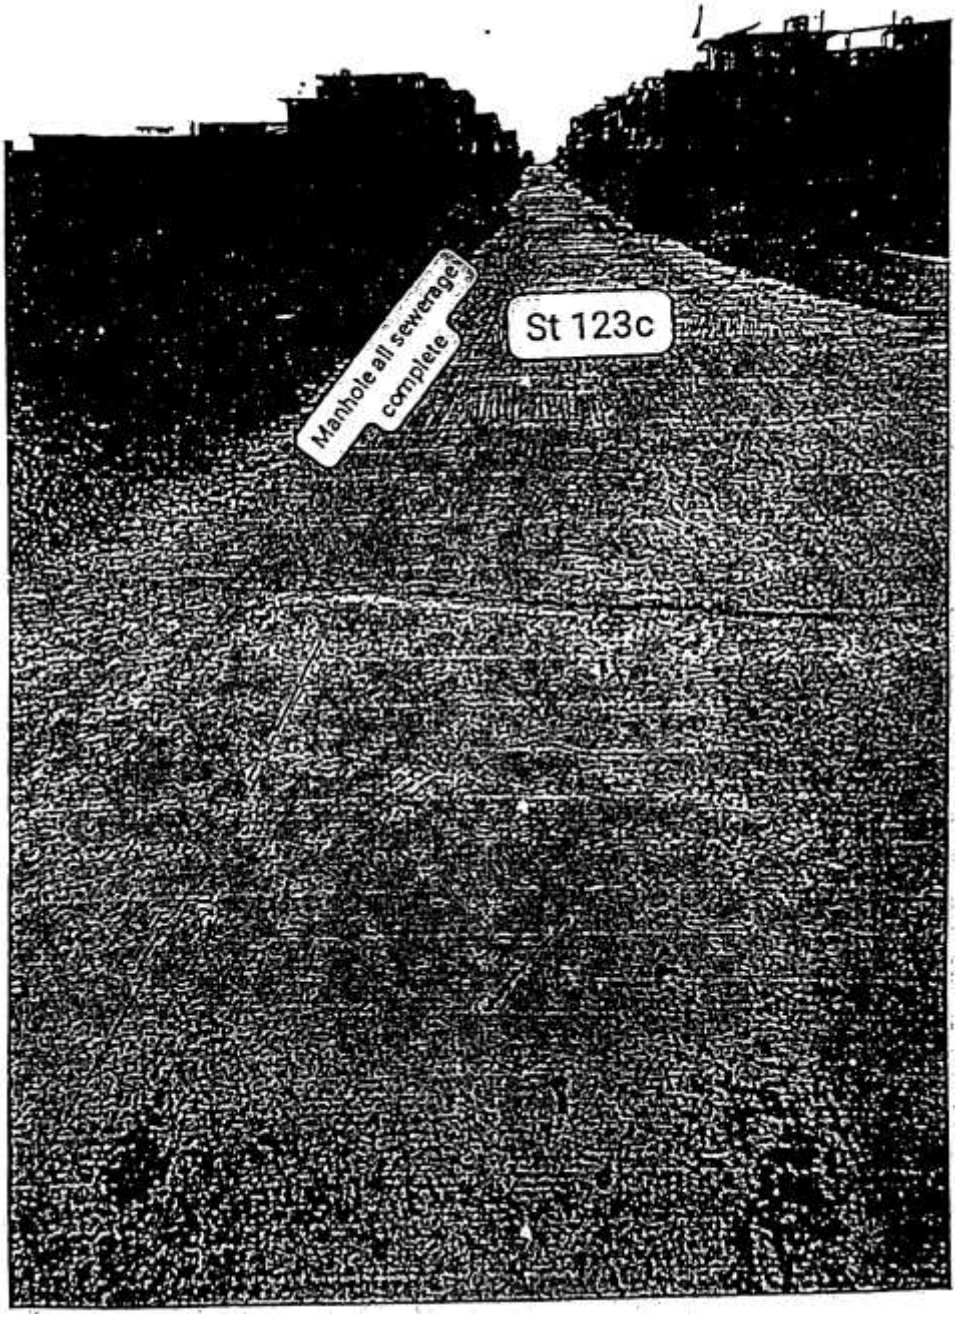

Furthermore, the drainage project extending from Neval anchorage to Behria College is also in progress. The pace of work has temporarily slowed due to the recent rainy season; however, upon improvement of weather conditions, the remaining works, including the sewerage and drainage connectivity, are expected to be completed within the next two months, Insha'Allah.

