

### RESOLUTION NO.19

"On the historic occasion of the withdrawal of Russian troops from Afghanistan, this House extends to the Afghan Mujahideen its warmest felicitations on the glorious struggle they waged for the past nine years for their independence and sovereignty.

This House also considers that their struggle and sacrifices have added a golden chapter to Afghanistan history, bringing hope to the weaker and smaller nations that no powerful country could dominate them with brute force.

This House also commends the positive role of the Government of USSR<sup>for</sup> fulfilling their obligation under the Geneva Accord signed in April 1988, and expressed the hope that they will gracefully accept the verdict of the people of Afghanistan and the geo-political realities of the Region.

The Senate also expresses its profound hope and believes that the Afghan Mujahideen will forge unity among themselves to establish a broad based Government to fulfil their cherished goals and aspirations.¶

Moved by Senator Sartaj Aziz, Unanimously Passed  
by the House on 16<sup>th</sup> February, 1989