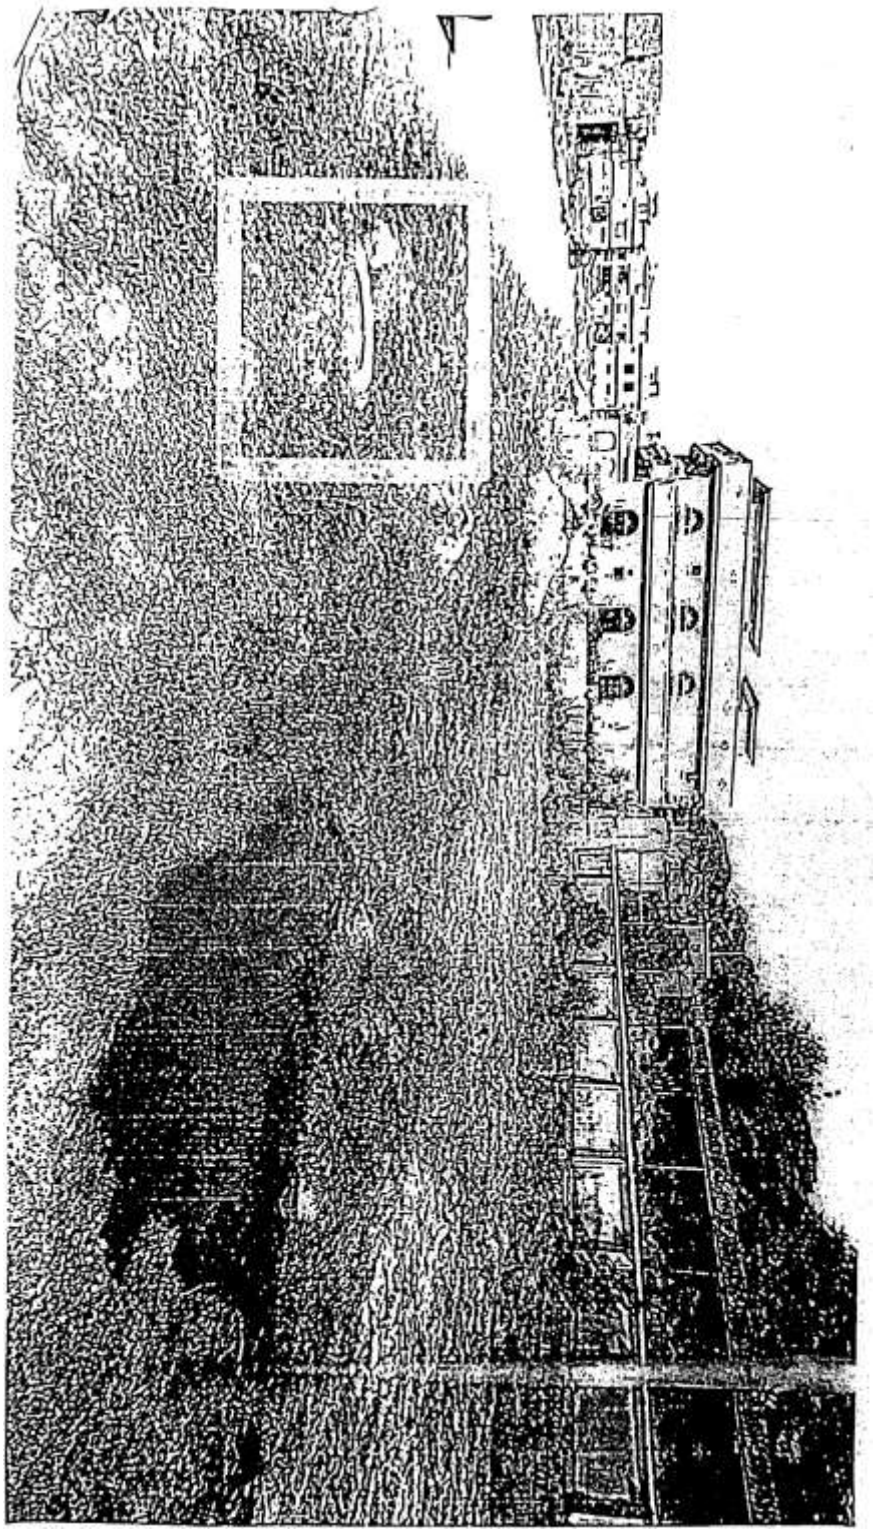

All the above-mentioned development works, including the construction of concrete roads, installation of electricity infrastructure, laying of the internal sewerage system, construction of the street culvert, and installation of the electricity DP and transformer, have been completed during the last one year. At present, only the connection of the internal sewerage system to the main sewerage line and the remaining drainage connectivity works are pending. These works could not be completed due to the ongoing construction of the main sewerage line and the recent rainy season. It is expected that, upon completion of the rainy season, the remaining sewerage and drainage connectivity works will be completed within the next two months. (Pictures are attached herewith).

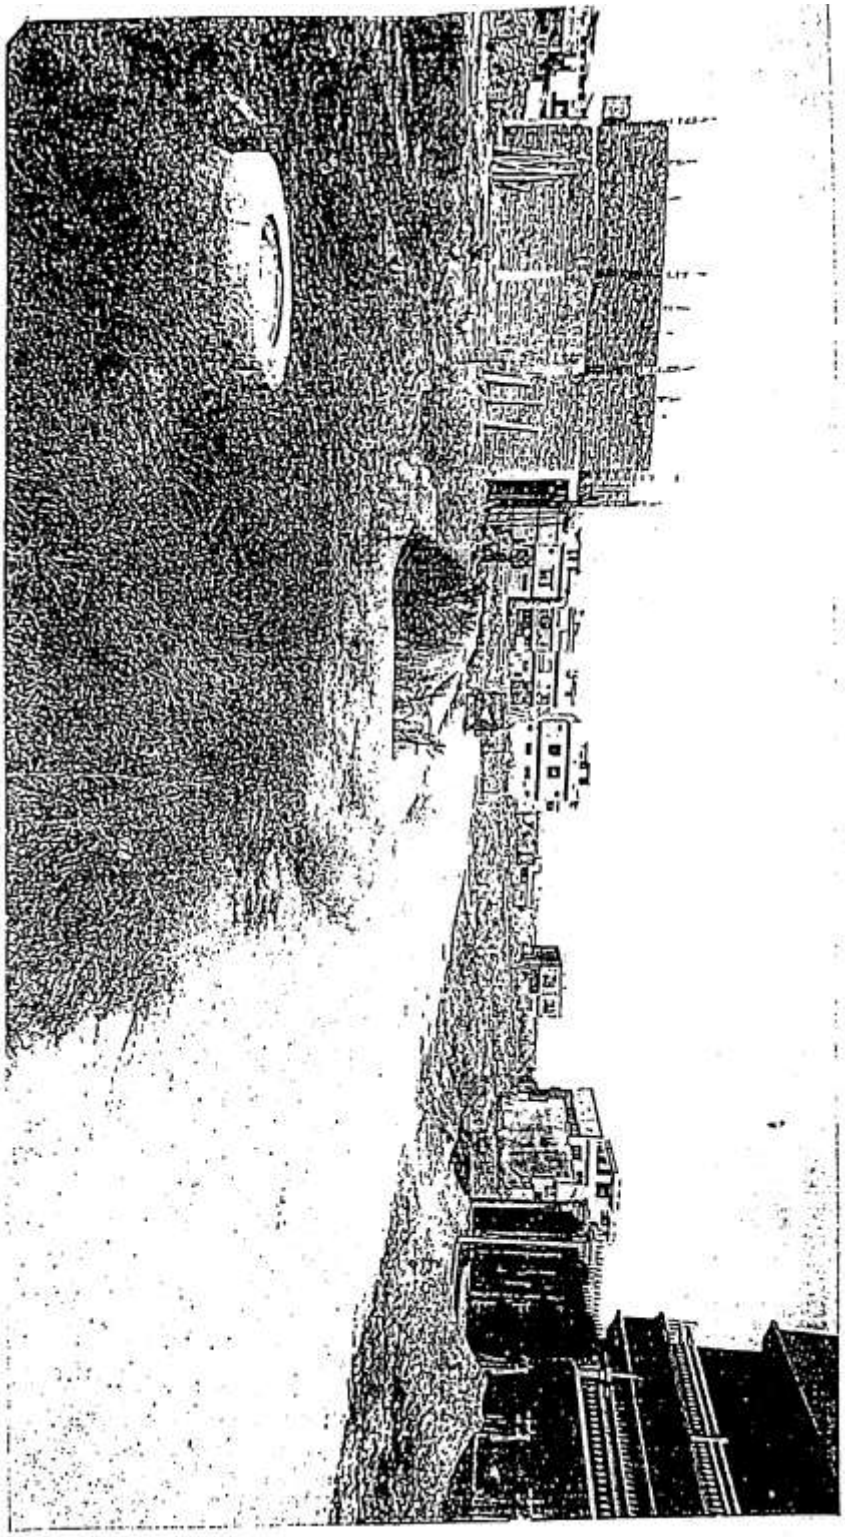

(c) The complaints received from the members of the Society were duly resolved through arbitration proceedings conducted under Section 54 of the Cooperative Societies Act, 1925. Upon attaining finality of the arbitration awards, approximately 115 cases have been forwarded to the Recovery Court for initiation of recovery proceedings. Pursuant to the said arbitration awards, recovery proceedings have been commenced for the enforcement and realization of the awarded amounts. Accordingly, an effective legal mechanism has been invoked to ensure expeditious redressal of the grievances and enforcement of the rights of the concerned allottees.

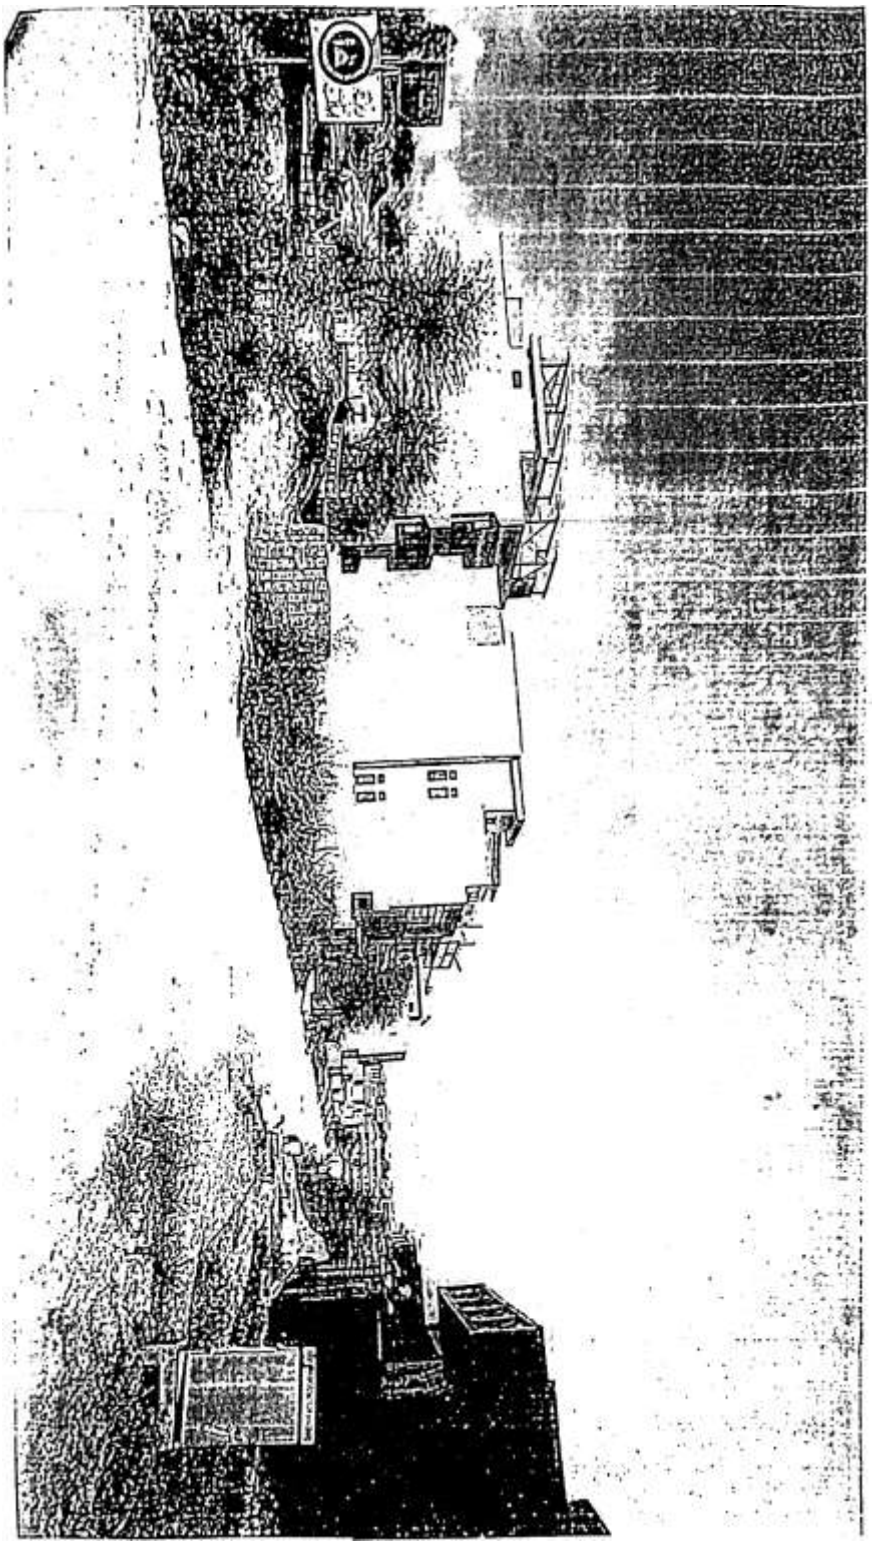

(d) The Registrar, Cooperative Societies, ICT are conducted annual and special audits of the Societies as per the statutory requirements. Necessary action are taken by the competent authority in accordance with the observations and recommendations made by the auditor in the audit reports. The compliance of the audit observations are ensured as per the applicable provisions of the relevant laws and rules.

25. Will the Minister for Interior and Narcotics Control be pleased to state whether it is a fact that there is an acute water shortage near Imam Bargah Luqman Hakim Road, G-6/2; if so, reasons thereof alongwith the steps taken to address the same?

Syed Mohsin Raza Naqvi:

It is stated, Sector G-6/2 is being supplied water for 2 hrs approx. on daily basis. However, some times due to un avoidable circumstances i.e. repair/maintenance work, IESCO breakdown and less receipt of water etc. the supplies remain disturb for day or two. But the same are given top priority to restore the water supply of the area to meet the demanded quantum of water of each dweller of the area.

The area staff is strictly directed to remain attentive and vigilant on water shortage complaint but occasionally the supply water as per routine is beyond human control due to operational faults.

***(Def.) Question No. 25 Senator Kamran Murtaza:**
(Notice Received on 10/07/2026 at 3:58 PM) QID: 44878

Will the Minister for Interior and Narcotics Control be pleased to state:

(c) whether it is a fact that, upon completion of the repair, renovation and refurbishment work of official residences in Islamabad, the contractor submits a Completion Certificate to the Capital Development Authority (CDA), which bears the signatures of the Government employee residing in the concerned residence, if so, the number of official residences in Sectors G-6 and F-6 of Islamabad, as well as in the Parliament Lodges, where repair, renovation and refurbishment work has been completed during the last two years indicating also the details of the said work; and

(b) the number of Completion Certificates submitted during the last two years in respect of official residences in Sectors G-6 and F-6 and the Parliament Lodges upon completion of the work indicating also the names of the contractors who carried out the work in those sectors and the Parliament Lodges, along with complete details of the funds released and payments made to each contractor?

Syed Mohsin Raza Naqvi:

(a) In line with Senate Starred Question No. 90 pertaining to Parliament Lodges, it is clarified that the contract agreement does not contain any clause regarding obtaining signatures of the Honourable Parliamentarians on the completion certificates.
However, the Honourable Parliamentarians have been requested to furnish completion certificates as acknowledgment of their full satisfaction.

(b) The list of last two years works are placed at Annex-A And the certificates are appended for reference.

***(Def.) Question No. 26 Senator Abid Sher Ali:**
(Notice Received on 13/07/2026 at 12:42 PM) QID: 44891

Will the Minister for Defence be pleased to state:

(d) the detail of the financial losses suffered by the PIA as a result of the ban imposed by the UK, EU and USA on its international flights due to allegations of fake licenses of its pilots; and

(b) whether any action was taken against those involved in creating baseless controversy of the fake pilot licenses, if so, details thereof?

Khawaja Muhammad Asif:

(a) Perceived revenue loss of PKR 200 billion has been experienced from August 2020 till December 2024. PIA went out of its most lucrative market of UK which gave direct benefits to its competitors (Emirates, Qatar, Etihad, British Airways and Virgin Atlantic).

(b) "Federal Cabinet has constituted a Cabinet Committee under the convenorship of Defence Minister with Law Minister, Finance Minister, Secretary Defence, Secretary Law, CEO PIACL and DG CAA as the members of the Committee, to assess the financial losses incurred by the national exchequer due to the irresponsible statement given by the former Minister for Aviation on the floor of the House in 2020, and to evaluate the reputational damage caused to the country and the PIACL due to this irresponsible statement.

1st meeting of the Cabinet Committee was held under the Chairmanship of Defence Minister on 21st May, 2025 in Ministry of Defence, Kohsar Block. It was decided in the meeting that the then CEO PIACL as well as the then Secretary Aviation may be called upon in the next meeting to provide comprehensive briefing to the Committee about the

complete scenario and background. The Law Minister further commented that exact verbatim of the speech may also be obtained from the National Assembly to threadbare its contents and the Aviation Ministry should pursue the file/case submitted to the Minister in this regard. It was also decided that PIACL along with Aviation Ministry will trace the Brief/Board of inquiry report handed over to the Minister at the time of the statement.

The verbatim of the Minister's speech has been obtained form the website of National Assembly and Report of the Board of Inquiry has also been retrieved.

The next meeting of the said Committee is due to be scheduled as per the convenience of Hon'able Defence Minister."

(Notice Received on 13/07/2026 at 4:05 PM) QID: 44892

Will the Minister for Interior and Narcotics Control be pleased to state:

(e) the number of individuals currently incarcerated in federal and provincial prisons who have been formally convicted and sentenced specifically for the combined offenses of child rape and murder with province wise breakup including ICT;

(b) the number of under-trial prisoners currently in jails facing charges under the Zainab Alert, Response and Recovery Act, 2020, indicating also the average time it takes for these trials to reach a final verdict; and

(c) whether the Government has established, or plans to establish, a consolidated, centralized digital registry to track convicts of child sexual abuse and murder nationwide; if so, the details thereof, and if not, the reasons thereof?

Syed Mohsin Raza Naqvi:

It is submitted that the Federal Prison in Islamabad Capital Territory is presently under construction and not functional.
The required information regarding individuals convicted and sentenced for the combined offenses of child rape and murder, as well as under-trial prisoners facing charges under the Zainab Alert, Response and Recovery Act, 2020, may therefore be obtained from the provinces where prisons are operational.

Syed Mohsin Raza Naqvi:

(a) As per reports received from the Zonal Superintendents of Police, Islamabad, 1,419 cases of kidnapping, sexual assault, robbery, auto theft and murder were reported in the Islamabad Capital Territory during the current year. Challans under Section 173 Cr.P.C. were submitted before the competent courts in 380 cases against 876 accused persons involved in the aforesaid offences. Furthermore, 200 cases were cancelled after thorough investigation, having been found false or frivolous.

Furthermore, the trial of the accused persons are presently pending before the competent courts of jurisdiction and are expected to be concluded in due course, strictly in accordance with the due process of law.

(Details with the section-wise breakup, is attached herewith as Annex-A).

The following steps are taken by the ICT Police for combating the crimes:

- Integration of Safe City cameras for real-time surveillance and crime monitoring. Use of ANPR (Automatic Number Plate Recognition) cameras to trace stolen and suspicious vehicles.
- Establishment of District Intelligence Branch
- Revamping of Capital Petrol.
- Provision of 30 new vehicles to the Police stations for modern policing.
- Night patrolling by officers/officials.
- Geo mapping and geo-tagging of the crime hotspot.
- Weekly crime meetings to identify crime hotspots.
- Deployment of manpower based on data-driven threat assessment.
- Identification of Crime pockets.
- Crime cluster Analysis.
- Intelligence Based Policing
- Combing and search operations.
- Deployment of officials on bridges connected twin cities.
- Surveillance of habitual offenders, parolees and suspected individuals
- Fencing of unfrequented pedestrian tracks around Express Way and IJP road.

***(Def.) Question No. 32 Senator Syed Waqar Mehdi:**
(Notice Received on 16/07/2026 at 11:02 AM) QID: 44915

Will the Minister for Railways be pleased to state:

(a) the date on which last CBA elections for the Open Line Railways Union were held;

(b) whether it is a fact that the election of the said union has not been held for a long time, if so, the reasons thereof; and

(c) whether there is any proposal under consideration of the Government to hold elections of the said union, if so, when?

Mr. Muhammad Hanif Abbasi:

(a) The last CBA elections of the Open Line Railways Union were held on 09.01.1984.

(b) Yes. The elections of the said union have not been held for a considerable period.

The reason is that, in terms of Notification No. E-I/91-ACT/2 dated 18.10.1993, Pakistan Railways employees working on Ministry of Defence (MOD) Lines were exempted from the purview of the Industrial Relations Ordinance, 1969.

Moreover, vide writ petition No. 3208/2025 the Ministry of Defence also submitted its reply before the Honorable Islamabad High Court Islamabad. Operating Paras No. 4 & 5 are reproduced here under as ready reference.

"That it is pertinent to state that the issue primarily revolves around the exemption and bar on the trade union activities in the Ministry of Defence Lines (MOD Lines), as envisaged under section 1(3) (a) of the industrial relation ordinance 1969(IRO, 1969). In this regard, a notification dated 18.10.1993 was duly issued by Pakistan Railways in consultation with the Ministry of Defence whereby MOD lines were formally notified. Consequent thereto, and office memorandum dated 28.10.1993 was issued by Pakistan Railways, categorically banning and disallowing all trade union activities with the MOD Lines , including participation of l ines in such activities.

That the industrial relations ordinance 1969 was repealed and replaced by the industrial relation ordinance. 2002(IRO,2002). The IRO, 2002 expressly provided that its provisions shall not apply to any installations or services exclusively connected with the Armed Forces of Pakistan, including the MOD lines of Railways. Thereafter the IRO , 2002 was repealed by industrial relations Act (IRA,2012), which similarly stipulates that its provisions shall not apply to services or installations exclusively connected with the Armed forces of Pakistan, including MOD Lines and that trade union activities therein are prohibited. This legal position was further reiterated in the opinion dated 30.08.2016 issued by the Ministry of Law and Justice".

(c) At present, no proposal is under consideration of the Government for holding elections of the said union.

However, the National Industrial Relations Commission (Full Bench), vide its order dated 02.06.2025, directed that elections be held in respect of the Ministry of Defence (MOD) Lines. The said order has been challenged before the Islamabad High Court, Islamabad, on the grounds that the Industrial Relations Act of 2012 still applies on MOD lines of Railways based on the fact that the Act of 2012 applies on "the installation connected with the Armed Forces of Pakistan" and MOD lines of Railways are very much included therein.

***(Def.) Question No. 34 Senator Haji Hidayatullah Khan:**
(Notice Received on 22/07/2026 at 1:48 PM) QID: 44990

Will the Minister for Interior and Narcotics Control be pleased to state the details of actions taken against those private housing societies/ projects in H-15 and H-17 which claim its locations in Islamabad without any valid NOC by CDA?

Syed Mohsin Raza Naqvi:

Sectors H-15 & H-17 are needed to be acquired as per the ILDR-2005. Since CDA has not acquired these sectors therefore SOPs to regulate these areas are as follows:
Chapter III of ILDR-2005 is reproduced below:

CHAPTER – III DEVELOPMENT CONTROL OF ZONES Development Strategies of Zones. The development of land in the zones shall be subject to the following conditions:
A. Un-acquired Sectoral Areas: In these areas of Zone-1,

(i) land shall be acquired under a phased program and developed by the Authority in accordance with the land use pattern spelled out in the Master plan;

(ii) (ii) no sale/ purchase of land which entails change in land use shall be allowed;

(iii) no construction of houses or buildings shall be allowed. However, repair of old houses and expansion of existing houses may be allowed by the Authority to the native residents subject to the conditions that the site is located within the main body of the village. The covered area of such construction shall not exceed 1000 Square feet including expansion and

such permission shall not in any way impede the right of the Authority to acquire the property whenever needed and

(iv) no private scheme of any kind whatsoever shall be allowed, except in sector E-11, Schemes in E-11 will regulated according to the provisions applicable to schemes in Zone-2.

2. CDA is following these to regulate these area up to this date.

***(Def.) Question No. 35 Senator Jan Muhammad:**
(Notice Received on 31/07/2026 at 4:18 PM) QID: 45056

Will the Minister for Interior and Narcotics Control be pleased to state:

(a) the details of officers who do not possess accredited engineering degrees and are not registered with the Pakistan Engineering Council (PEC) but are serving against professional engineering posts in CDA with Division-wise break-up indicating also their names, educational qualifications, designations and the posts held by them;

(b) whether it is a fact that the postings of the said persons against those posts are against the provisions of the Pakistan Engineering Council Act, the relevant CDA Service Regulations and the Supreme Court of Pakistan judgments under C.P. No. 7-K of 201 and PLC (CS) 282 of 2019; if so, the details thereof; and

(c) the steps taken or being taken by the Government to post suitable officers against those posts according to the relevant provisions of the Pakistan Engineering Council Act, the relevant service rules and the judgments of the Honorable Supreme Court of Pakistan?

Syed Mohsin Raza Naqvi:

(a). In this regard, it is stated that Sub-Engineers in the Engineering Cadre are appointed on the basis of a diploma in the relevant field, i.e. Civil or Electrical Engineering, as envisaged under the CDA Service Regulations, 1992. Sub-Engineers are subsequently promoted/elevated to the post of Assistant Director (BPS-17) in their respective cadre, i.e. Civil or Electrical, on the basis of seniority.
Furthermore, under Clauses 5.01 and 5.02 of the CDA Service Regulations, 1992, an official is liable to serve against any post in the Authority and may accordingly be posted/transferred as per the requirements of the Authority.
In view of the above, the details of Directors, Deputy Directors, Assistant Directors and Sub-Engineers serving in the Engineering Cadre, along with their respective designations, educational qualifications and posts held, are provided hereunder for information (F/A)

(b). It is clarified that the appointment, promotion and posting/transfer of the above officials are governed by the relevant provisions of the CDA Service Regulations, 1992.
In this regard, it is submitted that the matter relating to the promotion of Sub-Engineers who do not possess the requisite engineering degree, in pursuance of the judgments of the Hon'ble Supreme Court of Pakistan, was placed before the CDA Board for consideration and decision, including the matter of creation of an appropriate line of promotion for such Sub-Engineers.
CDA Board constituted a Committee to examine the cases in the light of the judgments of the Hon'ble Supreme Court of Pakistan and the applicable laws, rules and regulations. The Committee shall submit its recommendations to the competent forum for consideration and decision.
Therefore, the matter raised by the Hon'ble Senator is already under consideration at the competent level and shall be decided in accordance with the applicable provisions of law, the Pakistan Engineering Council Act, CDA Service Regulations and the judgments of the Hon'ble Supreme Court of Pakistan.

(c). In this regard, it is submitted that the most suitable officers/officials possessing the requisite skills, knowledge and experience for the respective posts are posted in accordance with the applicable provisions of the CDA Service Regulations, 1992.
The postings are made keeping in view the requirements of the post, relevant qualifications, experience and the applicable service rules and regulations. The Authority is also mindful of the applicable provisions of the Pakistan Engineering Council Act and the judgments of the Hon'ble Supreme Court of Pakistan, and necessary action shall be taken as and when the recommendations of the above mentioned committee is finalized and approved by the competent authority.

***(Def.) Question No. 36 Senator Jan Muhammad:**
(Notice Received on 31/07/2026 at 4:19 PM) QID: 45055

Will the Minister for Interior and Narcotics Control be pleased to state:

(a) the names and designations of all officers of BS-17 and above in CDA who are currently holding additional charge of posts indicating also the title of their regular post, title of additional charge / posts and date of assigning of the said additional charge in each case;

(b) the names and designations of all officers in BS-17 and above in the said Authority who are currently without posting or on the HRD pool indicating also the reasons due to which they have not been assigned any charge; and

(c) the steps taken/ being taken by the Government to ensure proper utilization of officers in that Authority and to avoid unnecessary financial burden on the public exchequer?

Syed Mohsin Raza Naqvi:

(a). The details of officers of BS-17 and above in CDA, who are assigned additional charge along with their regular posts, additional charge/posts and the date of assignment of such additional charge is annexed Annex-A.

(b). List of officers BS-17and above are currently on HRD pool annexed Annex-B.

It is submitted that the management of the CDA, in the exercise of its administrative powers, decided to temporarily report certain employees to the HRD. The said action falls within the scope and ambit of posting/transfer in accordance with the applicable provisions of the CDA Service Regulations, 1992. The decision was taken purely on administrative grounds after it was observed that some employees had been assigned to positions that were not commensurate with their expertise or the functional requirements of the respective offices. Accordingly, in the interest of administrative efficiency and institutional effectiveness, such employees were temporarily reported to HRD for further appropriate placement

It is also pertinent to mention that, wherever deemed necessary in the interest of continuity of official work and smooth functioning of the offices, additional charges were assigned to certain employees in accordance with Clause 4.32 of the CDA Service Regulations, 1992, which provides as under:

"If a post falls vacant and it is not possible to fill it immediately in the prescribed manner, the work of the post should, as far as possible, be distributed among more than one employee of the same status and designation."

The assignment of additional charge, therefore, was made strictly in line with the above-mentioned provision and solely to ensure uninterrupted discharge of official functions until regular arrangements could be finalized.

(c). In order to utilize the human resource of CDA in efficient manner the additional charge of various posts are being withdraw and the officers who are report to HRD or awaiting posting are being posted against these posts on regular basis. However, it is clarified that the post/transfer and employ rest with the respective competent Authority assign in service regulation 1992.

(Annexure has placed in library and on the table of the mover/concerned member).

(Notice Received on 17/08/2026 at 12:02 PM) QID: 45123

Will the Minister for Interior and Narcotics Control be pleased to state:-

(a) the total expenditure incurred on the installation of Tubewells to supply water in sectors 1-8,1-9 and 1-10 of Islamabad indicating also the amount being spent on the maintenance of the said tubewells during the last three years with month-wise breakup;

(b) the number, names , designations and place of domicile of the staff posted on Tubewells and complaint offices in sectors I-8,1-9 and 1-10 of Islamabad;

(c) the number of complaints of water shortage registered during the last three years in the complaint offices in sectors I-8,1-9 and 1-10 of Islamabad indicating also the steps taken to address the problem of water shortage on permanent basis; and

(d) whether it is a fact that most of the staff posted on the said tubewells and complaint offices remain absent from duty for weeks causing thereby artificial shortage of water at the pretext of technical faults therein, if so, the action being taken in this regard?

Syed Mohsin Raza Naqvi:

a) Total 39 Nos Tube Wells at different locations have been installed for supply of water to Sector I-8,I-9 & I-10 ("F/A") The said Tube Wells were installed in different phases (1998 to 2025) The Tube wells installed prior to year 2000 have been installed at a cost of Rs.1,700 (M). Similarly, the Tube Wells installed in between the years 2000 to 2010 have been installed at a cost of Rs. 4,800 (M). Whereas; the Tube Wells installed after the year 2020 have been installed at a cost of Rs. 20 000 (M) Furthermore; an amount of Rs 24 061 (M) have been incurred on the repair / maintenance of these Tube Wells The Month-wise.

b) Total 80 Nos. Staff is posted at these 39 Nos. Tube Wells in 03 shifts (Detail available at "F/B"). Similarly, total 41 Nos. staff is deputed in the Complaint offices in Sectors I-8, I-9 & I-10 (Detail available at "F/C").

c) During the period from 2023 to 2026, a total number of 5,500 water shortage complaints were registered across Sectors I-8, I-9, and I-10, all of which have been fully resolved.

No, there is a proper mechanism for strc checking / scrutiny regarding presence o staff at their duty places through multiple tiers i.e. Enquiry Clerks, Supervisors Forman, Sub-Engineer and Assistan Directors etc. hence; artificial shortage could not be created.

***Question No. 131 Senator Muhammad Azam Khan Swati:**
(Notice Received on 29/06/2026 at 10:20 AM) QID: 44760

Will the Minister for Railways be pleased to state the number of railway accidents that occurred during the last three years, with year-wise break-up?

Mr. Muhammad Hanif Abbasi:

The total number of accident (Year wise break up) occurred during last three years is tabulated as under:

Category of Accident	2023	2024	2025	Total
Derailment of Goods Trains	35	58	40	133
Derailment of Passenger Trains	23	38	47	108
Collision at un-authorized location	0	6	1	7
Collision at un-manned level crossings	10	8	2	20
Others	4	4	5	13
Collision at manned level crossings	4	3	0	7
Fire in trains	6	0	1	7
Collision of passengers trains with goods trains	1	0	0	1
Collision of goods trains	1	1	1	3
TOTAL	**84**	**118**	**97**	299

Over all percentage of accidents in Pakistan Railways (last three years).

Year	No of accidents	Total no of trains run	%age of accidents to number of trains
2023	84	31,320	0.27%
2024	118	33,085	0.36%
2025	97	36,276	0.27%

Despite the fact that 67% of the railway track and 60% of rolling stock is overaged and there have not been sigificant investments in Railway infrastructure, as required, for more than 07 decades of our history. However, Pakistan Railways has been maintaining the infrastructure to ensure service delivery on sustainable basis.

Steps Taken to Prevent Accidents:

- A full-fledged Safety Directorate has been created to monitor overall safety issues effectively and also issue safety instructions.
- Train rakes and passenger services have also been upgraded to enhance safety and restore public trust.
- Additionally, warning signs in Urdu vernacular have been erected at conspicuous places near unmanned level crossings.
- Safety seminars/workshops are being arranged to enhance the capacity of staff.
- Public awareness campaign has also been lodged on social, electronic and print media to inform the public about the dangers associated with railway crossings through the office of Director General Public Relations of Pakistan Railways.
- FIR's are being registered against the trespassers/road users due to whose negligence caused such accidents.
- Inspections of all manned or unmanned level crossings are being carried out by all concerned in accordance with laid down schedules.
- Regular monthly Special Bulletins/Rules of the month are being circulated by the Chief Operational Superintendent COPS/Safety to Operating Divisions on monthly basis for guidance of the staff.
- Regular inspections in accordance with prescribed standards and quota are being conducted by the officers and officials to maintain safety standards.
- Training and refresher courses are being conducted at the Pakistan Railways Academy, Walton Lahore.

Will the Minister for Defence be pleased to state whether it is a fact that there have been delays in flights operating between Karachi and Islamabad during the last three months, if so, reasons thereof along-with the steps taken by the Government to address the same?

Khawaja Muhammad Asif:

PCAA collates data on flight punctuality (percentage of flights operated on time against total operated, 80% of operated flights need to be on time as per policy in vogue). The collated data is analyzed against policy stipulations for both regularity and punctuality.

Based on the combined figures (domestic +international) punctuality (should be 80%, excluding delays from those factors that are beyond control of airlines), airline-wise details of corrective measures are appended below:

MONTH	AIRBLUE	AIRSIAL	FLY JINNAH	PIACL
May	May (84%) – Conforming to the policy	May (85%) – Conforming to the policy	May (89%) – Conforming to the policy	May (91%) – Conforming to the policy
June	June (78%) – slight infringement	June (83%) – Conforming to the policy	June (88%) – Conforming to the policy	June (81%) – Conforming to the policy
July	July (73%) – show cause notice issued, response awaited, if reply will be found unsatisfactory, penalty order would be served to the airline.	July (71%) – show cause notice issued, response awaited, if reply will be found unsatisfactory, penalty order would be served to the airline.	July (82%) – Conforming to the policy	July (74%) show cause notice issued, response awaited, if reply will be found unsatisfactory, penalty order would be served to the airline.

It is affirmed that MoD through PCAA will continue to monitor regularity and punctuality of airlines and corrective measures, including but not limited to, financial penalties would be implemented as and when needed.

Ref No. E/1/NPF/26/383 Dated: 14-09-2026

To

Mr. Imran Asghar
Section Officer (Council)
Ministry of Interior & Narcotics Control
Islamabad.

Subject: SENATE STARRED AND UN-STARRED QUESTIONS LIST NO. 1 GROUP No.1 (364th SESSION)

Kindly refer to MoI&NC No. 14/10/2026-(Council) dated 10th September 2026 on the subject above.

2. I am directed to state that National Police Foundation (NPF) is a self-financed welfare organization, working for the welfare and facilitation of families of Police Shuhada, Ghazis and serving as well as retired police officers and officials across Pakistan through its own resources.

3. NPF does not receive any budgetary allocation or grant from the Federal Government or any Provincial Government. Its housing schemes are self-financed and neither Government land nor resources from the public exchequer are involved in the plots offered/sold by NPF to its members.

This issued with the approval of the Competent Authority, please.

Deputy Director (A&H)

(Def.) Question No. 1 Senator Haji Hidayatullah Khan:
(Notice Received on 9/07/2026 at 4:26 PM) QID: 44869

Will the Minister for Interior and Narcotics Control be pleased to refer to Starred Question No. 73, replied to on 08-11-2025, and state the reasons for not removing encroachments on the main Bani Gala road so for (Jinnah Road)?

Syed Mohsin Raza Naqvi:

The encroachments along main Bani Gala Road (Jinnah Road) could not be removed primarily due to the need for verification of the exact Right of Way (RoW)/alignment at certain points to assess the extent of encroachments and claims regarding ownership/possession of land by some occupants.

Apart of above, the CDA has also remained engaged in anti-encroachment operations across Islamabad where significant state land worth billions of rupees has been recovered from land grabbers. List of recovered land is enclosed for ready reference.

However, the mater in question has been taken up on priority basis, after completion of the requisite verification and coordination. A robust operation shall be executed for clearance of the identified encroachments in due course of time.

(Def.) Question No. 2 Senator Haji Hidayatullah Khan:
(Notice Received on 9/07/2026 at 4:27 PM) QID: 44865

Will the Minister for Interior and Narcotics Control be pleased to state whether it is fact that a number of cases of Renewal of CNIC

and Passports of overseas Pakistanis are pending in Australia, Europe and USA, if so, the details and reasons thereof?

Syed Mohsin Raza Naqvi:

It is submitted that since January 2026, NADRA has received **127100** applications for issuance/renewal of NICOPs from Overseas Pakistanis residing in Australia, Europe and USA, out of which only 53 applications are currently under process. The applications under process are at different stages due to certain procedural and verification requirements. Cases requiring additional information, clarification or verification are being dealt with accordingly.

As per the current position, there are no pending applications observed at the NADRA facilitation counters in Australia, Europe and the United States of America. The progress of these counters is regularly monitored and shared with the concerned Pakistani Missions.

The Region-wise position of expired NICOPs is as follows:

Region	Expired NICOPs
Australia	9771
Europe	344019
USA	79027
G.total	**432187**

It is clarified that the number of expired NICOPs should not be construed as the number of pending renewal applications, as an expired NICOP does not necessarily mean that its holder has applied for renewal.

NADRA has enabled multiple channels for facilitation of Overseas Pakistanis. The **PakID** mobile application is functional across the globe, enabling eligible citizens to apply for issuance/renewal of their identity documents remotely. In addition, NADRA **Facilitation counters** have been established at

Pakistani Missions in Australia, Europe and the USA. Applicants may also avail themselves of the facility for processing their identity documents during their visit to Pakistan by visiting any Nadra registration center. List of Nadra Registration Centers and Facilitation Counters operational in various missions abroad in above mentioned regions is attached as **Annex -A**

(Def.) Question No. 3 Senator Haji Hidayatullah Khan:
(Notice Received on 23/07/2026 at 1:40 PM) QID: 44996

Will the Minister for Interior and Narcotics Control be pleased to state the sites of hotels/restaurants leased/rented out by CDA in Islamabad during the last five years indicating also the terms and conditions and amount/rent of lease in each case?

Syed Mohsin Raza Naqvi: It is to inform that Directorate of Estate Management-II, CDA has not leased / rented out any Hotel / Restaurant plot during the last five years please.

(Def.) Question No. 4 Senator Haji Hidayatullah Khan:
(Notice Received on 31/07/2026 at 3:42 PM) QID: 45049

Will the Minister for Defence be pleased to state the details of the litigation cases of the Cantonment Board Quetta decided during the last three years indicating also the details of those pending in courts at present along-with titles and name of relevant court in each case?

Khawaja Muhammad Asif: The requisite details of the litigation cases of the Cantonment Board Quetta is attached herewith as **Annex-A**, please.

(Annexure has been placed in library and on the table of the mover/concerned member).

(Def.) Question No. 5 Senator Haji Hidayatullah Khan:
(Notice Received on 31/07/2026 at 3:42 PM) QID: 45048

Will the Minister for Defence be pleased to state:

(a) the details of Death Certificates issued by the Cantonment Board, Lahore during the current year indicating also the name, CNIC number and date of death of the deceased in each case; and

(b) whether the details of the death certificates are intimated to NADRA for necessary action at their end, if not, reasons thereof?

Khawaja Muhammad Asif: (a) The requisite details of the Death Certificates issued by the Cantonment Board, Lahore is attached herewith as Annex-A, please.

(b) The system of Cantonment Board is already linked with NADRA. Therefore, all entries made regarding death certificates are automatically transmitted to NADRA through the integrated system for further necessary action at their end. Hence, no separate intimation is required from CB Lahore.

(Annexure has been placed in library and on the table of the mover/concerned member).
